

What's the Price of a Good Suit of Clothes?

TWENTY-FIVE dollars. You can buy our clothes for less than that---\$20, \$15; you can pay more than that---we have very fine clothes at \$30 \$35. But \$25 is a good average price; most men who appreciate good quality and style in clothes, good tailoring and fit, are willing to pay as much as \$25.

Hart Schaffner & Marx

suits at \$25 surprise you; particularly if you've been accustomed to going to a custom tailor to have clothes made to measure; more particularly if you've patronized the so-called low-priced tailor: most particularly if you're getting what you think are made-to-measure clothes at \$35 or less.

You'll get all-wool fabrics; trimmings, linings and other materials of a high-grade; tailoring of a very high order—the things that make a suit wear well, and keep shapely. You'll get the value of best style standards and originality of design; you'll get clothes that fit you well.

And you'll gain from \$10 to \$20, either in greater value at the price; or lower price for similar value.

Better see how true this is: \$25 is a price you can afford, and you'll say so when you see the clothes. Better come and look at the new Spring styles.

LOCAL NOTES

MAY TIDES.

Below is given the time and height of high and low water at Marshfield.

The tides are placed in the order of occurrence, with their times on the first line and heights on the second line of each day; a comparison on consecutive heights will indicate whether it is high or low water. For high water on the bar subtract 2 hours 34 minutes.

WEATHER FORECAST.

By Associated Press
OREGON—Fair tonight. Heavy frost in east and light in west. Saturday fair and warmer, except near coast. Northwest winds.

Camp Opened. — Smith-Powers Camp No. 1 on South Coos River re-opened this morning after having been closed two weeks for repairs.

Body Shipped.—The body of Lonzo Lindley Henderson, who died in Bandon, was shipped on the Breakwater this morning to King, Washington. It was accompanied by Mrs. O. C. Hall.

New Firm.—H. J. Snow and C. J. Syne, recently of Spokane, are arranging to open an electrical supply house in the Gow Why building on Broadway, recently vacated by E. Bandel's Cyclery.

Gets New Car.—J. W. Bennett has sold his Chalmers-Detroit auto to Dave Holden, who will use it in an auto stage line and possibly equip it as his pulley-mobile. Mr. Bennett expects to get a new Oakland car soon.

Many Caterpillars.—Orchardists reports that there are an unusually large number of caterpillars in evidence this Spring and they are taking steps to eliminate them lest they damage the fruit and trees and shrubs.

Pays Fine.—Fred Nelme yesterday changed his mind about fighting the case charging him with violating the speed ordinance and appeared before Recorder Butler and entered a plea of guilty and paid \$15 fine.

At Roseburg.—Walter Condon, a contractor of Myrtle Point, is in Roseburg to secure laborers for a proposed extension of the Coos Bay railroad from Myrtle Point into a timber belt on the south fork of the Coquille River.—Roseburg Review.

Mill Slough Protests.—It was stated today that remonstrances against the closing of Mill Slough under an action of Congress are being forwarded to Washington. No word has been received here to indicate that any further action has been taken since referring the matter to House and Senate committees.

To Build Home.—John Motley, secretary of the Chamber of Commerce, is planning to erect a small bungalow on two lots on the north side of Elrod, west of Tenth, which he recently purchased from the Dominican Fathers, who took it over from Father Donnelly. The property is 50x100 feet.

Rushing Work.—Superintendent Riggs, of the Willett & Burr Company, returned to Myrtle Point yesterday with his wife and two children, who arrived on the Redondo. Mr. Riggs says that good progress is being made despite the unfavorable weather. They have about 500 men working on the line now and are receiving a large number of horses, via Roseburg, for the grading. Mr. Riggs said that the uncertain boat service made it cheaper and more advantageous to bring the horses on cars to Roseburg and drive them across to Myrtle Point. With good weather he does not anticipate any difficulty in finishing the road on time.
