

# WHY

Is Aluminum ware better than even the best tinware? Because tin is nothing but a plating, a piece of sheet iron coated on both sides with tin. Tin itself, being soft, will wear off, leaving the iron exposed. Weavever Aluminum ware is pure aluminum and will last forever.

# WHY

Is Aluminum ware better than enameled wares, even of the best grades? Because enamel is nothing more nor less than glass, coated over a piece of sheet iron. This sheet iron will surely bend under a blow, and in bending break the glass or enamel, allowing small bits of glass to mix with the food. This is why enameled ware is condemned by physicians the world over.

# WHY

Is Wear-Ever Aluminum ware the best? Because it is the result of long experience in aluminum manufacture, because it is absolutely pure, because it is the hardest rolled of any aluminum ware made and has the unqualified endorsement of users everywhere.

After Hydroplane—V. C. Gorst left yesterday for San Diego for the new hydroplane, which he had built there. He has discovered that aeroplanes get from \$100 to \$200 per week, which would make it prohibitive here, but he expects to have Mr. Steele, formerly of Coos Bay, come back and operate it.

**Five-Day Schedule**—The Breakwater will go on a five-day schedule between here and Portland, April 15. She will go on drydock at Portland Monday for a final overhauling, preliminary to the fast schedule. She will leave Saturday at 1 o'clock, an hour earlier than first scheduled.

Many friends here will extend congratulations with wishes that this new American citizen may grow up as strong as his father and as good as his mother.

**Somers Railway**—Word received from Grants Pass is that J. H. Somers, formerly of Marshfield, W. P. Murphy and others who are promoting a railroad from Grants Pass to Bandon, have asked for a bonus at Grants Pass. Owing to Grants Pass being behind a project to build a Crescent City, it is not likely that anything definite will be done there about the bonus, according to word from a prominent Grants Pass man.

**Fight Taxes**—The Roseburg News announces that District Attorney Geo. M. Brown has been notified that John D. Goss, in behalf of the big timber owners, has begun suit to prevent Sheriff Gage from collecting the special road taxes. It says that Mr. Brown is planning to fight it, the suit being raised on the same question that was raised in Douglas county. The same question is raised in the case of Col. Rosa at Bandon, who secured an injunction the other day. The injunctions will be tried out at the April term of court. The Weyerhaeuser company is refusing to pay any special road tax, but what other companies are is not stated.
