

You Get Insured Quality in 5130

A Heavy Weight Guaranteed Blue Serge Suit at \$15.00
The Masterpiece of Clothcraft
Scientific Tailoring

JUST to show how good a blue serge suit could be made at a medium price, the makers first produced 5130 a year ago. It proved the biggest seller they ever had, because it was easily the best value in blue serge ever offered at the price.

This spring, it's even better. In fact, it's the masterpiece of Clothcraft Scientific Tailoring. While not the highest priced suit in the Clothcraft line, it's easily the best value that ever bore the Clothcraft Label and Guarantee.

Before you decide on your Spring suit come in and see the Clothcraft Blue Serge Special No. 5130. Examine the cloth and the tailoring. Try it on and notice the style and fit. If you don't decide it's the best \$15.00 worth you ever saw, we won't ask you to buy.

Just say 5130—if you want the best Blue Serge Suit, at \$15, you ever saw.

Builds House.—John Morrissey is having a fine modern cottage erected on Tenth street, near Elrod, just south of his home.

New Smokestack.—The new smokestack being built of reinforced concrete for the Simpson mill at Porter is now up about 32 feet. When completed it will be 100 feet high.

Ship Milk.—The North Bend Condensary will ship a carload of condensed milk to San Francisco on the Homer tomorrow. The condensary is now working at a good rate.

North Bend Contest.—The prize-winners in the Jennings voting contest at North Bend were announced today. Miss Gineva Smith gets the piano, Mary Gurnea the sewing machine, Inez Anderson the gold watch and Gladys Larson the toilet set.

Wilsey Coming.—W. J. Wilsey and Judge Brunough, who were expected here Saturday night and are supposed to be en route here, it is thought will reach the bay within a day or two. It is thought that they were in Drain over Sunday.

Buy Addition.—It was reported today that Manager Armstrong, of the Southern Oregon Company, was negotiating with parties who plan

to buy the entire New Bedford Addition and will then sell it out in lots as per the Stutsman Company has been contracting.

Ship Coal.—The Homer will sail tomorrow for San Francisco with 400 tons of coal and 200 tons of box snooks. This is the first coal shipped south from here in some time and is being sent by Manager Doll of the Libby mines, to Oakland.

Rumor New Boat.—A rumor is going the rounds today that a fast steamer plying between San Francisco and the Columbia River or Puget Sound will soon be making Coos Bay, stopping en route both ways. No verification of the report was obtainable here today and many shipping men doubt the authenticity of the rumor.

For Packing Plant.—H. C. Mitchum, who recently sold out a small packing plant near Spokane, is in Marshfield looking over this section with a view of putting in a small plant here. Owing to the isolation of the section and the big demand for fresh meat that will result from railroad construction, he looks favorably upon it. The only question now is a means of securing livestock. He has not definitely made up his mind about the matter yet.

Narrow Escape.—A son of John M. Eddy, who is employed on the Richardson city survey in North Bend had a narrow escape from death Saturday. While carrying some instruments over the gulch west of Bangor he started across a log. He had a dinner bucket strapped on his back and midway across a 28-calibre bullet struck the dinner pail on his back, tearing a large hole through the tin pail. The bullet passed within six inches of him. Who fired the shot is not known but it is supposed to have been a stray bullet from some careless hunter.

Work on Line.—It is expected that within a month the stringing of the high power electric lines from the C. A. Smith electric plant to Coaledo will be completed so that the logging operations there can be handled by electricity. The Smith-Powers Company have a Westinghouse electric donkey engine there now for the test and will soon receive a General Electric logging engine from San Francisco. A branch power line to the Smith-Powers coal mine on Isthmus Inlet, which Superintendent Hennessey is electrifying is also being built. The hoists, pumps and blowers or air fans at the mine will be operated by electricity as well as the drilling.

WILL ATTEND SON'S WEDDING

C. A. Smith Leaves for Oakland En Route to Minneapolis—Wedding May 10.

C. A. Smith left yesterday on the Nann Smith for Oakland, where he will spend a few days before going to Minneapolis with the others of his family, including F. A. Warner and wife, to attend the marriage of his eldest son, Vernon Smith, and Miss Katherine Drew. The nuptials will take place in Minneapolis May 10. Vernon Smith left here on the last Adeline Smith.

Cornell Lagerstrom, who will also attend the Smith-Drew nuptials, left on the Nann Smith. Mr. Tillsley, of C. C. Moore & Company, of San Francisco, who installed the electric plant here for the C. A. Smith Company, also left on the Nann Smith.

Mr. and Mrs. Vernon Smith will take an extended Eastern honeymoon trip, possibly going to Europe, before coming to Marshfield to reside in the home now occupied by Ward M. Blake.

AMONG THE SICK.

The infant son of Mr. and Mrs. Frank Bowron, of Ten Mile, is reported still critically ill of an attack of bronchitis.

Mrs. Rebecca Luse Stump is confined to her room today as a result of a slight injury.

The two-year-old child of Mr. and Mrs. Chas. Frankquist, of West Marshfield, drank some coal oil the other day, that was left in a cup in the house. The little one has been very ill, but is now so far recovered that all danger is passed.

UNIQUE BIRTH ANNOUNCEMENT.

Frank B. Tichenor Gives Original Notice of Arrival of Baby Daughter.

Friends of Frank B. Tichenor, and he has many on Coos Bay, are smiling today over the receipt of some unique birth announcements just received giving notice of the arrival of another girl, the fourth, at the Tichenor home in Seattle.

The announcement consists of a four-page folder containing a cartoon, the Tichenor genealogy and a clever little verse. The cartoon, which was drawn by Viv Gauntlett, of Gold Beach, is original and artistic. It shows the interior of a room with a fireplace marked Seattle, Wash., the stork has just unpacked an infant from a package marked "Margaret Brinkerhoff Tichenor" and the scales show 7 1-2 pounds weight. The wall calendar shows the date, April 17. The nurse is just disappearing into another room, while the twins, Marion and Anna, are watching her with hammers concealed behind them, the other little sister, Ellen, is shown studying a book, entitled "1500 Select Names for Boys." The girls evidently wanted a little brother. The last page contains the following clever verse.

ELFLAND FAREWELL.

Little stars were nodding
In their beds of downy blue,
Doctor Stork came plodding
Over fields a gleam with dew.
Diamond drops went twinkling—
Fairy tear-drops tumbling off—
Elfand voices tinkling,
Sighed, "Goodbye Margaret Brinkerhoff."
—Roy T. Haines.

Along the Waterfront.

The Elizabeth arrived at Bandon Saturday night from San Francisco. The Nann Smith sailed yesterday for San Francisco.

The steamer Hardy arrived today from the South to take on a cargo of lumber here.

MISS EVELYN ANDERSON reached San Francisco April 22 on her return from Honolulu. In a letter to her father, E. A. Anderson today she says they had a nice trip. She will visit in California for a time.

LOYD LONG, of Spokane arrived yesterday via Roseburg for a visit at the W. S. Nicholson home.

He is returning from an extended trip to Panama, New York and various other American cities, but felt that the trip was not complete without a visit to Coos Bay.

JOHN CLINKINBEARD, of Coos River, was a Marshfield visitor today. He reports everything there in good shape despite the backward season. He holds the record as cauliflower raiser, having raised one head which weighed about 22 pounds and which was larger than one that took the National prize of \$100 for being the largest head of cauliflower raised.

FRED McLA'N, who is here from Myrtle Point to figure with Hugh McLain on constructing the balance of the railway here for the Terminal Railway will return home tomorrow morning. He is driving the piling and putting in the wooden bridges for the Smith-Powers railway, but is far ahead of the graders and is waiting for them to catch up. Just when the Terminal Railway will pass on the bids is not stated.

MCCORMACK IS DEAD.

Son-in-law of Joaquin Miller Sui-cide in New York.
The following telegram from New York will be of interest on Coos Bay owing to the late Joaquin Miller and his family having made their home in Coos County a number of years ago:
"Loudon McCormack, formerly a well-known actor and son-in-law of the late California poet, Joaquin Miller, was found dead in his room at the Hotel Empire. He was ill and out of work and killed himself with laudanum. On a table was an empty bottle. McCormack was the husband of Maud Miller McCormack, deceased."
