

WHICH? A Smaller Outlay or a Larger Outfit

MORE money ahead or more clothes on hand is what Clothcraft Clothes at \$10 to \$25 mean to you.

Either way it's a big saving that you can put in the bank or in more Clothcraft Clothes.

In the latter case, it's both a saving and a good investment. There's a big advantage in having more than one suit. Frequent change of clothes, having one suit pressed while wearing the other is a plan that will give you more satisfaction and service from your clothes and a reputa-

tion for being always well dressed.

Let us show you a Clothcraft combination—preferably a light and a dark suit—that will afford you pleasing variety and freshness in your dress.

The cost of both suits at Clothcraft prices will not be greater than men often pay for one suit no better. Our special Clothcraft values at \$15, \$18 and \$20 offer some splendid suggestions along this line.

Come in Today and try on the **Clothcraft Blue Serge Special, No. 5130**, at \$15.

had reached Camas Valley, en route to Coos Bay from San Diego by auto. He had made the trip that far in his automobile and expected to get in here today. If you have one that you think will stick him you have a chance to win \$5.00.

NORTH BEND IN STATE EVENTS

High School Sends Debaters and Athletes to Contests at Eugene This Week.

The North Bend High school students and patrons are anxiously awaiting the results of two state events in which it is expected that North Bend will make a big showing. The first is the Oregon State High school championship debate at Eugene Thursday night and the second is the Oregon State High school field meet Saturday.

Prof. J. F. Grubbs, principal of the high school, and the students who will represent North Bend left for Eugene Monday. The debating team consists of Miss Norma Chase and Lyle Chapelle and they will meet the Springfield High school champions. Miss Dorothy Kibler accompanied Miss Chase on the trip.

For the state high school track meet Saturday, Joe Barber went to enter the shot put, Fremont Hodson to enter the 100-yard dash and broad jump, and John Hansen to enter the fifty-yard dash. They may also enter other events. The boys have been practicing hard at North Bend and in the workouts have made records that eclipse any state high school record. None of them have ever participated in a big field meet and will be handicapped some by lack of experience. However, Edgar McDaniel and other North Bend business men, who raised a purse to defray the boys' expenses on the trip, are confident that they will make a good showing.
