### Microbes in Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.  
Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.  
We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall's "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.  
We want you to make us prove it. We will pay for a month's treatment of Rexall's "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.  
Start the treatment today. Your mere request will get your money back if you want it. Two sizes: 50c and \$1.00.  
You can buy Rexall's "93" Hair Tonic to this community only at our store:

## Do You Leave Your Doors Unlocked?

You would not do that, and you should no more be without fire insurance. The open door would admit the burglar, and the fire fiend is just as insidious. He plays no favorites, but attacks insured and uninsured property alike. Don't risk your savings for the small cost of a policy. Ours are the safest and best.
