HIGH SCHOOL ATHLETICS

Friday May 23 will see the five high schools of the county contending on the track and in the field for the championship of the county. Marshfield won the football championship, Coquille the basketball championship, Bandon the basketball contest, North Bend the championship in debating, and it remains now for Myrtle Point to take her share in championship honors, by winning the track meet. Will she do it? Can she do it?

Each school is coming with the strongest team possible and are confident that it will win. Coquille, who last year were good contenders, this year are expectant and from the men entered, no doubt will put up the hardest fight in the history of the association meets.

Myrtle Point is not coming with the intention of being losers and should be able to take points which can not be figured on by the other contenders. Having big husky men to pick from, they should be contenders in the shot put and also should win the distance runs and then with points which may fall to them in the dashes should be at or near the top.

Bandon does not say much and for that reason they bear watching. "Self praise is false praise." Bandon does not praise its possibilities. Watch Bandon.

North Bend will have to be conceded at least three firsts, Hodson, the sprint man, is always dangerous and is almost sure of the 100 yard dash and positively sure in the broad jump. The other first which can be conceded to North Bend is the winning of the shot put by Barber. There is also a possibility of their winning the pole vault, which with other points in seconds and thirds would give them a good start to the first place.

Marshfield has not been able to do the satisfactory training which was done last year and in the field events hardly expects to take a point, with the possible exception of the high jump. Clark is always good in that and is conceded first, but in the broad jump, shot put and pole vault Marshfield High School looks woefully weak.

In the long runs there is a possibility of something for the work of Lecocq and Back is such as to insure a place in the half and mile. In the 440, it is possible that they may get a place, and in the dashes also a possibility. In the hurdles, as far as form is concerned, Clark and Lecocq can show the most, but whether the speed will be there remains to be seen.

Nothing in the dashes is prettier than the hurdles when they are cleared cleanly, and though some competitor may consider it sport only to win and to do so, to run through rather than over the hurdles, it is hoped that the competitors this year as well as the spectators will join for the runner who makes an honest effort to clear each hurdle.

The management wishes to call attention to a mistake in the price set as admission. It is not the intention to charge 50 cents on show on the posters, but the small sum of 25 cents and then hope that the people attending will consider that they have received their

money's worth. Please then think of and expect to pay no more than 25 cents for the afternoon's enjoyment.

Members of the eighth grade are requested to call at High School Building Monday afternoon at 2:30 to receive diplomas and grades, also to arrange schedule of studies for next year.

PLAN FOR FIELD MEET

An assembly of the Marshfield High School students was held Friday to rehearse yells and plan for the Coos County High School meet which will be held in Marshfield May 23. Principal Barker has been advised that all of the schools will be represented and some will have the full teams of ten men each. The Marshfield school pays the expenses of ten from each other school, or as many as come. Plans are being made to run a special train from Myrtle Point if they can be assured of a sufficient crowd to warrant it.

Coach Grannis is getting the Marshfield team in good shape for the event.

Some of the North Bend track men were here yesterday to practice on the Marshfield fair grounds so that they will be familiar with the track.

The Marshfield High School students plan to tender a reception in the evening to the visiting students. On the evening of May 22 it is proposed to have a big parade and bonfire down town in order to stimulate local interest in the event.

The officials for the county meet so far as chosen are: referee, Frank D. Cohan; timekeepers, Chandler, Briggs and Dewey; clerks of course, Messrs. Morris and Woods; scorer, F. A. Tiedgen; announcer, May Reardon.

COQUILLE ATHLETICS.

The Coquille High school will have the following entries in the Coos County High school meet here: 229 yard hurdles, Kern; 100 yard dash, Lawrence; pole vault, Oerding; 889 yard run, Adams; high jump, Oerding; 229 yard dash, Lawrence; mile run, Adams; broad jump, Knowlton; relay, Adams, Watson, Norton and Knowlton.

LIBRARY NOTES

The library has a small, but rather good collection of books on music. Probably for the beginner or for one who appreciates, but does not play, Amy Fay's "Music Study in Germany" is the most entertaining. In the form of letters, it describes her stay in Germany from 1869 to 1875. She tells of how she changed from teacher to teacher and finally came under the instruction of Deppe. Her criticisms of music and musicians are so unaffected and enlightening that the reader unwittingly swallows a good deal of knowledge without realizing the fact.

In connection with this might be mentioned "The First Violin," a musical novel dealing with an English girl's experience in Germany. The book has little merit as literature, but is entertaining and like Amy Fay's letters, gives a very true picture of a musical student's life in Germany.

Like the books mentioned above, the biographies, because of their personal interest, are very readable. The library has the biographies of Liszt, Haydn, Wagner, Beethoven and Mozart. Besides these extended biographies are brief sketches of musicians and music in Lahee's "Famous Pianists of Today and Yesterday," Henderson's "Story of Music" and Elson's "National Music of America" are good for school use.

Then there are three books dealing with the opera, Singleton's "Guide to Modern Opera," Annesley's "Standard Opera Glass," and Guerber's "Stories of Famous Operas." In most descriptions, plots, motifs and stage settings are given.

TIME FOR EVERYTHING.

There's a time to run and a time to walk. There's a time for silence, a time for talk. There's a time for work and a time for play. There's a time for sleep at the close of day. There's a time for everything you do, for children and for grown-ups, too. A time to stand up and a time to sit—But see that the time and actions fit. —St. Nicholas.

A slight cold in a child or grown person holds possibilities of a grave nature. Croup may come on suddenly, bronchitis or pneumonia may develop, severe catarrhal troubles and consumption are possible results. Foley's Honey and Tar Compound nips a cold at the outset, cures croup quickly, checks a deep-seated cough and heals inflamed membranes. Owl Prescription Pharmacy, Frank D. FIRST NATIONAL BANK

Choosing a Bank

Is a matter that should call for careful consideration. The features which should be vitally considered are:

- The financial strength of the bank.
- The condition of its assets.
- The conservatism of its policies.
- The integrity of its directorate.
- The facilities it offers patrons and the intelligent courtesy of its officers and assistants.

It is our aim to excel and we invite you to put us to the test in all these essentials.
