Furniture for the Modest Home

Moderate In Price and of Good Quality

WE EXTEND CREDIT to worthy people—and when you buy furniture here, you can rest assured it is good. It is easy to obtain credit within certain limitations if you are "good pay." The desirable citizen, nine times out of ten pays his bills promptly—that's one thing that makes him desirable. Of course, there are times when extension of time becomes a necessity and we do not hesitate about giving it.

A little common sense and plain humanity go a long way toward perpetuating good will—and we know that the house of Going & Harvey has the good will of hundreds of people in Coos County.

A GOOD HOME is just as essential and necessary to the man in moderate circumstances as it is to his more fortunate neighbor. A good home gives one a different and better view of daily life, which is a considerable grind, no matter how you are situated. One of the greatest factors in the making of a good home is good furniture, such as sold by Going & Harvey. Then if you are industrious, you can easily become the possessor of a well-furnished home to which, with your heart full of content, you can go after the day's work is done.
