### BOBBLE SKIRTS TO BE TIGHTER

WOMEN WILL BE TIGHTER THAN EVER. Balloon Effect, Known as Radio-Empire, to Present New Extremes in Skirts. NEW YORK, March 17.—There will be room enough to sit down in bobbles will be tighter than ever is the decree from Paris brought to New York by C. C. Hartmann, who arrived on the German Lloyd steamship Kaiser Wilhelm II, after securing agreement with Paris modistes to deliver their creations directly to New York importers. "The latest from Paris creators of gowns," he said, "will carry bobbles to extreme, for dresses will be much tighter at the ankles. They will be loose at the knees and hips, however. The new style known as Radio-Empire." The new balloon-effect gown, compelling women to hop or sit, will permit them to sit down comfortably and without anything's missing. Barely enough room is left at the hem of the gown to permit of toddling.

### WHAT DO YOU THINK OF THIS?

WOMEN FIX \$10 AS HIGHEST HAT PRICE. Latest Styles Do Not Make Fair Sex Look Prettiest and Daintiest by any Means. PORTLAND, March 17.—How much should a woman spend for a hat? Recently Corvallis clubwomen, in answering the question, set \$7 as the proper limit. Not to exceed \$10 is the answer of the Political Equity League, which at its session in the Eilers hall, endorsed in an informal way a proposal made by Mrs. A. E. Clark to spend not exceeding that figure for any hat. In calling attention to the subject of expensive millinery, Mrs. Clark said that she would pledge herself not to exceed \$10 for a hat. Mrs. M. L. T. Hidden, president of the league, said that she hoped the members of the organization would adopt the suggestion and also endeavor to persuade other women to cut down on millinery. "I am not a believer in these late models in millinery and dress," said Mrs. Hidden, "and think that women dressed up in the latest styles are not the prettiest and daintiest, by any means." Mrs. Hidden has been sent to cheer him. The deception will be practised on Columbus to prevent him from dying with grief over the loss of his mate.
