Band Concert.—Director Fenton of the Coos Bay Concert Band announces another concert will be given next Sunday afternoon. If the weather is favorable it will be given in the park and if it is unfavorable, the concert will be given at the Masonic Opera house.

Will Build.—Walter Butler has received a note from W. S. McFarland, formerly cashier of the First National Bank here but for the last few years with the Southern Counties Gas company at Los Angeles, stating that he is building a fine home in Los Angeles and will have it ready for occupancy soon.

Catches Big Fish.—Hans Kruger Sunday caught the biggest fish of the season, landing an eight-pound trout near the forks of the river. He caught it with a small troll. The trout was about thirty inches long and was one of the largest ever taken. Captain Kruger, who went out with his son, thought the fishing would be better farther up stream but he failed to get one while Hans landed fourteen nice ones in addition to the big trout.

Open New Bedford Addition.—The Southern Oregon company is arranging to put New Bedford Addition, or Knob Hill, on the market. Mrs. A. H. Stutsman stated today that already forty-two had reserved lots there. Manager Armstrong, of the Southern Oregon company, has informed her that they expect to have the case of the Davis heirs, for a part interest in a big tract, settled with in a short time. Only part of New Bedford addition is in the tract involved.

Enjoy Outing.—Sunday Frank Smith, superintendent of the Coos River hatchery, entertained a small party of friends on an outing. Among those in the party were J. W. Hildenbrand and family, Harry Bradford and family, Perry Dodson and family, Sylvester Jones and family, W. F. Schroeder and wife, J. G. Kinney and family, R. N. Fenton and family, Miss Edith Hildenbrand and Archie Johnston. They caught about sixty nice trout and enjoyed a picnic dinner at the hatchery.

Good Fishing.—The excellent fishing is taking many parties out to the haunts of the finny tribe and all bring back the same story of good catches. The fishing is better than it has been for fifteen years is the statement of one veteran disciple of Isaac Walton. Commencing tomorrow, the tides will be just right and the next week will be the best of the season. A party consisting of E. W. Kammerer, J. B. Tower, C. K. Perry and the Tower brothers of the Orpheum, leave in the morning for a day's fishing on Coos River.

NO NEWS OF KINNEY DEAL

Local Parties Have No Word but Think it Is Progressing—May Delay Trip.

No word has been received from Portland relative to the Kinney-Wilsey deal but it is expected that everything is going satisfactory. Parties on the bay who are in close touch with it say that they do not expect to see it consummated until after Messrs. Wilsey, Brunough and Kinney reach here, which is expected to be some time this week. However, it is possible that they may not come until a little later in order to be here when Judge Harris of Eugene is holding a special term of court at Coquille to hear cases in which Judge Coke cannot preside. He will be here in a week or two and it may be necessary to have the court pass on some matters in connection with it.

The appointment of W. J. Rust as trustee for the Kinney properties will expire April 24, the day after tomorrow. This, it is believed, will not have any bearing on the deal, the withdrawal of Kollock, Watte and others from the trustee agreement altering the situation somewhat. Whether the receivership idea is to be entirely eliminated will probably not be known until the deal is concluded.

CASHIER ED RACKLEFF of the Bank of Myrtle Point, was a Marshfield business visitor today. He reports that Myrtle Point is booming. Everybody there thinks the Smith-Powers road is to be a link in the coast line.

MRS. LLOYD W. JACOBS and little son are here from Spokane to visit at the home of her parents, Mr. and Mrs. James Ferry. Mr. Ferry is recuperating from his recent illness. James Jerry, Jr., went north to accompany them here.

THOSE RAILWAYS.

The news that another railroad is being projected in Western Oregon is refreshing. It has been several months since the last one was announced, says the Eugene Register. Editor Jenkins evidently has not been reading the Coos Bay exchanges.

WHEN THE JAPS GO TO WAR

The first place they will want to take will be Coos Bay and the next place will be SARTER'S because the fight will be so hot they will require a refreshing drink and everybody knows the best fountain drinks on Coos Bay are at SARTER'S.
