HOW TO RUN A NEWSPAPER

Chief of Wewoka, Ok., "Democrat" Gives Publicity to His Unique Platform.

WEWOKA, Okla., March 13.—Luther Harrison, recently manager of the Democratic press bureau operated by the State Central Committee, has purchased the Democrat here and in announcing the fact he printed a unique editorial in which he frankly tells his subscribers what he proposes to do.

For instance, he assures his readers that his "paper is not going to be the best in Oklahoma but he will try to avoid getting out the worst."

"The chief pleasure in running a newspaper," he says, "is derived from running it as you blooming please, and we will enjoy this pleasure to the uttermost."

"The Democrat will not be very different under our management. We shall continue the use of the regulation phrases in our local department. All brides will be beautiful; all babies 'bouncing,' all subscribers good fellows, all speeches and sermons 'most excellent,' all deaths 'irreparable losses,' all harvests 'unexampled,' and all blizzards the 'coldest ever known.' We hope that Divine mercy will not be bankrupted in pardoning such lies, but the public is accustomed to them and will be satisfied with nothing else."

"The Democrat will be exactly and always what its name signifies, with an effort to preserve charity in all things."

"All opinions will be respected and very few followed."

"We shall respect our political opponents with a profound pity for all their delinquencies."

"We shall, in short, so conduct our paper that every reader will be continually wondering what the Sam Hill we are going to do next. But at all times we are after the coin."

NOTICE TO ELECTORS.

Notice is hereby given that a special municipal election will be held in the City of Marshfield, Coos County, Oregon, on Tuesday, the 18th day of March, 1913, between the hours of 8 a. m. and 7 p. m. in the Hall over the Palace Restaurant, and formerly known as the Socialist Hall, to vote on the following questions:

"Do you approve of the Terminal Railway dealings with the Southern Pacific interest with a view to the transfer to it of its present steam franchise in the City of Marshfield?"

"Shall the City contribute \$150 monthly to the support of the Coos Bay Band?"

JOHN W. BUTLER.

NEWS OF EARLY DAYS.

(From the Coos Bay News, published at Marshfield, March 10, 1880—Siglin & Bennett, publishers.)
Harry Pond is lying dangerously ill at Newport.

Lohree's saw mill has started up and is running on full time.

Chris Lehner of Myrtle Point spent a few days in town this week.

We understand that the steamer Bertha will make regular trips up Coos River hereafter.

Chas. Tomlinson has moved to Henryville. His is the only family at that place.

Snow is reported to be about two feet deep on the Sixes and Johnson's creeks.

Redd & Nelson's steamer Ceres will resume her trips on the Coquille about the first of April.

Miss Lavelle Clinkinbeard will open a private school in town about the first of April; so we are informed.

Last Monday night a coal oil lamp exploded in the Recorder's office while court was in session, making quite a scattering among the lawyers. No serious damage.

Hon. F. G. Lockhart has retired from the hotel business at Randolph and the business will be conducted hereafter under the supervision of Joshua Wright, the former proprietor.

Fred Jarvis returned from Roseburg Monday. He reports about five feet of snow on the road over the mountain. He had to travel on foot fifteen miles, that distance being impassable for a horse.

Last Wednesday night the Bay View saloon at Empire City was burglarized to the extent of about \$60. As Mr. Wetzel has just started in business at that place he thinks they commenced drawing on him rather soon.

The mining operations on Sixes river and Johnson Creek are more extensive than a great many imagine. There are a number of claims on Johnson Creek which last summer paid the miners very fair wages. On Sixes river there are some very favorable claims, though requiring more labor to open up than in the Johnson Creek district. The Eureka tunnel belonging to Wilson, Jenkins & Co., on the South Fork of the Sixes, is run in a distance of 175 feet with a cross cut of 25 feet on pay dirt.

The prospects are favorable now for this company to be well remunerated for a vast amount of labor expended on the claim.

The subject of a good wagon road to connect Coquille City with Coos Bay is under discussion, and a petition for its location by the county court is being extensively signed. It is remarkable that a road so badly needed by the people has not been established and put into proper condition before now. The road would give an outlet to the whole of the upper Coquille country, enabling them to bring freight from Coquille City for what it costs now to get it across the isthmus alone, and in much shorter time. We hope to see the petition universally signed and to see the road opened this summer. We know of no other improvement in Coos county that will bring as good returns for the outlay.

While H. P. Whitney and G. W. Dyer were coming up the beach on Monday, March 1st, they found the dead body of Arthur Boyd Scott (Hunter Scott) about four miles below Bandon.

MAYOR'S WIFE REGISTERS.

Mrs. Rushlight Gives Occupation as Housewife and Age 26.

PORTLAND, Ore., March 13.—Mayor Rushlight now seems certain of getting the vote of at least one woman in the Republican Mayoralty primary. Yesterday afternoon Agnes Rushlight, aged 26, Republican, of 400 Karl street, registered at the court house. She is the woman who recently became the wife of the city's chief executive. Mrs. Rushlight gave her occupation as housewife.

JOB FOR TEAL.

WASHINGTON, March 13.—Appointment as Assistant Secretary of the Interior has been tendered Joseph N. Teal, of Portland, by Secretary Lane, with the consent of the President. Mr. Teal has declined the offer, but it is understood pressure is being brought to bear to induce Mr. Teal to reconsider.

BIG SURPRISE TO MANY IN MARSHFIELD

Local people are surprised at the QUICK results received from simple buckthorn bark, glycerine, etc., as mixed in Adler-ka, the German remedy which became famous by curing appendicitis. The Lockhart-Parsons Drug Co. states that this simple remedy antisepticizes the digestive system and draws off the impurities so thoroughly that A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY.

—Woodrow Wilson—

THINKS "UNCLE WOODROW" GREATEST MAN IN WORLD

WASHINGTON, March 12.—Elizabeth Wilson, the 8-year-old daughter of Captain Alfred Wilson and a grandniece of President Wilson, received a big box of candy from Chief Justice White, a sequel to an incident in the presidential reviewing stand on inauguration day. Miss Elizabeth was seated beside the chief justice while the parade was passing. She had been introduced to him and was reciting her proud opinion of the new president.

"I think Uncle Woodrow is the greatest man in the world," she told the chief justice.

"Oh, no," said the chief justice, with a smile, "that can't be."

Little Elizabeth turned her golden haired head upward inquiringly.

"And why is that," she demanded.

"Because I made him president," laughed the chief justice.

Elizabeth's opinion of the chief justice immediately rose to the zenith of admiration. She struck up an intimate acquaintance, which was reciprocated by the chief justice, and he sent her a box of candy.

SEEK WILSON'S ATTENDANCE.

Rival Churches Present Pressing Invitations to the President.

WASHINGTON, March 12.—Keen rivalry has sprung up among the Presbyterian churches of Washington over the effort to enroll the membership of President and Mrs. Wilson during their four years' stay in Washington. So keen has the competition become that the president has declined up to this time to make any announcement of his affiliation. The same holds true in the case of Vice President and Mrs. Marshall, who also are Presbyterians.

The several congregations engaged in the attempt to enroll the heads of the nation are the New York Avenue church, the Church of the Covenant and the First Presbyterian church. The first named, because of its accessibility to the White House, and the hotel in which the vice president has settled, is believed to have a better chance of winning in the race than have the others. Furthermore a number of presidents have worshipped in the edifice and for years it has been popularly known as the "church of the presidents."

WOMEN CARRY BASKETS.

Nine Thousand Bundles of Splints for Shopping Receipts.

PORTLAND, March 13.—Nine thousand bundles of splints taken from Port Orford cedar, made up a consignment of freight very much out of the ordinary to arrive from Bandon on the gasoline schooner Tillamook, Captain Johnson. The material is for use in the construction of market and shopping baskets, a home industry said to be enjoying a substantial boom.

While no one appears to know to a certainty, a lurking suspicion has developed that the big importation may be directly attributable to woman suffrage in Oregon. When they go to the primaries in May and at the polls a month later it is argued that each will need a basket for carrying sample ballots, cards of candidates, etc. The fact that the basket will be a handy receptacle for this purpose has led to the conclusion that it will be in greater demand than ever because of the success of the suffrage movement.

Other freight brought by the Tillamook consisted of 30 tons of hides and 500 cases of cheese. She stopped at Astoria and discharged 2000 railroad ties.
