CONRAD WANTS A FRANCHISE

Marshfield Man Will Ask Thirty-Five Year Grant From Coquille Next Week.

The Coquille Sentinel says: "W. J. Conrad, of Marshfield, representing a number of capitalists, will ask the City Council at its next session for a franchise to light the city of Coquille, and to supply all consumers of electricity. Mr. Conrad was in Coquille yesterday afternoon and in an interview with The Sentinel said a franchise for a period of 35 years would be asked for, and that if granted the company represented by him would establish a service unequalled by any in this section of the country. He said the present plant and the complete system would be taken over in case the owners desired to part with it at a reasonable price, but that it could not be considered at the figure now placed upon it. He told The Sentinel that it had been investigated to some extent, and was not worth the price set upon it, which he claimed to be \$16,000. His people would, he says, consider it at \$10,000, and at that figure would take it over, provided an extension of the franchise was obtainable. "Mr. Conrad expressed the opinion that the franchise holders, provided a franchise be granted, would be willing to furnish lights at the now prevailing price in this city, and that the service would be continuous, meaning a day and night service, for lights and power. There would be no limit to the supply of current available for any and all purposes."

There was a good turnout of members to see that the new additions were properly initiated through the mysteries of the order. Jacobus, Chas. Farrell, Joseph White and Patrick Dalton.

ONE FOR COQUILLE. Messrs. E. D. Sperry, C. R. Barrow and P. M. Hall-Lewis, comprising a committee from the Commercial Club, waited on the county court on Tuesday for the purpose of inducing an appropriation for agricultural demonstration work in the Coquille valley, and were assured that \$1000 would be forthcoming.—Coquille Sentinel.
