HER DREAMS COME TRUE.

The following from the Toledo (Ohio) Blade, will be of interest to many people on Coos Bay. "Ann Hamilton," being the stage name of Miss Pearl Watkins, eldest daughter of Mr. and Mrs. George Watkins of Coos Bay: "Out from the west, the far, far west, came a slip of a girl determined to be an actress."

She was young, very young, but way off there in the tiny Oregon town of Marshfield, she felt the call of the big world and all through her school days she built castles in the air. There were but a handful of people in the village, which was and is 80 miles from a railroad. But there were books there, the Bible, Shakespeare, Milton and the old English poets. Her father was a lawyer and she loved books. So this mite of a girl read and studied and planned. As she grew up she taught school in the winter and made wondrous excursions into the mountains or sailed on Coos Bay in the summer. She loved nature in all its moods and her communion with the various phases of that wild country brought sunshine to her heart and she was always merry. She took amateur parts wherever she could for the mere love of the thing. She never talked much of her visions of the future but studied and dreamed till she was 18 and then she told her father she just must go away.

She knew a career awaited her. So arrangements were made and the young woman—confident in herself with all her inexperience and believing firmly in her future—started all alone across the continent to Boston, where she entered a dramatic school of expression.

Then followed hard, well directed work, which resulted before long in an engagement in the John Craig Castle Square Stock Co. She had but minor parts to play, but she gained experience.

This was followed by better engagements and last September she went to New York, engaged to play the part of Bess in "The Greyhound," the same part she will play here next week.

For dreams are becoming realities for Ann Hamilton.
