

Dayton Motorcycles

Dayton Motorcycles

will be here

Wednesday, March 19th

We invite all motorcycle riders to try them and tell us their faults, if any.

Unless the majority of riders say the machine is better than their own, we will not take the agency. If we can't sell three-fourths of the motorcycles in Marshfield, we won't try to sell any.

We would better keep our money to buy "crushed peach" and "squeezed strawberry" parasol covers.

We Never Exaggerate In Our Advertising

We never state anything which we do not believe to be true.

AN EXTRACT FROM EXTRACTS

Our extracts are guaranteed to be pure and give good satisfaction. We carry a full line and our prices are right. Try a 2, 4 or 8 oz. bottle of our vanilla extract, and compare this with other extracts that you pay more for. All our extracts are put up in plain bottles, therefore you get full weight, so don't be deceived by the large paralleled bottles that are used by other firms that really contain no more, but appear twice as large. When you buy extracts from us we sell you extracts and when you want glass call on the glass company. This is our policy. Try us and see if we make good.

prize fight fans about the bout between Bud Anderson, who formerly fought here, and Knockout Brown at Los Angeles this afternoon. The fight will be late this afternoon.

Fight Draw—According to word received here, Sing Hosan, the Beaver Hill Chinaman pugilist and Will Gaffney, formerly of North Bend, fought a fifteen round draw at Pendleton, Oregon, this week. It is stated that Sing Hosan almost put Gaffney out in the tenth round.

Plans Improvements—As soon as L. J. Simpson returns from San Francisco, it is expected that he will go ahead with the plans he had prepared by W. S. Turpen last fall for a large hotel and a number of cottages for his Sunset Bay property. He plans to make it a great summer resort.

Gets Contract—P. M. Tully has been awarded the contract for the construction of the two double houses which Ed McKeown is erecting in Bunker Hill. Mr. Tully starts the work immediately and will rush them to completion as rapidly as he can and make them the fine, modern homes that Mr. McKeown intends them to be.

Let Contract Soon—W. S. Chandler expects to shortly make the

award of the contracts for his new building at the corner of Central and Broadway. He has received all the bids and is practically ready to make the award and get the building work under way. He has already had applications for more store room than the new buildings will afford.

Will Build—A. J. Savage is figuring on erecting a modern bungalow near his home, probably on the site now occupied by his barn.

Offers Books—Duncan Ferguson has appraised the library committee of the offer by a friend in Brooklyn offering 300 volumes of standard fiction if the library will pay the freight. The library committee will meet Wednesday to act on it.

New Auto Line—Foss McDonald is the proprietor of a new auto line between Marshfield, Banker Hill, Bay Park and Flagstaff, giving hourly service. He was formerly machinist at the C. A. Smith mill. He plans to put on additional machines in case his Hudson car can't handle all the business.

Baseball Meeting—It is likely that a meeting of local baseball enthusiasts will be called for a week from tomorrow to arrange for the season. There was talk of holding one tomorrow but some thought it was too early. Plans to raise funds for the team will have to be made as the balance of \$90 in the treasury at the close of last season was divided up among the players.

Oratorical Contest—Geo. N. Bolt received a brief message from his son, Eric Bolt, who represented Willamette University in the Oregon Oratorical contest at Pacific College last night, stating that he did not win first place. He did not state what ranking he received. While realizing that all could not win, Eric's many Coos Bay friends had been anxious that he secure first honors.

Break Into House—John Golden reports that someone broke the padlock on his home yesterday and got in. However, they did not take anything of value. Mr. Golden immediately got a locksmith to put a new lock and while hastening back with him was overcome and fell down and slightly injured himself. Mr. Golden's sister, Mrs. Kennedy, lives at Bandon and he has been living alone. He is now planning on entering a home for the aged at either Portland or in California.
