

POSTAL BONDS TO BE ISSUED

Over \$23,000 on Deposit in Savings Department of Marshfield Postoffice.

Postmaster Curtis has just received notice from the government concerning a new issue of postal savings bonds which will soon be ready. The issue is of interest here as many have the maximum of \$500 on deposit. The total deposits today in the Postal Savings Department of Marshfield postoffice is \$23,062.00. Concerning the new issue of bonds, the notice of Postmaster General Burleson says:

"By applying on or before June 2, 1913, depositors of the Postal Savings System may exchange the whole or part of their deposits for United States registered or coupon bonds in denominations of \$20, \$100 and \$500, bearing interest from July 1, 1913, at the rate of 2 1/2 per cent per annum, payable semi-annually, and redeemable at the pleasure of the United States after one year from the date of issue, both principal and interest payable twenty years from date in United States gold coin.

"Postal savings bonds are exempt from all taxes or duties of the United States, as well as from taxation in any form by or under State, municipal, or local authority.

"Applications for the conversion of deposits into bonds on July 1, 1913, must be received on or before June 2, 1913, by the postmaster at the depository office where the certificates were issued. The postmaster will supply an application form, which must be made out in triplicate.

"Postal savings deposits converted into bonds are not counted as a part of the maximum of \$500 allowed one depositor, and there is no limitation on the amount of available postal savings bonds which may be acquired finally by a depositor. The exchange is considered as taking effect on July 1, and a depositor who has applied to convert into bonds all or part of the maximum balance of \$500 may deposit an additional amount in July, though the bonds may not have been delivered.

"Postal savings bonds can be procured only by the conversion of postal savings deposits and will not be issued to persons who are not depositors. They may be sold or assigned to any person, however, by the holder, and when a registered bond is assigned a new bond will be issued in the name of the owner.

CHILD IS PRODIGY.

Two-Year-Old Daughter of Dr. Urie Talks Three Languages.

The following dispatch from Chicago will be of interest on Coos Bay, Dr. Urie having visited Coos Bay a number of years ago when he was in the U. S. Geodetic service on the government boat Gedrey.

"Janet Urie, 2 years old, daughter of Dr. and Mrs. John Francis Urie, sailed from New York with her parents for Rome to begin her studies. Already she is said to be able to prattle in three languages.

"Janet's parents decided that she is to have a scientific education under the direction of Mme. Montessori of Rome. Mrs. Urie also will enroll as a pupil of Mme. Montessori.

"Mrs. Urie is the daughter of William Dudley Foulke. Dr. Urie was at one time an assistant surgeon-general in the United States Navy and private physician to Theodore Roosevelt."

GIVING OLD AGE PENSIONS.

Bill Introduced in Congress by Representative Kelly.

WASHINGTON, D. C., May 8.—The progressive old age pension bill to provide \$1 to \$4 a week for all those more than 65 years, whose incomes are under \$10 a week, was introduced today by Representative Kelly of Pennsylvania.

His plan would pension those with incomes of less than \$6 a week at \$4 a week; incomes of from \$6 to \$7 at \$3; between \$7 and \$8, \$2 a week, and from \$8 to \$9, \$1 a week.

The bill would disqualify all criminals, lunatics and inmates of almshouses, and all men over 65 who for any extended period have failed to earn according to their ability.

FIVE TEAMS IN COOS LEAGUE

Arrange to Start May 25 and Will Play Double-Headers To Get All in.

At a meeting of representatives of the various towns in Coos County at the Marshfield Chamber of Commerce last evening, the organization of the Coos County Baseball League was perfected with five clubs, Bandon, Coquille, Myrtle Point, North Bend, and Marshfield. The schedule will include 16 to 20 games each team playing the same number, and double-headers will be played each Sunday to accommodate the old number of teams. The schedule is to start May 25 when Bandon will probably play in Marshfield and Myrtle Point and Coquille in North Bend. This has not been definitely decided, but will be announced as soon as the schedule committee, consisting of I. R. Tower, Arthur McKeown and O. W. Briggs complete it.

Last evening's meeting was attended by Denny Hully, Jeff Hartman and Henry Kern, of North Bend; Chas. Page, Jas. Mars, Milton Cox and Wm. Bailey, of Bandon; J. E. Norton, of Coquille; J. G. Brown, of Myrtle Point, and Arthur McKeown, Joe Schott, I. R. Tower and O. W. Briggs, of Marshfield. The league was started anew by re-electing Henry Kern of North Bend, president, and O. W. Briggs, of Marshfield, secretary.

It was decided to limit the imported players to three to each team. The various captains are put on their "honor" concerning running in fast players, and in addition to this, the five managers must be notified in advance of any new player setting into the game, and they will, in case of objection, decide whether he is eligible. Players are prohibited from jumping and before a player can go from one team to another, he must secure a release from his first team.

Each team will be required to put up \$50 forfeit money and this will go into a purse for the best teams at the end of the season, the one in first place getting \$150 and the one in second place \$100.

It was decided to fix the admission at 25 cents, whether for single games or double-headers, one entrance fee being charged. Each team is to keep all its own gate money. Each team can also fix its own grandstand admittance charges. In case of double-headers, the first game to start at 1 o'clock and the second 15 minutes after the first one is finished. The time limit fixed on games is one hour and 45 minutes. In case of single games, the games are to start at 2:30.

While the appointment of the umpires is to be made by President Kern, the meeting last evening recommended J. W. Gardiner at North Bend, P. V. Catterlin at Bandon, E. C. Blower at Myrtle Point, and E. A. Howatt, of Marshfield, Mr. Norton not being ready to suggest anyone at Coquille yet. The umpires are to receive \$5 for each game, or \$7.50 for double-headers. The umpires are empowered to fine a player from \$1 to \$10 or remove him from the game.

F. G. Hermann, of Myrtle Point was also present at last night's meeting, he and Mr. Brown being the two representatives of that team.

SCHOOL WORK SHOWN FRIDAY

Public Exhibit at Marshfield High School Building Tomorrow Afternoon.

The pupils of the grades of the Marshfield High School building and the students in the department of Domestic Science and Domestic Art will exhibit some of the work done by them during the year at the High School building tomorrow afternoon, May 9, beginning at 2 o'clock.

The exhibit will consist entirely of regular school work which the pupils and teachers have been at pains to arrange so that it will be accessible for examination.

Some little decoration of the halls and rooms will be made with flowers and greenery, of which there is an abundance at this season. There will be music and the students of the Department of Domestic Science will serve light refreshments.

These exhibits are given in the interest of good schools. They are a business proposition. They act as a tonic to scholarship by giving pupils something definite to work for. The effect is lost on a pupil if his own people are not present to see and examine his work, so everybody is most cordially and urgently invited to be present, by Superintendent Tiedgen and the teachers.

A similar exhibit will be made by the pupils of the Central school on the afternoon of Friday, May 16, beginning at 2 o'clock. In connection with the exhibit at the Central school there will be a display of 200 pictures by famous artists furnished by the Horace K. Turner Company, of Newton Center, Mass.

SIX ON BIPLANE.

[By Associated Press to Coos Bay Times.]
CAHRTS, France, May 8.—Six passengers were carried during a 75-minute flight of the French airman Frangois in his biplane here today. This is a new world's record for the number carried in a duration flight.

AMONG THE SICK.

Mrs. E. Mingus is convalescent, after a brief illness.

R. B. Hyde continues very low and little hope is entertained for his recovery.

Miss Julia Holms, who has been seriously ill for sometime, is reported improving.

Miss Maude Bowron has received word that her baby brother, who has been very ill at the home of her parents at Ten Mile, is much improved.

Mrs. Arthur Drews was much improved today and her steady recovery is now expected.

D. J. Rees sustained a badly crushed finger, having struck the end of his index finger with a hammer while doing a little job of carpenter work.

Mrs. J. B. Ziegler, of North Fourth street has been seriously ill of rheumatism the last few weeks.

ANVIL IS UPRIGHT.

Wrecked Schooner in Good Shape at Florence.

FLORENCE, Ore., May 8.—The Anvil is resting easily and in an upright position. Cable to be used in floating her failed to arrive on the Rustler, last week, but a large pump was received, which was used at high tide, and the water was lowered in the hold of the boat eight inches at high tide with one hour's work.

The cable is expected here now and Mr. Generaux expects to be able to move the boat without difficulty. At present they are not trying to do more than to hold her in place.
