EXPECT GUY GREENLEAF WILL BE ARRESTED WITHIN FEW HOURS

Auto Driver Wanted in Connection With Suicide of Erma Knorr. REPORTED TO BE HIDING NEAR MARSHFIELD Sheriff Gage and Marshal Carter Expected to Secure Him.

Guy Greenleaf, the former auto driver, who is wanted in connection with the suicide of Erma Knorr, the thirteen-year-old daughter of Mr. and Mrs. R. E. Knorr, will probably be placed under arrest within a few hours. Sheriff Gage and Marshal Carter are on his trail this afternoon and it is understood that he has been hiding here or near here since he dropped out of sight Saturday evening. He was seen on the street Saturday evening.

Charges against Greenleaf will probably be preferred later. Important evidence against him is said to have been discovered. Otherwise, with the death of the wronged girl, absolute evidence against him would be hard to obtain.

A. H. Dixon knew Greenleaf in Coquille. At first Greenleaf told him he was divorced but Saturday said that his wife and child would arrive here on the next Breakwater to John Knorr.

R. E. Knorr, the father, is threatened with nervous collapse today. It is said that he did not sleep last night and today was on the verge of a breakdown.

Details of the Inquest. The inquest over the body of Miss Erma Knorr, who shot herself yesterday at the home of Mr. and Mrs. R. E. Knorr on Commercial avenue West, was adjourned last evening after being only partly completed. It was said that adjournment was taken in order to prevent "tipping" some important evidence in the case which, it is expected, will be brought before the grand jury against Guy Greenleaf, who was charged in the testimony of the girl's mother last evening with having seduced the child.

FRED REED IS BOUND OVER

Driver of Auto in Which L. K. Ballinger Was Killed Held to Grand Jury Today.

Fred Reed, driver of the auto which killed L. K. Ballinger and injured W. R. Haines and others on North Front street the other night, was today bound over to the grand jury by Justice C. L. Pennoek on the charge of involuntary manslaughter. His bond was fixed at \$1000 and was promptly furnished with L. F. Falkenstein and W. R. Haines as sureties.

Little new developed at the hearing before Justice Pennoek, much of the evidence being practically the same as was given at the coroner's inquest. In addition to this evidence some expert testimony was introduced by the defense to show that Reed could not have been driving at the speed that was alleged on the ground that it could not be attained on such a comparatively short start.

In addition to this phase of it W. R. Haines, the only occupant of the auto which had not testified at the coroner's inquest, was called on the witness stand. Mr. Haines did not add much to the story already told. He said that he had gone to the Chandler about 11:20 and saw Fred Reed there but Reed was at the opposite end of the bar. He was not positive that Reed had paid for the last drink. He said that Mehlmann was under the influence of liquor as he had told about being taken ill from drinking too much and going outside. Mr. Haines said that the party started to sing when they left the Chandler but stopped before they got very far. He thought that the machine was running 10 or 15 miles per hour but was not certain and said that it would be difficult to tell in riding on pavement whether a machine was running 15 or 20 miles per hour. When the accident occurred, Mr. Haines said that the machine seemed to roll over and over like a barrel. He said that L. K. Ballinger and Driver Reed had been talking with each other prior to the accident. He did not hear what they said.

Dr. F. J. Hayes was another new witness who was put on the stand to offset the evidence of Earl Winger. The latter testified that on the night in question he had been at Dr. Hayes' office and was en route home from there when he saw the machine going down Front street at a terrific speed. Dr. Hayes testified that Winger had not been at his office at all.

FISHING SCHOONER IS WRECKED

Captain and Crew of Wrecked Vessel Are Missing—Was Capsized in Collision.

(Special to the Times) SAN FRANCISCO, April 1.—The general belief in shipping circles held out strong hopes today that the captain and crew of the three masted fishing schooner John D. Spreckles, which was discovered a derelict yesterday off Point Reyes, might still be alive, probably on board the un-

known vessel which is supposed to have capsized the Spreckles in a collision. At the office of the Alaska Codfish company, owners, it was said today that Captain Prellberg had shipped his own crew of eight and therefore their names were unknown. The revenue cutter McCullough was still standing by the derelict today, unable to get a line aboard, because of the heavy sea running. A fifty mile gale was gradually driving the bulk across the entrance to the Golden Gate in line with all incoming and outgoing traffic.

MORGAN'S ESTATE \$300,000,000

Believed That Bulk of Wealth Will go to Son but Much Will Probably go to Charity and in Public Bequests.

(By Associated Press to Cooz Bay Times.) NEW YORK, April 1.—Estimates of the fortune left by J. P. Morgan, made today in the financial district, range from \$75,000,000 to \$300,000,000, this sum including his art collections. It is understood that the financier's will is of comparatively recent date, but no intimation was made as to when it would be given to the public. Those who shared Morgan's close friendship predicted large charitable and public bequests, although it is conceded that his son,

J. P. Morgan, Jr., will doubtless receive the bulk of the fortune.

No definite arrangements have been made for the transportation of the body to America.

NOT THE OREGON

It was rumored here and at Bandon today that the schooner which turned turtle off Point Reyes was the schooner Oregon, which is supposed to be en route from San Francisco to the Coquille to load. However, the above dispatch indicates that it was the Spreckles and that the rumor about the Oregon, which is owned and which was built on the Coquille, is not correct.

DAYTON CALLS ON GOVERNMENT TO AID IN FLOOD RELIEF WORK

GIVES \$400 TO FLOOD VICTIMS

Marshfield Council Contributes \$250 and Times Readers \$150 to the Fund.

The Cooz Bay Times turned a check for one hundred and fifty dollars over to Mayor Straw this afternoon to be added to the City Council's contribution of \$250, making a total of \$400, to go from Marshfield to the Eastern flood victims. Mayor Straw deposited the entire amount of \$400 in the First National Bank and Cashier Dorsey Kreitzer will wire Governor Cox tonight that there is \$400 in the bank contributed by the citizens of Marshfield subject to the order of the Flood Relief Commission.

The following is the complete list of the contributions to The Times Relief fund:

Table with 2 columns: Name and Amount. Includes: Cash \$2.00, L. M. Strong, Arago, Ore. \$3.00, Gardner Mill Employees \$20.00, Minnie-Wis Club 6.00, A. Wilcox .50, T. F. Miller 1.00, Mrs. Howard Largent 1.50, C. E. Elliott .50, Flanagan & Bennett Bank 10.00, I. S. Smith 5.00, Jas. Bennett 5.00, Mrs. Ella Bandel 1.00, D. D'Ambrosia 1.00, M. E. Brotherhood of Marshfield Methodist church \$27.00, Cooz Bay Times 10.00, Dorsey Kreitzer 10.00, W. S. Chandler 10.00, First National Bank 10.00, Wm. Grimes 10.00, Dr. E. Mings 10.00, Mrs. Harry Winkler 5.00, W. F. McEldowney 1.00, J. A. Blatt 2.00, Total \$150.50

The Marshfield City Council last evening after considerable discussion instructed City Recorder Butler to send \$250 as a donation from the city to the flood sufferers in Ohio. They also requested that City Attorney Goss draft four petitions to be circulated for private subscriptions, one of which will be circulated by E. J. Hanson, one by Carl Albrecht and the others by other people in order that an additional sum be raised.

The matter was brought up by a telegram from Governor Cox, of Ohio, to Mayor Straw which was printed in The Times yesterday. Councilman Albrecht said that since Cooz Bay seemed to be the most favored spot and Ohio about the most desolate just now, he thought it would be only just and right to contribute a reasonable amount for the relief of the flood sufferers. He said that \$200 or \$250 would seem only right.

Councilman Copple said that he was not opposed to the giving but there was a question in his mind whether the Council was acting just right in giving public funds for charity. He said he thought such matters were usually handled by private subscription.

Councilman Merchant said that he favored the city contributing \$250. Councilman Ferguson said that he would know just what to do if it was his own money but he was not so sure about spending the people's money for charity. He thought that the better way would be to let people subscribe personally through private channels which they could.

Councilman Allen said that it was out of the ordinary to make charitable contributions this way. Councilman Winkler said that he always found the people of Marshfield very charitable and he felt sure that they would approve of the Council making a liberal donation for the relief of the flood sufferers. He said that he did not think \$500 would be too much. He said that while Marshfield was now prosperous, it might be that some time the people here would need aid. Furthermore, he said if everybody waited for somebody else to help or to help in a different way, people would starve to death. He said that Governor Cox's telegram showed that the people needed help and needed it badly right now.

Eugene O'Connell took a similar view to Mr. Winkler. He said that there was not a man in Marshfield who could object to the city contributing liberally to the victims of the flood. He said that Marshfield should do its share and contribute \$250 or \$500 and that there would not be one word of censure. He

NEED MONEY BADLY TO ASSIST SUFFERING

Number of Dead Placed at 128 While 70 Bodies Have Been Found at Columbus.

(By Associated Press to Cooz Bay Times.) DAYTON, April 1.—The food supply at Dayton has been over estimated, according to reports received today from relief stations scattered over the city. John H. Patterson, president of the relief committee, wired Secretary of War Garrison that the food situation is much worse than was anticipated, and that the committee looked to the national government for supplies.

It is estimated that between thirty and forty thousand refugees are being fed daily. Aside from the imminent danger of food shortage, cash is in great demand. Checks for large sums in the hands of the committee are practically worthless, because the cash is not available.

The toll of the flood to date is 128 dead. The search for bodies continues. A carload of auto tires for relief work has been received.

Conditions Along Lower Ohio Desperate—River Still Rising Today.

FEARS FOR CAIRO

CAIRO, April 1.—While the Big Four levee is still holding intact this afternoon the water has climbed up over the railroad tracks and it was believed that it was only a question of a few hours until it would flood this section. (By Associated Press to Cooz Bay Times.) CAIRO, Ill., April 1.—Flood conditions here today along the Ohio river levee appeared incredible to even the oldest citizens. The present situation is the most desperate in years.

Water is rising rapidly and now stands two feet eight inches from the top of the concrete wall of the levee. It is generally believed that the high stage will not be reached for 24 or 48 hours. Women and children are leaving every train.
