with all due solemnity. Cyrus Happy, Jr., presiding over the ceremony, and the event will precede the spring dance announced by the club for that evening. At 8 o'clock the 112 gowns, three score and more of picture hats, tiaras and aigrettes, will be offered for identification and it is expected so complete is the metamorphosis that few of the gowns will be recognized and those not identified will be retained by the club for the next play to be put on. "More Buildings Needed"

Mr. J. W. Bennett's advisory article in Friday's Times is true, timely and to the point. His plan for securing needed buildings is sound and we propose to give it a trial. We own Lots 9 and 10 in Block 43 Bennett's Addition to Marshfield; we propose to erect a three-story candy factory on them to cost between \$8000 and \$8500, and to bond the property for \$8000 to cover the bulk of the cost of the building. The bonds will be issued in \$100 denominations so that the small investor may own one, or more. They will draw 8 per cent interest, payable semi-annually. The rentals of the building will be not less than \$150 per month and will be paid to the Trustee to insure the payment of the bonds, both principal and interest. Details of the plan may be seen at both banks in Marshfield. This is an opportunity to help secure a permanent home for a growing manufacturing plant, obtain a good rate of interest on ample security and at the same time, secure ONE of the much needed buildings. Subscribe for a bond and help things along. DO IT NOW!
