LOCAL NOTES

MAY TIDES.
Below is given the time and height of high and low water at Marshfield.

The tides are placed in the order of occurrence, with their times on the first line and heights on the second line of each day; a comparison on consecutive heights will indicate whether it is high or low water. For high water on the bar subtract 2 hours 34 minutes.

Maximum 64
Minimum 45
At 4:43 a. m. 47
Precipitation02
Precipitation since Sept. 1, 1912 58.71
Precipitation same period last year 59.94
Wind, South. Partly cloudy.

Winds Property.—It is reported that Miss Nellie Montgomery, head of the Marshfield Christian church, today purchased the R. J. Montgomery residence property at the corner of Twelfth and Commercial. It is understood that she bought it simply as an investment.

Will Elect.—There will be an important meeting of the congregation of the Episcopal church on Friday evening of this week at 8 o'clock. The meeting is called for the purpose of electing the various officers of the Parish for the ensuing year. All who attend the church are urged to be present.

Horton in Fire.—Will Horton, son of Mr. and Mrs. M. C. Horton, in a card to friends here says that the boarding house in which he is staying, pending the completion of their new home in Poplar Bluff, Mo., was destroyed by fire and he lost everything except the clothes he wore. He did not mention the other members of the family. While not in school, he has been working in a printing office here.

Western Union Man Here.—T. P. Duzan, of Seattle, arrived here last night after a trip over the right of way of the Southern Pacific from Eugene. He is from the construction department of the Western Union and is making plans to build a line here as soon as the railroad is completed. He expects to leave tonight or in the morning. He reports that good progress is being made down the Siuslaw by the construction gangs.

Insane Man Away.—John D. Moran who was declared insane last week was taken to Salem this morning by two guards from the Oregon Asylum. Marshal Carter today received a letter from Mrs. Moran, who lives at 1629 Ashland avenue, St. Paul. She asked for information about Moran and requested that everything possible be done for him. She said that she could not afford to make a trip here now. She did not know, when she wrote, that Moran had been ordered sent to the asylum.

No Date Fixed.—Don Gardner, of

SOCIAL CALENDAR
THURSDAY
Young Ladies Society of the Norwegian church with Miss Elsie Larsen.
Social Sewing club with Mrs. Del Rhodes.
Minnie-Wis club with Mrs. D. A. Jones.

North Bend, was in Marshfield last evening to attend a meeting of the Elks. He expects to get the Elks baseball team out again Sunday for practice so that he will have them in perfect form for the game with the Bandon Elks, Captain Best, of the Bandon Elk team was here and claims he is having difficulty in finding a pitcher. No date has been fixed for the first game of the series between the Coos Bay Elks and the Bandon Elks, but it will probably be some time in June when the Coos Bay band will run an excursion from here to Bandon.

New Scheme.—H. C. Diers, of North Bend, who was in Marshfield yesterday, has a new scheme for utilizing waste. The old barkentine Northwest, which has been lying in Isthmus Inlet, having been discarded some years ago, is liable to become a menace to navigation there. He suggests that someone arrange with the Government for taking it out, then get a moving picture machine here and when conditions are right tow the old vessel out over the bar to near Sunset Bay and let her come ashore, enabling the moving picture men to get a graphic film of a shipwreck.

Will Move to Eastside.—John Manning rightly objects to the wrong construction that might be placed on the ouster suit entered against him in Justice Pennock's Court, but which has been stopped. Mr. Manning states that it was not until April 22 that he was given 30 days' notice to vacate the house, which had been purchased by J. W. Hidenbrand. His wife has been too ill to be moved, although he is more than anxious to get away. He has rented one of the Myers cottages in Eastside and is now paying rent on two houses. Mr. Manning has been a resident of Marshfield for more than a year and is a highly respected citizen. As soon as Mrs. Manning recovers sufficiently, they will move to Eastside.

Is Recovering.—E. T. Johnson, of the firm of Anderson and Johnson, the Siuslaw Jetty contractors, arrived here yesterday on the tug Gleaner from Gardiner, where he has been in the hospital since the Scottsburg stage accident. He is still on crutches, having been badly injured about the hips. He reports that Mr. Buttle, the traveling man who was injured in the accident, is getting along nicely but will have to remain there some time. He says they were finely treated. Mr. Johnson went to Coquille and Bandon today and will return on the next Breakwater to Portland, where he will remain at home until he fully recovers. He was en route to the Siuslaw to float the barge, which washed up on the South Spit there a few months ago. He hopes that they will be able to float it during the high tides about May 21. He says he has traveled pretty much of the time for the last twenty-seven years and this is the first time he was ever in an accident.

ELKS WILL BUILD.

Roseburg Lodge Lets Contract for \$31,000 Building.
ROSEBURG, Ore., May 8.—The contract for the erection of the Elks theatre and club rooms was awarded to Contractor Arthur & Sons by the building committee of the Elks' lodge of this city. Work on the structure will be commenced at once, and the structure should be completed within four months. The building will be more elaborate than first planned and will cost approximately \$31,000.

Luther's
Mechanics'
Special
Tool Grinder

Tool Chest Size

A fast hand and foot power machine for all general grinding—built in sizes for every use, for the tool chest or shop. Tool rests give proper bevel for twist drills, chisels, plane bits, knives, etc. One-piece bearings, machine-cut spur gears, enclosed and dust-proof—smooth and noiseless in operation.

Cuts steel as emery cuts copper

Dimo-Grit, the new artificial diamond substance, peels steel away in tiny shavings—25 times faster than grindstones, 10 times more efficient than emery—no need of cooling with water—no danger of drawing temper. Takes but a few moments to put your dull, most battered tools in keen, shiny condition. Let us show you how Luther Grinders save time and money.

Studebaker

"Such shipments mean Studebaker has the confidence of the farmer"

Every year over one hundred thousand horse-driven vehicles are sold by Studebaker. Over a million Studebaker vehicles are always in use. Stop and think what that means.

This enormous output means that Farmers—the men who know—depend upon Studebaker wagons to do their work.

And a Studebaker wagon never fails. It is always ready to do a big day's work—and to keep on doing it. There are thousands of Studebaker wagons that have been in service from 20 to 40 years.

A Studebaker wagon is a real business asset. Wheels, body, frame, axles and running gear have been tested and retested by experts. You can buy cheaper wagons but they're not Studebakers, nor will they last like Studebaker wagons.

Whether in city, town or country, for business or pleasure, there is a Studebaker vehicle to meet your requirements. Farm wagons, trucks, contractors' wagons, buggies, surreys, runabouts, pony carriages, business and delivery wagons—each the best of its kind. Studebaker harness also, of every description.
