For the Home Beautiful

Artistic illumination is an important factor in the decorative scheme. The soft, white glow of tungsten (Mazda) Electric Light — the nearest approach to sunlight—brings out the colors and adds to the beauty of your decorations. The adaptability of electricity permits placing artistic fixtures and handsome lamps where they will add to your decorative plan. Electric Light is clean. It will not smudge your walls and ceilings nor tarnish the fixtures. It gives an air of luxury while it really is an economy. Your house can be wired quickly and cheaply with no harm to walls or ceiling. Telephone 178 and ask us to submit an estimate for wiring your home.

A Society for the Conservation of Incomes.

The Society for the Conservation of Incomes includes in its membership the advertisers in THE TIMES. These advertisers offer you assured qualities, reasonable prices, and enable you to select the place, the time, and the manner in which you may purchase to best advantage. Without this society you would pay more for your schooling in shopping than your learning was worth. You would buy with your eyes closed to both price and quality. Read the advertisements of this society in THE TIMES today and every day. Direct your buying by the members' advice and conserve your income.

Your Child's Health • Your First Thought

If you have children, naturally your first thoughts are for their health. You certainly want them to develop strong, healthy constitutions. The most careful attention must be given when children show the first symptoms of the many common ailments. Perhaps they are weakly and thin, or grow too fast, thus sacrificing strength. These and other apparently minor ailments may be the forerunner to a weak constitution for life. Such children need Jayne's Tonic Vermifuge, which is essentially a children's tonic. First of all, it will properly care for the child's stomach. It will also improve the appetite, and will add strength to the other organs of the body. In cases of thin or impure blood, it increases the number of red corpuscles, enabling the enriched blood to keep the body healthy and strong. Among the most common ailments that children develop is that of a disordered stomach, leading to an impaired digestion. In many cases this trouble is due to parasites in the intestinal tract. To correct such trouble, Jayne's Tonic Vermifuge is unsurpassed. For more than eighty years millions of children have been restored to health through the use of this tonic. Insist upon Jayne's; accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

NOTICE TO CONTRACTORS.

NOTICE is hereby given that the City of Eastside, in Coos County, Oregon, will receive sealed bids until the hour of 6 o'clock P. M. of 30th day of April, 1913, for the improvement of portions of a certain street and Avenue in said City, as follows, to-wit:
"E" Street.
"E" Street, from the west line of Second Avenue, to the east line of Tenth Avenue, excepting the intersection of "E" Street and Third Avenue.
Third Avenue.
Third Avenue from the south line of Block 46 produced, to a line 240 feet south of the south line of Block 46, produced.
East street must be bid upon separately.
Each bidder will be required to accompany his bid with a certified check equal in amount to five per cent of the amount bid for the faithful performance of the contract, should it be awarded to him.
The City reserves the right to reject any and all bids.
Plans and specifications for the improvement of said streets are on file with the City Engineer and open to the inspection of all persons.
All bids must be filed with the City Recorder.
This Notice is given by order of the City of Eastside.
Dated April 14, 1913.
WM. J. LEATON,
Recorder of the City of Eastside.

MARKET NEWS OF THE WEEK

NEW GARDEN PRODUCE FEATURE OF PORTLAND RETAIL TRADE — EGGS LOWER AT WHOLESALE—OTHER QUOTATIONS.

PORTLAND, Ore., April 15.—The Telegram says: "The displays of new garden produce now in the market are by far the finest seen since the opening of the season. Among the features especially worthy of mention in the market is Oregon cauliflower, superb offerings of which are available at 15 to 20 cents a head. Another home-grown product now much in evidence is rhubarb, the best of which is retailing at the rate of three pounds for a quarter. Oregon asparagus, the market men say will appear soon.
"California asparagus has been coming in freely all the week, and in quality it is about all that could be desired. The best of the stuff is selling at three pounds for a quarter, while the grass a little less desirable is to be had at slightly lower prices. New peas from the south are going at lower prices than a week ago, two pounds for 25 cents being the general quotation. New potatoes from Florida are available at 10 to 12 1-2 cents a pound and Bermuda onions from Mexico are retailing at two pounds for a quarter. At 20 cents apiece cucumbers are still rather expensive. Tomatoes of good quality are extremely scarce. Common stock is available in a small way at 10 cents a pound.
"The first shipment of importance of Southern-grown strawberries came in today from Louisiana, and they are selling at 20 cents a box, or two boxes for 35 cents. The fruit dealers say they will have limited offerings of California strawberries the coming week, but no very liberal supplies are expected from that state for two weeks.
"California grapefruit of good quality is going at two for 15 cents. The Florida article sells at 10 to 12 1-2 cents apiece, according to size. Fancy oranges are in fair supply at 40 to 50 cents a dozen.
"The apple market is not yet a finished thing, but the end of the season for that fruit is not very far away. Fine Ortleys, Spitzenbergs and other sorts are to be had at 20 to 25 cents a dozen and common apples are going at 10 and 15 cents.
"The fish dealers are well supplied with most of the seasonable offerings. Chinook salmon, from California, retails at 20 cents a pound, halibut and sea perch at two pounds for a quarter, dressed shad, ling cod and flounders for a dime a pound whitefish at 15, catfish at two for 35 and Columbia River smelt at four pounds for a dime. The demand for smelt, dealers say, has all but disappeared. Crabs are going at 10 to 20 cents apiece, shrimp at 15 cents a pound and razor clams at two dozen for a quarter.
"Poultry prices are holding up firmly and probably will throughout the spring months. Best hens are selling at 22 1-2 cents a pound and broilers and friers are quoted at 35 to 40 cents. Ducks and geese are said to be very scarce. Dressed turkeys are retailing in a small way at 35 cents a pound.
"Butter went down a nickel a pound, standard city creamery products now selling at 40 cents a pound.
"The egg market is said to be holding firmly, fresh locals retailing at 30 cents a dozen, or two dozen for 50 cents.
"Portland Wholesale Market.
"Lower prices on both butter and cheese are to be expected within the next few weeks.
"The egg market was reported steady to firm at 19 to 20 cents, and the indications are that these prices will hold for a week more.
"Poultry supplies for the week to date have just about balanced the demand, and prices as a result have changed but little. Best hens were said to be movable at 15 to 15 1-2 cents and broilers and friers at 25 to 30.
"In dressed meats pork was the strong feature, fancy hogs selling in a fairly ready way at 11 to 12 cents. Veal was steady to easy at 13 to 14.
"Livestock Market.
"The best hogs brought \$9.35, while others classified as prime sold at \$9.25 and \$9.30. Heavy hogs went at \$8 to \$8.25.
"The best steers moved brought \$7.65 and from that figure prices ran down to \$6.85. The one load of cows that figured in the morning business sold at \$5.35."

FISH INSIDE FISH TOOK HIS BAIT.

Roseburg Man Loses Fishing Tackle And Blamed Chinook Salmon, But Mere Chub Did It.
Here is the champion fish story of the season from the Roseburg Review:
"No longer are Charles A. Ott's friends willing to gamble on his veracity. The change has come about since Ott, who is a well known local contractor, went fishing at Winchester last Wednesday. While Ott was standing on the rock, his rod and line were jerked out of his hand by a 'tremendous' bite on the hook. The water was deep and Ott, unable to recover his tackle, returned to Roseburg in disgust.
"It was a big steelhead salmon weighing not less than thirty-five pounds; it enarily jerked me off the rock," is the statement attributed to Ott. "I wouldn't have lost that fish if it for \$50. Gee, but that was a whale of a fish."
"Now comes the next chapter. S. A. Sanford and D. J. Stewart cast their fishing lines in the same spot the following day. Sanford felt something on the hook and when he pulled it in up came Ott's fishing rod and line. And on the end of that line was the piscatorial object which the day before had nearly sent Ott to a watery grave. It was a deceased specimen of the semotilus atromaculatus, more commonly known as—
A chub.
Weight, about ten ounces.
While the angling outfit and the lowly chub are being exhibited in the window of J. H. Sykes' gun store today, Ott is busily engaged trying to figure out how that salmon got off the hook and how the chub happened to take its place.
"Members of the local society of piscatorial research incline to the theory that the salmon, previous to taking the hook, swallowed the chub, that the chub swallowed the hook as it passed into the salmon thereupon divested itself of the chub and thereby secured its freedom. This theory will be carefully analyzed at the next meeting of the Ananias Club. Ott's friends are hoping that the verdict of the club will fully exonerate him."

WILL AID IN MORAL CRUSADE

MINISTERS AND OTHERS AT BANDON AND COQUILLE TO ASSIST COUNTY ATTORNEY LILJEQVIST—BAY PEOPLE WILL ALSO AID.

The Bandon and Coquille ministerial associations will unite with County Attorney Liljeqvist in his moral crusade and it is understood that some prominent people in both North Bend and Marshfield will also assist in the campaign against vice. It is expected that the preliminary crusade will be taken up before the next grand jury which meets at Coquille next week and that it will be brought to a more conclusive turn after June 1 when the new state law, which is most rigorous, goes into effect.
Rev. S. R. Steele of Bandon has sent the following letter to Mr. Liljeqvist:
"The members of the Ministerial Association, having taken note of publications which refer to your determination to initiate and to prosecute plans for forcing strict conformity to laws which prohibit houses of prostitution, do hereby in regular session assembled pledge you our hearty support and cooperation."
Coquille to Aid.
The Coquille Sentinel says: "The ministers of Coquille met last Friday with the ladies of the Study club, the purpose of the gathering being to devise ways and means to save young girls from a life of shame. The Revs. Adams, Cleaves and Clark discussed the various phases of the subject, offering suggestions and reciting past history, and then left the meeting to the ladies to formulate some plan for the betterment of existing conditions. The club, while realizing the need of action, is at something of a loss to know how to proceed, but is insistent that the moral tone of the community as regards the young people should be elevated."

The Importance of Keeping Posted

Wasted Opportunities!
"How many things we have proposed to do, how many planned, yet how we loiter in our noblest purposes! You may be always successful if you do but set out well and let your thoughts and practices proceed upon right method."
You have often made up your mind to buy something for the person or the home, but have put off doing so from time to time. Then one day you pick up a week-old paper and discover some especially worthwhile offer of the very thing you needed.
This emphasizes the importance of keeping posted on when and how to buy to advantage. Grasp your opportunities by reading the advertisements in THE TIMES carefully every day.
