Nearly 100,000 People see Great Speed Endurance Contest at Indianapolis

MILLIONAIRE FISHER LED STARTERS OFF  
Burman Breaks 100-Mile Record, but Car Burns—Goux Then Takes Lead

(By Associated Press to Coo's Bay Times.)  
INDIANAPOLIS, SPEEDWAY, May 30.—Five nations, the United States, England, France, Germany and Italy, battled today for the supremacy in the annual 500-mile race in the third annual world speedway. Tens of thousands of people attended the meet, hundreds sleeping in the open just outside the Speedway in order to be on hand when the gates opened at six o'clock this morning. The number of starters was 27. It was estimated that 100,000 persons witnessed today's contest.

Promptly at 10 o'clock the 27 cars, led by Carl G. Fisher, millionaire sportsman, began the long race around the two and a half mile track. Pounding motors, sheers of throngs and waving flags of five nations presented an inspiring scene. The cars got a flying start and were going 50 miles an hour as they came down the stretch.

**Breaks 100-Mile Record.**  
Burman, driving a Keetch, was leading for the first 100 miles, and broke all speedway records for the distance. Time, 1:15.50.55. The former record was 1:23.43.11. Four cars had dropped out at this distance.

**Burman's Car Burns.**  
Goux, in a French Peugeot, forged to the front when Burman stopped for oil at 140 miles. A little later Burman's car caught fire and was out of the race. Goux continued in the lead.

**Two Are Injured.**  
Tower, in a Mason, blew out a tire and Tower and Lee Dunning, his mechanic, were severely hurt. The car was wrecked.

Burman put out the fire and resumed the race ten laps behind. He stopped to put in a new carburetor. The drivers are suffering from the heat.

**Goux Leads.**  
The Peugeot driven by Goux led at the end of 200 miles, having gone ahead when Burman had to stop. His time was 2:32.30.44. Anderson in a Stutz was second; England, in a Sunbeam, piloted by Hoyt, was third. Mulford's Mercedes was fourth and Wishart's Mercer fifth.

Goux was leading the field at 350 miles by two laps; Anderson in a Stutz was second. The time at this stage was slower than last year.

## UNVEIL SHAFT IN NEW YORK

National Monument to Men Lost on the Maine Dedicated There Today

**WILSONS' MEMORIAL DAY.**

(By The Associated Press BALTIMORE, Md., May 30.—President Wilson and his family slipped quietly into town in an auto this afternoon and went to a hotel for luncheon.

(By Associated Press to Coo's Bay Times.)  
NEW YORK, May 30.—The Army and Navy did honor in New York today to those who perished in Havana Harbor on the battleship Maine. The occasion was the unveiling in Columbus Circle at the entrance of Central Park of the National Maine Monument, erected by popular subscriptions from all parts of the Nation.

NEW YORK, May 30.—Although Memorial Day was generally celebrated all over the Union, in no place, perhaps, was the ceremony more impressive than that occurring here when two nations met for the purpose of paying a tribute to the dead of the battleship Maine, blown up in Havana harbor in February, 1898.

Cuba and the United States met on common ground for the occasion, the former government sending its warship, the Cuba, with a command of soldiers and a commission representing the government.

Thirteen of the largest and most modern dreadnaughts of the American navy appeared the day previous, commanded by Rear-Admiral Charles J. Badger, with Rear-Admirals Winslow, Fletcher and Usher commanding the various divisions.

At noon Memorial Day 5000 soldiers landed at West Forty-fifth street, while the National Guard regiments of the city and the regular troops from the adjacent stations fell into position for the parade preceding the exercises. Following the parade addresses were made at Columbus Circle, where seats for 20,000 persons had been provided.

Mayor Gaynor, Rear-Admiral Sigsbee and Father John Chidwick, the former the captain, the latter the chaplain, of the ill-fated ship at the time of the calamity, made addresses.

For each vessel in the fleet commanded by Admiral Dewey at Manila, a scarlet oak was planted around the monument, for each ship commanded by the late Rear-Admiral Schley at Santiago, a red oak, and for each battleship in the navy at this time, a pin oak. In years to come, when these trees attain their growth, the monument will be surrounded by a great grove.

When golden morn adorns the blue,  
We softly come and fondly lay  
A tribute on the graves anew.

II.  
Roses that whisper hope we bring,  
Carnations rich and lilies rare,  
Garlands of memory scattering  
Their incense on the sacred air.

III.  
For us your darling march was made  
In deadly storm of shot and shell,  
For us to live sweet life you paid  
In a fadeless glory where you fell.

IV.

Earth's royal pageants pass away,  
Your matchless deeds extoll'd in song

Memorial Day was fittingly observed on Coo's Bay today. Most of the business houses were closed this afternoon during the program arranged by the Spanish War Veterans and which was held at the Masonic Opera House.

The I. O. O. F. cemetery was handsomely decorated, scores of people working yesterday and last evening and this forenoon to decorate the graves of relatives and friends. It was really one huge bank of flowers this afternoon.

Commander Cathart of Baker Post G. A. R., yesterday visited the cemetery and marked the grave of each of the 38 old soldiers who are buried there, with flags.

The Spanish War Veterans and G. A. R., formed at Front and Market at 1 o'clock, and headed by the Coo's Bay Concert Band, marched to the Masonic Opera House, where the program was carried out. The line of march was short but most of the veterans of the two wars who live on the Bay were present.  
At the Masonic Opera House D. A. Jones, marshal of the day, gave way to Commander S. B. Cathart, who presided during the program. Features of the program were numbers by the band, songs by a quartette composed of Messrs. Jay Tower, Harry Bultmann, Chas. Stauff and W. Langworthy, a recitation by Miss Evelyn Langworthy and on oration by Lyle Chapelle of North Bend. Divine Blessing was invoked by Rev. R. E. Browning and the principal address was delivered by R. O. Graves, who gave an inspiring and excellent part-talk. It was an excellent program throughout.

Following the program, the veterans went in autos to the cemetery to visit the graves of those who had been "mustered in."

Pat Miller, Alias Frank Diamond, Recovers in Montana and Denies Murders

## FIRST CONFESSED MURDER OF GOVERNOR MEAGHER

Also Claimed to Have Slain Several Oregon Men—Reveals Crimes of Long Ago

(By Associated Press to Coo's Bay Times.)  
MISSOULA, Mont., May 30.—Despite strenuous denial of all knowledge of the murder of former Governor Meagher of Montana, to which he confessed before witnesses when he thought he was dying last Tuesday, Pat Miller, alias Frank Diamond, today made contradictory statements. He admitted working at Fort Benton at the time Meagher was killed in 1867. He admitted having known "Big Nose" Fenton, a desperado, who by his confession, was hanged for a crime which Diamond himself committed. He stated that he went on a visit to Ireland many years ago with \$8000 which, however, he claimed today was realized by the sale of a mine in the mountains. In his confession he stated that he was paid that amount for getting rid of Meagher. Diamond also confessed to having killed several men in Oregon, although he did not give the names of his alleged victims. One of the men he said, was killed at The Dalles many years ago. A thorough investigation of Diamond's early record will be made. He stated that he had killed a man named Bill Clark and thrown the body into the Willamette River, but he now disclaims all knowledge of this murder.

## RANDOLPH HIGH UP ON BEACH

Little Hope of Saving Gasoline Schooner Which was Driven on South Spit of Rogue

According to word received today from Gold Beach, there is comparatively little hope of saving the gasoline schooner Randolph, which went ashore there while trying to cross in over the Rogue River bar with a cargo from Portland and Astoria. The schooner was struck by a big breaker on the bar which flooded the engine room and stopped her power. She was swept up on the South Spit and at low tide is completely out of water. Her seams are opened up and she takes water badly.

Her deckload was carried away by the heavy set, but only about half of the balance of the cargo was damaged. The cargo was almost entirely for the MacLay Estate or rather the Wedderburn Trading Company, being general merchandise and supplies for the cannery.

Capt. Anderson and Engineer Tom Golden and the others aboard escaped without injury. All of the cargo has been taken out. Capt. Anderson's only hope is to pull her overland into Rogue River. The Randolph in her first trip out of the Columbia was swept on the spit there and lost her rudder and was otherwise damaged, but was got off and temporarily repaired and started for Rogue River.

The Randolph is owned by a stock company of Langlois men. Capt. Anderson is the heaviest stockholder. She is a comparatively new boat. All of the crew own some stock in her. The year before last, she paid about 30 per cent dividends.

The Randolph had been trying to get into the Rogue River since Monday, Captain Anderson noticing that the bar was very shoal as well as rough. He made several trips from Port Orford, where he sought shelter before he made the disastrous attempt to get in.
