MRS. GUY C. LATTIN, who has been spending the winter with her parents at Alpine, N. Y., writes that she will not be able to return to the Bay as soon as she expected, owing to her father having been ill and there being some delay in disposing of the old home place.

C. R. PECK left this morning for Bandon on business, presumably in connection with the J. C. LaFrance properties there, which are to be taken over for the benefit of the life insurance companies which LaFrance, or Feger, as he was known at Bandon, defrauded out of \$15,000.

D. D. PIERCE, of Coquille, accompanied by his daughter, MRS. E. A. TYRELL, are Marshfield visitors today. Mr. Pierce came over to look after the loading of the Westerner, which will take a cargo from his mill to San Pedro, the Westerner taking the place of the Washington, which was unable to come on account of being libelled in the Columbia River.

ALFRED JOHNSON, JR., and family returned to their home in Coquille yesterday. Mrs. Johnson has been rather poorly and was here to secure medical attention. Mr. Johnson says that the I. W. W. trouble is a thing of the past. Congogue Brothers, who were threatened with the greatest trouble from them, having been able to withstand their walkout without shutting down.

Mr. and Mrs. Archer will later move to Marshfield. Mr. Archer formerly resided here, having conducted a billiard parlor on North Front street a few years ago.

MAYOR L. J. SIMPSON, of North Bend, was a Marshfield visitor last evening. He says that North Bend is a sure winner of the Coos County League pennant this year. He was elated over Hull's pitching against Coquille Sunday when he allowed only three hits. North Bend has an entire home team and it is believed that it will be strong enough but as they are entitled to three imported players, possible weak spots or accidental vacancies can be filled in later.

WEDDING IS A HAPPY SURPRISE

Edward Hansen, Chief Engineer of Gleaner, and Mrs. M. Barry Wed Last Night

Edward Hansen, chief engineer of the Gleaner, and Mrs. Minette Barry, the well known nurse of this city, were married last evening by Rev. G. LeRoy Hall at his residence.

The wedding was a happy surprise to many friends and an interesting one as well in that the bride and groom were previously married and their only attendants were Mr. Hansen's daughter, Edna Hansen, who is a member of this year's graduating class of the Marshfield High school, and Roila Barry, son of Mrs. Barry.

The happy couple are well known in Marshfield, where they have hosts of friends, who will hasten to congratulate them and wish them a world of happiness in their new relations. The bride is a well known and popular nurse, who has resided in this city for years and is esteemed as a lady of excellent character. The groom, who is a brother of Jens Hansen, of Norton & Hansen, was for many years a resident of Empire, and is well known on Coos Bay.

After years of experience Mr. Hansen doubtless determined that he did not wish to navigate the sea of life alone so he secured the assistance of a nurse, not that he feared seasickness, but for heart difficulties. That their voyage may be a sunny one with joys as deep as the ocean and sorrows as light as its foam is the wish of all their friends.

Mr. and Mrs. Hansen will make their future home in Gardiner for which place they leave today.

WORK ON SIUSLAW.

Porter Brothers Will Get 200 Teams For Work.

The Florence Pilot says: "Last week the Roscos took a barge to Mapleton and the steam shovel, two donkey engines and construction cars were loaded on and taken to a point near the Potter place. Here the work of grading, making cuts and fills will be commenced by Bote & Co. and these machines will be used to rush the work between where they are to start down to near the Point Terrace mill.

"Agents have been buying teams in California and they are coming in. There will soon be over 200, most of which are now being used above Lake Creek.

"At Scappell Bros.' camp on the lower Siuslaw, about 2,000 construction rails have been delivered and as soon as teams can be brought in work of grading will commence in earnest.

"At the tunnels on the Umpqua the work is going steadily on, and a good force of men are kept busy.

"At the west end of the route work at camp No. 6 has been finished and the cut at No. 10 will be finished the latter part of the week. This will permit rails to be laid as far as the tunnel. It is expected to finish the track to the tunnel by July.

"The condition of the west end of the Notl tunnel have made it impossible to work there. Lots of water has been running on top of the ground, while it is thoroughly soaked and difficult to operate. When the work starts from both ends it will soon be put through as there is only 600 feet left to bore.

"The county road crews are busy and in one place it is being transferred to the other side of the river. Two bridges will be necessary for this and the lower one is well under way."

LOCAL OVERFLOW.

Gets Auto.—I. R. Tower has delivered a Studebaker to Claude Hockett, of Empire, now manager of the North Bend Box factory.

Tides Delay.—Chas. Noble, who was down from North Bend today reported that the low tides had prevented the unloading of the steam shovel which Porter Brothers shipped in on the Tillamook, off the barge onto the dock. The Tillamook unloaded the steam shovel onto the barge because it was the easiest way to do it.

Name Committee.—At a meeting of the executive committee of the Marshfield Chamber of Commerce yesterday afternoon, J. Albert Matson and F. A. Tiedgen were named as a committee to confer with Mr. Howard who is to prepare the advertising matter for the Sunset advertising campaign. The North Bend Commercial Club is to name two others and D. C. Green is to be the fifth member of the committee.

NORTH BEND NOTES.

Miss Nellie Fish, who has been quite ill at the home of her grandparents, Mr. and Mrs. N. C. McLeod, is reported improving.

Mr. and Mrs. J. Nowlin and daughter, Jeanette, who spent Sunday at the Wm. Reichert home, returned to their home on Coos River yesterday afternoon.

Rev. R. N. Lewis will leave this week to attend the United Brethren Church conference at Tillamook.

Bob Bedillion On Sunday's Game

Official Score: BANDON - - - - 6 MARSHFIELD - 1

SOME games are played with leaden wings, and some are played like blazes; some deck themselves with weeds and things and some with pinks and daisies. Sometimes the diamond is a vain and dreary vale of anguish, a place of worry, woe and pain, where we are doomed to languish, and then sometimes we shout and sing, and wade knee-deep in glory, and think the game the only thing, and life is the hunky-dory. Some games are played with such a droop that all the glooms get busy; some hasten by with such a whoop they almost make us dizzy. Sometimes the weary basemen drag as if their feet were warty; sometimes like lightning on a jag, they go it swift and sporty. Some scores are filled with rain and clouds, and gloom; boys come a-tooting; while some have joys in thronging crowds, and time goes scally hooting. But all our blessings, as they flow depend on how we take them; and whether swift or whether slow, our games are what we make them.

COAST LEAGUE BASEBALL SCORE

Portland Returns Home for Three Weeks' Battle With Leaders

[By Associated Press to Coos Bay Times.]

PORTLAND, Ore., May 27.—Portland returned home today for a three-week's stay, which will probably determine whether McCredie's hopes will have a chance at the pennant. Today, they open a week's series with San Francisco, next week they will take on Oakland and the following week they will play Los Angeles.

The new series, which opens today, finds the teams playing as follows: San Francisco at Portland. Sacramento at Oakland. Los Angeles at Venice.

SORE ABOUT SCHEDULE.

Coquille Valley Towns Want Even Split on Games.

The Coquille Sentinel says: "The schedule for the Coos County baseball league has been completed at Marshfield, and if the river towns stand for it they may be considered as easy marks. It is a decidedly crude arrangement, and especially so when each team is entitled to only its own gate receipts. As an illustration, Myrtle Point is six weeks without a game on the home grounds, and Coquille and Bandon are but little better off. But the committee that arranged it admits the schedule's inefficiency, and will undoubtedly make an apology soon by rewriting it."

Perkins Coming.

Warner Ogren received a long distance phone from "Sharkey" Perkins of Gardiner late last evening saying that he would be here to join the Marshfield team next Sunday. Thursday he will go to Florence to play at the Rhododendron festival with the Gardiner team, about \$500 being wagered on the game. In addition to playing here, Perkins will take a position on the Marshfield-to-the-Sea boulevard work. Bandon was after Perkins and so was North Bend.

Manager Bedillion of Bandon regrets the loss of one of his catchers, Tuttle going to Coquille. However, he got Johnson from San Jose and thinks he has a faster man.

Some of the Bandon baseball contingent declare that during the interim that Coquille and Myrtle Point and the other teams were scrapping Coquille was busy importing good ball material and they claim that Coquille has some faster men than were shown up in last Sunday's game at North Bend.

I like the grand old game of ball;

At rooting I'm no dub,
But durned if I can work up "zitz"
For this blamed Bandon club.
—Harry McKeown.

CRAZY OVER BASEBALL.

Enthusiastic Fan Becomes Mentally Unbalanced in Venice.

LOS ANGELES, May 27.—"Temporary insanity, induced by nervous excitement," is the verdict of physicians caring for William G. Erickson, of St. Paul, Minn., who rooted himself into a frenzy at the Venice-Portland ball game at Washington Park here.

At the critical point in the tenth inning, Erickson, who had been shouting loudly for Portland, exhibited tendencies that alarmed his neighbors in the bleachers. Police were called and the excited rooter was taken to the receiving hospital, where he continued to root the greater part of the night. The doctors believe he will recover from the attack.

Erickson came here recently from St. Paul. He is believed to be wealthy.
