AN EXTRACT FROM EXTRACTS

Our extracts are guaranteed to be pure and give good satisfaction. We carry a full line and our prices are right. Try a 2, 4 or 8 oz. bottle of our vanilla extract, and compare this with other extracts that you pay more for. All our extracts are put up in plain bottles, therefore you get full weight, so don't be deceived by the large paralleled bottles that are used by other firms that really contain no more, but appear twice as large. When you buy extracts from us we sell you extracts and when you want glass call on the glass company. This is our policy. Try us and see if we make good.
