

What's the price of a good suit of clothes?

TWENTY-FIVE DOLLARS. You can buy our clothes for less than that---\$20, \$18; you can pay more than that---we have very fine clothes at \$30, \$35, \$40. But \$25 is a good average price; most men who appreciate good quality and style in clothes, good tailoring and fit are willing to pay as much as \$25.

Hart Schaffner & Marx

suits at \$25 will surprise you; particularly if you've been accustomed to going to a custom tailor to have clothes made to measure; more particularly if you've patronized the so-called low-priced tailor; most particularly if you're getting what you think are made-to-measure clothes at \$25 or less.

You'll get all-wool fabrics; trimmings, linings and other materials of a high grade; tailoring of a very high order--the things that make a suit wear well, and keep shapely. You'll get the value of best style standards and originality of design; you'll get clothes that fit you well.

And you'll gain from \$10 to \$20, either in greater value at the price; or lower price for similar value.

Better see how true this is: \$25 is a price you can afford, and you'll say so when you see the clothes. Better come and look at the new Spring styles.

Woolen Mill Store

This store is the home of Hart Schaffner & Marx Clothes.

LOCAL NOTES

TIDES FOR MARCH.

Below is given the time and height of high and low water at Marshfield.

The tides are placed in the order of occurrence, with their times on the first line and heights on the second line of each day; a comparison on consecutive heights will indicate whether it is high or low water. For high water on the bar, subtract 2 hours 34 minutes.

28 Hrs..	0.03	6.32	1.25	8.21

Precipitation since Sept. 1,	1912
1912	51.38
Precipitation same period	last year
last year	47.07
Wind: Southwest; rain.	

BORN.

EICKWORTH—To Mr. and Mrs. Will Eickworth at their home in Millicoma, Thursday, March 27, a daughter. Mother and child are doing nicely and Mr. Eickworth is as proud as can be over the advent of his sixth child.

ANEST—To Mr. and Mrs. Anest of North Bend, Thursday, March 26, a 7½ pound daughter.

Service Postponed—Owing to the death of L. K. Ballinger who was a member of the Vestry of the Episcopal church, the meeting of the congregation called for this evening, will be postponed.

Take Up Homestead—Percy McDonald started a few days ago in company with C. B. Leep, for Curry county, where he will take up a homestead. They are travelling by wagon and are doubtless having a hard trip, as the bad weather of the past week has made the roads very bad. Mr. Leep goes along as locator.—Eugene Guard.

Fire Alarm—A false fire alarm was turned in yesterday afternoon about 5:30. Fire Chief Keating said that a small blaze started near the Chandler hotel's sample room, near the old Tabernacle, and that the smoke from it alarmed some residents nearby who turned in the alarm. The alarm was called off before the firemen got out. There was no damage.

Revive Oil Company—George P. Topping of Bandon, who was here yesterday, reports that the stockholders of the Miocene Oil and Gas company, which is now in bankruptcy, are planning to assess the members of the company to pay off the

indebtedness, amounting to about \$3,000, and end the bankruptcy proceeding and reclaim the property, which he figures is worth about \$15,000. He hopes to get the oil well under way again.

Hub Store Reunion—Charles Foster, of the Hub Clothing Store, Myrtle Point; J. T. Sullivan, of the Hub Store, Bandon, and W. C. Fensler, also of Myrtle Point, are all in the city today holding a little conference at the main Hub store in Marshfield. Business plans for the season are being discussed.

Big Panther Near—Chas. Hickox last evening received a telephone message from Fred Larson saying that the biggest panther he had ever seen in Coos County had just been at his ranch. When the boys went after the cows the shepherd dogs treed the panther. They came home for a gun but meanwhile the panther escaped. Owing to Mr. Hickox's best varmint dog being down at the Oldland ranch on South Slough, he did not go out but he plans to leave for there soon.

Walks to Bay—H. A. Miller, employed in the engineer's department of the U. S. S. Philadelphia, now a receiving ship at the U. S. Navy Yards at Bremerton Navy Yard in Puget Sound, arrived here last night from Roseburg. He and another man walked from Roseburg to Myrtle Point in two days. He is on a leave of absence and came down here at the request of his father, who runs a big farm eighty miles north of Grand Island, Nebr., to look over this section, as the latter wants to move west. Miller has been in the navy four years. He says the road was very muddy but that they made it easily in two days.

Along the Waterfront.

The Washington, A. M. Simpson and Hardy with principally lumber cargoes sailed at 5 o'clock yesterday for San Francisco and San Pedro.

The Oakland is still lying at North Bend. Capt. Bent had hoped to have her ready so that the A. M. Simpson could tow her to San Francisco but did not succeed. Just what will tow her south is not certain now. She has been rigged with a jury rudder to replace the rudder lost on the Siuslaw bar.

The Alliance sails tonight from Portland for Coos Bay and will reach here Sunday. She will sail Sunday morning at 6 o'clock for Eureka.

WHY

Is Aluminum ware better than even the best tinware?
Because tin is nothing but a plating, a piece of sheet iron coated on both sides with tin. Tin itself, being soft, will wear off, leaving the iron exposed.
Wherever Aluminum ware is pure aluminum and will last forever.

WHY

Is Aluminum ware better than enameled wares, even of the best grades?
Because enamel is nothing more nor less than glass, coated over a piece of sheet iron. This sheet iron will surely bend under a blow, and in bending break the glass or enamel, allowing small bits of glass to mix with the food. This is why enameled ware is condemned by physicians the world over.

WHY

Regular Price 55c
You will see why they are advertised in women's magazines
"Wear-Ever" Aluminum utensils

Always, wherever utensils are placed in your home, the manufacturer's name is why they survive longer and we put more in them than any other utensils. Special Price, 30c

See also utensils that wear out

Is Wear-Ever Aluminum ware the best?
Because it is the result of long experience in aluminum manufacture, because it is absolutely pure, because it is the hardest rolled of any aluminum ware made and has the unqualified endorsement of users everywhere.
