

## "The Proof of the Pudding, Etc."

I am writing this advertisement for the benefit of that man who said that advertising is all that sold so many Dayton Bicycles in Marshfield.

### I Want to Sell You a Bicycle, Sir!

My friend:  
Advertising does not SELL Dayton Bicycles. Advertising calls your attention to the good points of these wheels, and to the service we give. When we SELL a bicycle we give you the equipment you wish and we give you the benefit of our experience in the bicycle business. You choose exactly the frame, brake, saddle, handlebars and gear that suits you best. You get my promise to take the bicycle back and refund your money if you are not satisfied. You get the Marshfield Cyclery Guarantee that everything on that bicycle MUST be first class. You get replacements right here, out of my store, without delay.

If I sell you a wheel, I refer others to you. Would I stultify myself by referring to some one who does not like his wheel?

### The Building of a Drug Business. Square Dealing.

Why is it that this store deserves and wins your preference? Here is the answer in a nutshell. Because we give you a square deal in everything you buy—because we look at Drug Store keeping from your standpoint. You find that out every time you trade here. We believe in doing things a little bit better than ordinary, and it is by doing things a little bit better than ordinary that our business building is accomplished. There's a difference between the ordinary and better-than-ordinary store, just as there is a difference between the "cheap" drug store and the "fair priced" drug store. The "cheap" store or the ordinary store is a dangerous store to patronize, especially if it is a drug store. Your doctor knows that, and your doctor also knows that this store is a bit better than the ordinary drug store—that it is reliable—that we will sell only drugs and medicines that are pure and fresh, and at the same time we sell every thing at a fair price.

### BORN.

**NOAH**—To Mr. and Mrs. George Noah, at their home on Coos River this morning, a ten pound boy.

**OEDDING**—To Mr. and Mrs. Ludvig Oedding of Gardiner, at the home of Mr. and Mrs. Fred Hollister, in North Bend, this morning, a son.

**Gets New Auto**—E. E. Everett, the North Bend pharmacist, has purchased a new Studebaker 25, through the I. R. Tower auto agency.

**New Autos Coming**—George Goodrum is expecting a new seven passenger Cadillac on the Breakwater today for Jerry Kinney. Also a Ford delivery car for Carl Matson's North Bend milk route.

**Breakwater Sails Monday**—The Breakwater will arrive in so late this afternoon that it will be impossible for her to get away tomorrow and the sailing date has been changed to Monday afternoon at 3 o'clock.

**Building New Home**—J. W. Mitchell, of the Firup, has commenced the erection of a beautiful new home on his lot in Plat B. The lots are beautifully situated, overlooking the bay, and one of the finest views on all Coos bay and a fine site for a home.

**Klancy Deal**—C. A. Schibrede is expected home today from Portland, coming in via Roseburg. It is stated that Major Kinney and Judge Bronough and possibly W. J. Wilsey and others connected with the Kinney-Wilsey deal will probably arrive here within a day or two. It is ex-

pected that the deal will shortly be concluded.

**Ferry Laid Off**—A casting broke on the Ferry Transit this afternoon, which will necessitate a lay-off of four or five days until a new one can be made. Judge Hall stated this afternoon that it was not likely that any other boat would be put on the run.

**Breakwater in Late**—The Breakwater crossed in at 4 o'clock this afternoon, after standing off the bar since about 1 o'clock this morning, waiting for it to smooth down sufficiently to cross in. She has about 500 tons of freight and ninety-three passengers aboard. The bar has been very rough since yesterday.

**Raise Phone Rates**—The Coos Bay Home Telephone Company has made application to the Oregon Railroad Commission to raise the rates of the farmers' line between Coquille and Riverton from \$7.20 and \$9 per year to \$12. A hearing on it has been set for June. This request lead to a report that the company had decided to increase the rates in Marshfield and North Bend but no steps have been taken in the latter direction yet.

**Timber More Valuable**—The rapid increase in the value of timber is shown by the advance in the prices of the Mengaha Woodware Company's requests. Recently Sturdivant and Carine, the Coquille loggers, offered \$25,000 for 160 acres of the company's timber but were turned down, a price of \$35,000 being asked. The company bought the same tract a couple of years ago for \$8000. Manager Dimmick, of the North Bend Lumber Company, has been negotiating in vain with the company for some timber land but he cannot afford to pay the prices they are asking.
