LOCAL NOTES

APRIL TIDES.

Below is given the time and height of high and low water at Marshfield.
The tides are placed in the order of occurrence, with their times on the first line and heights on the second line of each day; a comparison on consecutive heights will indicate whether it is high or low water. For high water on the bar, subtract 2 hours 24 minutes.

FOR RENT.—Large, well furnished, room with bath. Five minutes' walk from business section. References. Inquire 768 North Second street.

FOR SALE.—Dry wood, fir and alder, at Campbell's Wood Yard Ferry landing. Phone 158-L.

have been engaged by Manager Lemanski and will be seen at the Royal.

Taken to Hospital.—Stanley Bartlett, the Randolph mill man who was recently injured by a pile of lumber falling on him, came to Marshfield yesterday and was taken to Merry hospital.

Invoke Referendum.—C. H. McLaughlin was consulting City Recorder Butler today about a referendum petition on the heating franchise which the council voted to W. S. Chandler Monday night.

Change Date.—The Junior Baptist Union will hold their social at the Baptist church next Friday evening instead of Saturday. The hours are from 7 to 9:30 and Miss Joan Fitzgerald will be in charge.

Road Complaint.—Charles Coddling was in from Millington today. He reports that there is much complaint at the slowness with which F. P. Norton is completing the county road through there and the great expense at which the work is being done.

Instal Machine.—The Coos Bay Wiring company installed an electric blue printing machine in the offices of City Engineer Gidley. The device will enable him to make blue prints at any time, regardless of cloudy weather. Under the old method, he had to wait for sunshine.

Buried Here.—The remains of Mrs. Anne Vernon, the Davis Inlet pioneer who died at the State Hospital at Salem, will be brought here on the Breakwater Friday and the funeral services will be held Saturday morning at 10:30 from the Wilson Chapel, the Rev. R. E. Browning officiating.

Child Loses Eye.—Mrs. H. A. Farrier and 6-year-old daughter are in Marshfield from Denmark. They came to consult a physician regarding the sight of the little girl's eye which was injured in the winter by a giant cartridge exploding. Nothing can be done to save the optic and they will return home.

Dredge Catching Inlet.—The Catching Inlet and Summer residents are joyful over the arrival of the Simpson dredge at Summer this morning. The work will commence at Summer and will work this way about 200 yards, which is the shoalest place and after that along the inlet for a distance of two miles.

Give Dinner.—The Marshfield high school domestic science class will give a dinner at the high school building this evening to the members of the school board, their wives, Clerk John F. Hall and wife, and members of the faculty. The dinner will be under the supervision of Miss Moore, in charge of the Domestic Science Department.

Major Kinney Writes.—C. A. Schilbrode received a letter today from Major Kinney in which the latter states that his deal with Wilsey is progressing favorably. He did not mention anything about Wilsey desiring a receiver to conclude the deal. The last of the abstracts were placed in Judge Bronough's hands about a week ago.

Robert Starkey Robbed.—On Tuesday, April 15, at Bay City, a thief entered the house occupied by Robt. Starkey, the poet and pioneer of 1848, and took his American Waltham watch, an Iver Johnson revolver No. 144, and 25 cents. Bob says that while he feels the loss of the watch, his feelings are poignant at the loss of 25 cents.

Are Initiated.—Fred Payne, J. A. Stadden and Eck Johnson of Coquille took the Royal Arch degree at a

meeting of Blanco Lodge Tuesday night.

Shingle Mill Starts.—The C. A. Smith company's shingle mill, which was recently moved to the west side of Isthmus Inlet, will start operations today. It will probably be a few days until they have the plant running at capacity.

Has Big Cargo.—The Breakwater will arrive in early tomorrow morning with 500 tons of freight and 110 passengers, according to telegraphic advices, which Agent Paul Sterling received today.

New Egg Record.—E. H. Squire, of Empire, is going after the Coos Bay egg record with his bunch of layers. He has a flock of 26 hens but two have dropped out and for the first 13 days in April he gathered 251 eggs from his flock and he says they are no high bred thoroughbreds at that.

Dr. Bartle Named.—Dr. Ira B. Bartle has been appointed official physician and surgeon of the Southern Pacific company in North Bend. His appointment does not conflict with the position now held by Dr. E. Mingus as the Marshfield official physician and surgeon of the company, the Beaver Hill mine and the local railway here.

Purdy Seeks Job.—The following from the Roseburg News will be of interest here as W. W. Purdy was here a few years ago promoting an electric line and later did some engineering on the Lakeport project in Curry county. "W. W. Purdy left for Salem this morning where he will confer with Governor West and other state officials regarding the appointment of a state engineer. Mr. Purdy is an applicant for this position and is said to stand excellent chances of being appointed."

Greenleaf's Trials.—G. A. Greenleaf, father of Guy Greenleaf who is confined in the county jail on charges in connection with the death of Erna Knorr, is today suffering from a severe attack of la grippe. He arrived here a few days ago from his home at Centralia, Wash., and is staying at the home of J. S. Chambers, in the rear of The Times office, having known Mr. Chambers from boyhood at Centralia. Mr. Greenleaf has been unable to get word from his family at Centralia since he left and he is considerably worried as some of them were ill. He expects to remain here until after the hearing of his son's case.

PERSONAL NOTES

Z. T. SIGLIN is in town today from the Isthmus.

Studebaker

"Young man, when you buy a buggy, be sure it's a Studebaker"

Sound advice from the man who has been driving one for twenty years.

When you buy a Studebaker buggy you are buying all the skill, experience and science in buggy building that half a century can produce. You are protecting yourself against the mistakes of younger builders.

You will always be proud of the Studebaker nameplate, for there isn't a buggy on the road that is its equal for style, luxury and good looks.

Flexible bent-reach gear, graceful lines, solid corner, plugless body, double-ironed shafts, are a few of the special Studebaker features.

The new close-fitting shifting rail is enough in itself to make you buy a Studebaker buggy.
