FOR THE SENIOR CLASS

The members of the Senior Class were guests of honor at a delightful evening party tendered their Friday evening by Mr. and Mrs. F. L. Grannis at their home on South Fifth street. The rooms were beautifully decorated with huckleberry and roses, the color scheme of green and white, the senior colors being carried out in the decorations of the individual serving tables and in the refreshments and place cards. A very pleasant evening was spent at games, cards and music.

Those present were Misses Ruth Allen, Ruth Tower, Joan Fitzgerald, Edna Hansen, Hazel Powers, Mildred Wilson and Frances Williams, and Messrs. Ralph Kruse Arthur Kolstad, Max Reigard and Leslie Isaacson. Mrs. Grannis was assisted by Mrs. F. E. Allen.

SENIOR ACTIVITIES.

The week of Senior business and festivity begins Sunday evening at 8:00 o'clock with the Baccalaureate sermon by Reverend R. E. Browning at the Episcopal Church. Class and faculty will attend in a body and the general public is cordially invited to be present.

Special music, including a solo, "Hear Ye, Israel," from the Elijah chorus, by Mrs. A. B. Gidley and a violin solo by Mr. Keyser, will be a feature of the evening.

On Tuesday evening comes the class play "Twig of Thorn" at the Masonic Opera House. Careful practice and extensive preparation have gone into this play with the result that it promises to be very good and well worth the attending.

Thursday evening the Commencement exercises will be held at the high school auditorium, including invocation by Rev. Bassford, a piano solo by Miss Mary Kruse, a solo by Mrs. Gidley and the address of the evening by Geo. Rebec, Ph. D. of the University of Oregon. The program will be followed by a reception to the Seniors by the Junior class.

On Friday night the Alumni Association will entertain the Seniors at a banquet at The Chandler Hotel.

Saturday ends the weeks' gaiety with a high school picnic to Allegany and Pipers' Grove on North Coos River.

TWIN WEDS TWIN; TWINS ASSIST THEM.

BERKELEY, Calif., May 30.—A twin married a twin in this city last evening, and a twin and a twin were best man and bride-maid, the latter being a sister of the bride and the former a brother of the groom. Dr. A. B. Howe, for Berkeley, married Miss Ida Cherry, a freshman student at the University of California. Miss Ina Cherry, twin sister of the bride, was her sister's supporter and Alfred Howe, twin brother of the groom, his best man.

LAUGHING POLICEMAN TO BE TRANSFERRED

ST. LOUIS, Mo., May 30.—It is seldom a policeman is so tickled over his job he asks to be transferred, but tomorrow three officers will be taken off duty on the Eads' bridge for that very reason. The constant jarring produces a tickling sensation in their feet and the officers cannot withstand laughing. So they will be given other duties while three more undergo the sensation of being compelled to laugh whether they want to or not.

MUST CHANGE BOAT SERVICE

Southern Pacific Can't Operate Competing Boat Line—Change Portland Dock

Owing to the new law which prevents the same companies operating steamships and railways between competing points, the steamer Breakwater will either have to be transferred to another company or put on a different run when the Southern Pacific Railway is operating in here. It is presumed that the O. W. R. & N., which has been divorced from the Southern Pacific, will handle the steamship business between Portland and Coos Bay then. Either the Breakwater will be sold to that line or will be put on the San Francisco-Coos Bay run if retained by the Southern Pacific.

The Portland Oregonian says: "On the arrival of the steamer Breakwater from Coos Bay she will berth at Albers dock No. 1, she having lost her forming landing place on Ainsworth dock because of lack of space for the accommodation of cargo handled by vessels of the 'Big Three' line.

"Whether the arrangement will be permanent has not been determined. The Breakwater was shifted, it is said because high water has made the lower deck of Ainsworth untenable, and as the new addition to the dock on the north is a few feet higher, it can be used handily by the big steamers. Should the water continue to rise, they will eventually be driven to the upper deck. The Breakwater belongs to the Southern Pacific, and it has been expected she would not remain at Ainsworth since proceedings were carried out divorcing the Southern Pacific and O. W. R. & N. interests.

ARE SENT TO PRISON

Judge Hamilton Sentences Men Who Attacked Sheriff.

The Roseburg Review says: "It will be a long, long time before John Devitt, Stanley Gilbert and Eugene Owen Smith are released from the state penitentiary if they serve out in full the double sentences imposed upon them by Judge J. W. Hamilton on Monday and Tuesday of this week. The trio were taken to the penitentiary this afternoon, following their assault on Sheriff Quine in the county jail last Friday night, when the gritty Sheriff fought them off and prevented their escape after his scalp had been laid open with a stick of wood.

"On Monday Devitt and Stanley plead guilty to the charge of robbing the Golden Rule Store in this city and received sentences of from two to five years each. Smith plead guilty to forgery and was given a sentence of from two to 20 years, his criminal record being a long one. Then they were arraigned on an indictment charging them with assaulting an officer while imprisoned, but to this they did not plead guilty. On Tuesday afternoon, however, they changed this plea by confessing guilt and were given the statutory penalty, of from 10 to 20 years each. The sentences must be served alternately."

HOUSE CLEANING.

Housecleaning time, housecleaning time, A victrola chants thy praise in rhyme. When law and order all must cease; When catting from the mantelpiece Is quite the rage; when furniture Is standing where you hit it sure As coming in the house at night, You grope forth blindly for a light, And over chairs and tables climb With curses, at housecleaning time.

FAIR PLAY

A clerk in a retail store should not be asked to work longer hours than those employed in other ways. Organized labor should be just as considerate of and ready to see that the retail clerk gets a square deal as they are of any other laborer. Whenever you see a store opened after six o'clock in the evening, with the possible exception of Saturday evening, you may be sure that the proprietor is demanding of his employes time which rightfully belong to them. Not only so, but he is compelling other store-keepers, through the law of self protection, to do the same.

Until a few years ago the stores of Marshfield were closing at 6 P. M., except Saturday evenings. About that time a certain concern, not satisfied with fair open competition, broke over this fair rule. The result is a number of business houses have felt it necessary, in order to protect themselves, to do the same.

The policy of the Golden Rule has always been to give its employes, as well as its customers, a square deal. To this end we have always closed at 6 P. M., Saturday evenings excepted. We shall continue to do so. Do you believe it is right? If so it is in your power to correct the injustice that is being done others.

Why trade at a store that makes a practice of working its help overtime. The proprietor is afraid of fair competition or he would not use this unfair method of getting business.

Yours for a square deal,

The Golden Rule

R. A. COPPLE.
