CHOONER ANVIL HIGH ON SPIT NEAR FLORENCE TODAY

Boat Loses Rudder and Is Driven on Beach at Mouth of Siuslaw.

WILL HOPE TO GET VESSELL OFF TODAY

Lives Lost in Disaster Late Friday—Vessel Had Arrived From Bandon.

(Special to The Times.) FLORENCE, Or., April 12.—The schooner Anvil ran aground late Friday afternoon inside the mouth of the Siuslaw river. She lost her rudder, and is now lying North Spit about six hundred feet below the end of the jetty. The boat is high and dry at low tide and is close to the place where the Herwick was wrecked years ago. The Umpana lifesaving crew arrived this morning and put an anchor out from the boat toward the channel. The cargo is being taken off and will be made to float the vessel at high tide. The Anvil is resting on the sand and not leaking. The passengers left the boat last night.

WAS FROM BANDON

Had Bad Luck This Trip—Captain Snyder Master.

The Anvil was en route from Bandon to Portland. She stopped in at Portland last Friday while en route to Bandon. She returned to Bandon on Monday and left Bandon on Tuesday. She has been direct to Bandon and then on to Portland. She had considerable trouble on board her for Florence, having orders from the houses represented by F. E. Allen, H. W. Brown and other Coos Bay men. The Anvil was built in San Francisco in 1905 and for a long time in Alaska waters. She was 125 feet long. Captain Levi Brown, a former Coos county man, was her master. Mr. Barnes, who formerly was on the Alliance steamer on the Brookwater, was a member of the crew of eight which carried.

is one of the most serious series of accidents on the Siuslaw. The Wilhelmina was lost ten months ago, the tug Roscoe a barge and 300 tons of bay coal belonging to Anderson Johnson, the jetty contractor recently, and the schooner Island lost her rudder there a week ago.

MRS. VERNON'S WILL IS READ

BOWEN, A NEIGHBOR, GETS \$1000, AND NIECE, MISS BARRELL BARRONS, GETS BALANCE.

According to last will of Mrs. Ann Bowen, the Davis Slough pioneer, died at Salem this week, she bequeathed \$1,000 to Mrs. Bowen, a neighbor, who assisted her during her illness. The balance is bequeathed to a niece, Mrs. Barrows, who died en route here from Portland on the Brookwater. The will provided that in case Mrs. Barrows was alive, the mother's share should go to the daughter, Miss Mabel, who lives here. The other relatives and friends, Fred Housley, get nothing. The estate is valued at \$5,000.

PUTTING ROW AT EMPIRE

EMPIRE HINCH ARRESTED FOR ALLEGED ATTACK ON JIMMY BARRETT THERE TODAY — KEEP DETAILS SECRET.

Jimmy Barrett, a Squaw man, at the Empire, was badly slashed in a cut-throat attack today. Edna Hinch, a character of Empire and a Squaw, is under arrest for it. Her name would not tell how, when or where it was done. His condition is critical.

STAGE UPSET; TWO INJURED

Contractor Johnson, of Florence, and R. M. Buttle, of Seattle, Badly Hurt.

(Special to The Times.) GARDINER, Or., April 12.—R. M. Buttle, a Seattle traveling man, sustained a broken ankle, and E. T. Johnson, one of the Siuslaw jetty contractors, sustained a dislocated hip when the Drain-Gardiner stage upset, near Scottsburg, late yesterday. The two injured men were brought here this morning and are being cared for. Mr. Buttle is well known in this section, having traveled through here for a wholesale hosiery house for some time. There were nine in the stage but none of the others were injured, although all were more or less shaken up or bruised. A. H. Devers, a Portland traveling man, was one of those in the accident and went to Marshfield today.

GOING MISSED IT.

C. C. Going of Going & Harvey arrived home today and narrowly escaped being in the stage wreck, which happened five miles east of Scottsburg, near the Burchard place. The stage was over crowded, so he and 2 others had to ride horseback. They were a few hours ahead of the stage. Owing to the awful condition of the road, the stage was following the hillside and struck a rut and turned over. The driver, "Tom," immediately stopped the team and although he was quite badly injured himself, he saved the others from much more serious harm. There were no Coos Bay people in the accident, Mr. Going says. The Mapleton-Eugene stage fell down a thirty-foot embankment into the river yesterday, according to reports reaching here today, but no one was reported hurt.

JAPAN ENTERS BIG PROTEST

TOKIO, April 12.—Viscount Chinda, Japanese Ambassador to the United States, has been instructed by the foreign office to make a formal representation to Washington in regard to the anti-Japanese legislation in the State of California.

Irritation over California land legislation is increasing throughout the country. All political parties have sent deputies to the Premier to the foreign minister asking them to adopt measures to protect the Japanese treaty rights in America. The Constitutional party has proposed a California boycott and the Chamber of Commerce here telegraphed to similar bodies in San Francisco, Los Angeles and elsewhere asserting that the result of the legislation will be disastrous for trade between United States and Japan.

WASHINGTON, D. C., April 12.—Secretary Bryan was non-committal when he was told of the Japanese government's instructions to the news ambassador, as recorded in the news dispatches to make formal representations regarding the California land legislation, which they construe as anti-Japanese. He expressed only the sentiment that it would be time to consider the formal representations after the laws in question had been passed by the California Legislature and were under consideration by the governor.

Representative Raker told President Wilson today that he had a telegram from Senator Sanford of California, containing assurances that the alien land bill, when finally passed, would not have any provisions to conflict with any treaty obligations between the United States and Japan.

WORK NEAR GARDINER. E. L. Robinson returned yesterday from Gardiner where he has been spending a week. He reports that Copenhageners are pushing their part of the work and getting additional workmen constantly. The Larson dredge is changing the course of the creek there so that only one bridge will have to be put in. The steamshovel will later cover the big fill that will be thrown up by the dredge. So far hand work is being done on the north end of the tunnel and only preliminary work is being done on the south entrance.

BELGIUM FEARS A GREAT STRIKE

Employers and Wealthier Classes May Assist Workmen in Struggle for Equality in Voting.

(By Associated Press to Coos Bay Times.) BRUSSELS, April 12.—A singular variation in sentiment has been developed, both in the Belgian capital and in the provinces in connection with the present strike for manhood suffrage, which is expected to involve 500,000 out of the 800,000 Belgian workmen, on Monday next. One strange phenomenon is the support active and tacit, given by many

employers to the movement. Some of them have even decided that they will continue the workmen's wages during the strike, while others have contributed to the strike funds or offered to take care of the strikers' children. Clerical papers insist that rich liberals are privately swelling the strike funds, while the liberal and radical clubs in the various cities are openly supporting the movement by subscriptions. The minister of war is transferring all troops from posts where they have been stationed to other places, where soldiers have no acquaintances, so they can be used more efficiently in case of disturbances.

ROBT. JENNINGS ALASKA JUDGE

C. L. Reames, of Medford, and Will R. King, of Oregon, Given New Appointments.

(By Associated Press to Coos Bay Times.) WASHINGTON, D. C., April 12.—Robert W. Jennings, of Juneau, Alaska, is to be appointed United States Judge in Alaska. C. L. Reames of Medford, Oregon, has been selected for United States Attorney for the district of Oregon. Will R. King, former Supreme Court Judge in Oregon, has been appointed a member of the Board of Appraisers in the New York Custom office at a salary of \$9,000 per year.

SWEDEN WILL FURNISH RULER

Prince William Second Son of King Gustav Slated for Albanian Throne.

(By Associated Press to Coos Bay Times.) VIENNA, April 12.—Prince William, of Sweden, the second son of King Gustave, will be the first occupant of the throne of Albania if the wishes of the triple alliance, Germany, Austria-Hungary and Italy are carried out. The announcement was made today by the Neur Freizer Presse.

MRS. PANKHURST OUT ON PAROLE

Suffragette's Hunger Strike Finally Wins Temporary Freedom in London.

(By Associated Press to Coos Bay Times.) LONDON, April 12.—Mrs. Emmeline Pankhurst, the suffragette leader, was released from Holloway jail this afternoon after being on a hunger strike since she was sentenced nine days ago to three years' penal servitude.

Mrs. Pankhurst was released on probation under terms which she must report at frequent intervals to the police. In case she commits any misdemeanors, she is liable to immediate arrest without warrant and must then serve out the full term. It is the intention of the authorities to allow her to be free until she regains her strength. Her condition is described by friends as being very grave. She was removed at once to a sanitarium. Phyllis Brady and Millicent Dean, the girls who were arrested as "suffragette fire-brands" were sentenced to six weeks' imprisonment each today.

AMONG THE SICK.

Walter Hill, electrician at the Smith mill, is confined to his home with an attack of pleurisy. Mrs. Ledward, of West Marshfield, who has been suffering from a severe attack of la grippe, is reported improving.

P. Edgerton, a Smith mill employe, underwent an operation at Mercy hospital today and was reported to be getting along nicely. Mrs. Duncan Ferguson, who has been quite ill, is reported much improved.

Mrs. C. C. Bridges, who underwent a serious operation at Mercy hospital yesterday, is reported to be getting along nicely. Mrs. E. M. Erickson, who has been quite ill, is reported improving.

FIRE DAMAGES PRISON PLANT

Michigan State Penitentiary Twine Factory Damaged Over \$700,000.

(By Associated Press to Coos Bay Times.) LANSING, Mich., April 12.—Fire which started in a twine plant at the state penitentiary from an explosion under a motor, spread with great rapidity to several adjoining buildings, five or which were destroyed. There was no panic among a hundred prisoners. The loss was \$700,000. The women's cell house caught fire but was soon extinguished. The women were removed with more or less disorder.

FLOWERS COVER MORGAN COFFIN

Remains of King of Finance Lie in State in Former Library.

(By Associated Press to Coos Bay Times.) NEW YORK, April 12.—Almost buried in roses and twining ivy, the triple coffin that contains the body of J. Pierpont Morgan, lies in the library which holds his books and many art treasures. There it will repose until 1500 friends pay final tribute to his memory. The funeral services will be held Monday at St. George's church. Only members of the family and a few intimate friends were admitted to the library.

MOTOR CYCLE CLUB MEETS

Plan Series of Runs—Will Try to Stop Speeding—New Officers Chosen.

At a meeting of the Coos Bay Motorcycle Club last evening, preparations were made for an active season. A series of runs to various parts of the county, and possibly further, are being considered for the summer. They will be started as soon as the roads will permit.

It was also decided that the club should endeavor to stop speeding and see that the members comply with the state law and city ordinance governing speed. There are about 40 motorcyclists in Marshfield now and it is expected that all will be enrolled as members. The following officers were elected for the coming year.

President—William Ekblad. Vice President—John L. Koontz. Secretary and Treasurer—Joe Williams. Captain—Dr. Horsfall. First Lieutenant—George Johnson. Second Lieutenant—Ben Ostlund. Directors—Ed Johnson, C. H. La Chapelle and D. F. Barnard.

D. A. R. POLITICS BRISK.

Many Candidates for Office Make Session Lively. (By Associated Press to Coos Bay Times.) WASHINGTON, D. C., April 12.—Hundreds of women are pouring into Washington to attend the annual convention of the Daughters of the American Revolution which will formally open Monday. In the meantime committee meetings are numerous and political conferences of the rivals for the various offices are keeping the delegates busy. Three candidates are in the field for president and brisk rivalry marks the race for other places.

POPE PIUS SUFFERS RELAPSE; CONDITION IS VERY CRITICAL

BLAMES BOOZE FOR OUTBREAK

American Consul Says U. S. Sailors at Guaymas Were Drunk and Disorderly.

(By Associated Press to Coos Bay Times.) MEXICO CITY, April 12.—Reporting on the killing of two sailors and the wounding of others at Guaymas, American Consul Gullfole at Hermosillo, says of the incident, "It was due to the sailors being intoxicated and very disorderly." The consul bases his report on the statement of an eye-witness, adding that the trouble in all likelihood would have been avoided had the consular agent at Guaymas notified the commander of the California.

SAILORS ARE BLAMED.

Refugees Censure Consular Agent for His Negligence.

(By Associated Press to Coos Bay Times.) NOGALES, April 12.—American refugees arriving here from Guaymas are inclined to place upon American sailors the responsibility for the street clash in Guaymas in which two Americans were killed and a number of American sailors and police wounded. They state that fifty seamen were on shore. The American residents fearing a race clash warned Consular Agent C. D. Taylor, who declined to take action officially, notifying Admiral Cowles.

RAILWAY NEWS OF COOS BAY

S. P.-Terminal Railway Negotiations Are Delayed—More Workmen.

There were few developments in the railroad situation today. No definite news has been heard from San Francisco but it is rumored that the negotiations between the Terminal Railway and Southern Pacific may not terminate as quickly as was expected. Nothing officially has been given out concerning the matter.

C. C. Going, who arrived today, said that the contractors were bringing many laborers via Drain. Forty or fifty came in a day ahead of him, and the day he left there, about forty or fifty more were waiting to start in.

GREENLEAF SR. ARRIVES HERE

Father of Accused Man Came Via. Myrtle Point—Much Grief in Family.

G. A. Greenleaf, father of Guy Greenleaf, who is confined in the Coos county jail on charges connected with the suicide of Erma Knorr, arrived here today. He came in via Roseburg and walked a large part of the way from Roseburg to Myrtle Point, owing to being unable to get a rig to bring him through. He spent most of yesterday and last night with his son at Coquille. He came here today to confer with R. O. Graves, who is looking after his son's case.

He cannot believe the charges made against his son but a foundation. Mrs. Guy Greenleaf and little son started here but had to return to Centralia owing to the boy being taken ill of scarlet fever.

Two brothers of Guy Greenleaf have also been ill of typhoid fever. Guy Greenleaf has lost two babies and his mother-in-law within a short time.

Mr. Greenleaf is a contractor. He says his son left Centralia only a few months ago. He did not want to make any statement about the case today but he evidently was preparing to fight it hard.

Pontiff's Fever Goes Up to 103 and Much Alarm Is Manifested at Vatican.

WAS MUCH BETTER EARLY THIS MORNING

New Trouble Develops and Specialists Fear for Outcome.

FEVER IS HIGH. (By Associated Press.) ROME, April 12.—The Pope's fever reached 103. The Pope's condition is becoming steadily worse. The Vatican Guard was doubled to insure that no one would enter.

(By Associated Press to Coos Bay Times.) ROME, April 12.—The Pope has suffered another relapse. Tracheal bronchitis has developed.

Hope is entertained by physicians that the bronchitis is due to uraemic acids settling in the upper part of the trachea, instead of infectious inflammation. A group of people have gathered on the steps of St. Peter's gazing at the windows of the Pope's apartment. It is noticed that the blinds of his bedroom are closed this afternoon.

Observatore Romano Vatican, the official newspaper, published this evening the following bulletin, "On April 7th, Pope Pius fell ill with a relapse of influenza with symptoms of tracheal bronchitis; the fever stopped three days ago but returned today with aggravation of catarrh in the throat; there are no symptoms to cause alarm. Marchiafava, Amic."

The condition of the Pope is regarded as grave, especially on account of his weak state. This caused the fear to arise that he will be unable to overcome a new attack. The relapse is not yet generally known, even among vatican officials. Only the sisters and niece of the Pope were notified of it. They drove hurriedly to the vatican.

Professor Marchiafava today predicted a relapse when he heard that contrary to his instructions the Pope was allowed to grant private audiences. He said, "If you want to kill him, this is the way to do it."

POPE PIUS BETTER.

(By Associated Press to Coos Bay Times.) ROME, April 12.—Pope Pius is now considered fully convalescent. He slept tranquilly all night. Early today he received Archbishop Koppes, of Luxemburg, in private audience, urgent matters being discussed. The audience lasted 34 minutes. Although the Pope was very weak, he showed wonderful clearness of mind.

MASSACRE OF CHRISTIANS

(By Associated Press to Coos Bay Times.) ATHENS, April 12.—A body of Turks from the coast of Asia Minor have massacred all the christians among the inhabitants of the Island of Kasteloryzo, southeast of Rhodes, according to a dispatch today. No details are given.

100 SUFFOCATED LITTLE CHICKS

Spark From E. S. Barzee's Pipe Causes Near Conflagration in North Bend.

One hundred lives were lost in a fire in North Bend this morning. The victims were three-day old chicks in the brooder room of E. S. Barzee's poultry yards. The fire was extinguished before it had spread from the straw on the floor to the building itself and the smoke was the cause of the untimely death of the chicks.

The fire is supposed to have been started by a spark from Mr. Barzee's pipe as he had been smoking while attending to the chicks this morning.

About 500 young chicks in another part of the building were saved from suffocation. A fire alarm was turned in but the blaze had been extinguished before the department got there.
