Locates in San Pedro.—E. Palle, the tailor formerly engaged in business in Marshfield on North Front street, is now located in business in San Pedro, Cal.

Shoot This Afternoon.—The Marshfield Gun Club is holding a little informal shoot at the club grounds this afternoon. A wireless received from Frank Laise just before going to press says that H. J. McKeown is leading with W. H. Ekblad a close second and Dr. Dix following far in the rear and pretty certain to capture the booby prize.

Is Improving.—J. S. Bristol, the lineman of the Coos Bay Home Telephone company, who fell from a pole yesterday at Fourth and Elrod, is reported to be getting along nicely at Mercy hospital. A more complete examination will be made this afternoon to ascertain the exact extent of his injuries, but they are not thought to be of a critical nature.

Rogue River Booming.—Parties returning from Rogue River report that Gold Beach and Wedderburn are enjoying a marked boom as a result of the fishing industry being reopened. Naturally the Wedderburn Trading company which acquired the R. D. Hume holdings will largely dominate the business, but others are taking up sidelines. Messrs. Caughell, Gauntlett and others are

figuring on a cold storage plant there. There has already been quite an influx of fishermen from outside although the fishing season will not start for a while yet.

Hogs Scarce.—Local butchers report a scarcity of hogs, the markets containing only a small quantity of ham and bacon with almost no fresh pork.

Redondo Coming.—The Redondo is due in late this afternoon from San Francisco with passengers and freight. She has about 1100 tons of freight, including about 100,000 brick for the new Chandler building.

No Fish.—Fish day today and no fish in the markets, because of the prevailing southwest winds. Jas. Watson reports the bar too rough for small boats and he doesn't expect to attempt a catch until the first of next week.

Help Business College.—C. I. Reigard and E. B. Jones today are conferring with creditors of the Coos Bay Business College and other local business men with a view to organizing a stock company and continuing the school. The plan is to assist Mr. Sisk, now in charge, and is meeting with considerable favor.

Band Concert.—Director R. N. Fenton of the Coos Bay Concert Band announced today that a free public concert would be given at the Masonic Opera House next Tuesday night, it being decided not to hold Sunday concerts during the summer months owing to so many being out of town. After another week or two the evening concerts will probably be held in the city park.

Dedication Postponed.—Rev. G. LeRoy Hall last night received a telegram from Rev. White of Portland, head of the Publication Society of the Baptist Church, saying it would be necessary to postpone the dedication of the colportage boat, "Life-line," which was planned for next Sunday. The dedication will probably take place in the near future and several outside speakers will be here for the services.

School Difficulty.—A meeting of the school board will be held this evening. Some difficulty has arisen between Miss Stenholm, principal of the Central school building, and a few of the pupils over the payment for a phonograph. The matter resulted in one or two pupils being absent from school today. It is understood to be wholly a misunderstanding that will be quickly adjusted.

Daily Service.—Captain Ned Galloway announces that beginning next Monday, the Ten Mile stage will make daily trips to Lakeside, connecting with the North Star. There will be no Sunday service. Captain Galloway has recently put an extra boat on the North Inlet run to connect with the Ten Mile stage. One boat leaves early in the day at the service of the tide enabling visitors to take in the Lakeside resort and return in one day.

Idaho Senator.—State Senator Deffenbaugh and wife and son are here from Sand Point, Idaho, with a view of locating on the Bay. Mr. Deffenbaugh has been state senator from Bonner county for some time and was one of the men who started the Bonner Mercantile company and later did much in reclaiming logged off lands in that section. He is greatly pleased over this section and although he may not be able to remain here this trip, he expects to soon.

Elks Ball Team.—There is a lively contest on as to the name which the new Elks baseball team will have. Among those suggested are "Hildenbrand's Ginger Ginks" and "Gardiner's Hoes." There is some question as to how the last should be spelled, some saying "H-O-S-E" and others "H-O-E-S." Will Ekblad says no one ever heard of referring to ball players as a garden implement, while everyone knows of the "Red Sox" and the "Chicago White Sox" and that "Gardiner's Hoes" would be the same as the "Red Sox." Doc Vaughan, who is supposed to know, says Don Gardner never wears red ones and anyway it would be only half-hose. Frank Parsons says the Marshfield team will go through the Bandon line-up like a new hoe through a garden of weeds. There is also some question as to whether the team should be named after the manager or the captain. The question will probably be settled at Sunday's practice game.

PAIR ARRESTED FOR KISSING ON STREET.

They Couldn't Celebrate Their Wedding Anniversary.
YONKERS, N. Y., May 9.—Mr. and Mrs. Robt. McAlesse, 37 Chestnut St., who are about forty-five years old, have found this out twice.

They were before Judge Beall in special sessions for making a disturbance in Main street. All they were doing was kissing each other, they said, and they were indignant at being interfered with. Policeman Koehnan said that they attracted a crowd and he arrested them for disorderly conduct. Judge Beall released the couple under suspended sentence.

On their twentieth anniversary a year ago the couple were arrested by Policeman Waldron for hugging each other on Warburton avenue.
