Change of Service.—Until further notice there will be only the 8 a. m. Communion Service and the 11 o'clock service every Sunday in the Episcopal Church, as the pastor, Rev. Browning, will be at North Bend every Sunday evening at 8 o'clock holding services in St. Mary's Episcopal Church.

Home Builders.—F. E. Bowman, head of F. E. Bowman & Company of Portland, who have built many of the homes in Irvington and other additions there, is in Marshfield, looking this section over with a view to operating here. Their plan is to build the houses and sell them on easy payments to owners. He is favorably impressed with the outlook here, but has not definitely decided whether to enter this field.

Returns From Remote.—Prof. F. A. Golden returned last evening from a visit to the schools in Remote and Bridge and reports the general condition of the schools as being fairly good, but makes particular mention of the school at Remote as being the first district school to raise the salary of the principal to \$100 per month and the assistant to \$65 per month. The school has 60 pupils and a strong school spirit prevails.

Bond Sale.—As a result of the suit of W. J. Rust, trustee of the Kinney properties, versus the city of North Bend, attacking the annexation of Plat B, being formally dismissed, the city of North Bend expects shortly to receive the money for the \$35,000 bond issue recently voted. It was stated that this suit was the only barrier. In addition to the bond sale, the dismissal of the suit will enable the city of North Bend to collect considerable back tax money.

Lifeline Services.—The first services on the new Colporter boat were held last evening when Rev. G. LeRoy Hall took it to the North Inlet landing, Rev. McKee conducting the services. Forty-three were present and the services were most successful. The boat will be dedicated June 29, and Rev. Hall has just received word that Rev. Geo. L. White will be here on that date. Sunday, Rev. Hall will conduct services at Lakeside and Monday night at Ross Inlet school house.

Less fuel is needed when cooking in "Wear-Ever" utensils, because they heat quicker and retain heat longer than other cooking utensils; and food cooked in them is less liable to scorch. No Meeting.—Owing to the lack of a quorum, no meeting of the Marshfield Chamber of Commerce was held last night.

Forfeits Bail.—W. E. Berry was arrested last night for intoxication and put up \$5 cash bail. He failed to show up for trial today.

False Fire Alarm.—Some one saw some smoke coming out of the side of an old chimney in the rear of the Blanco Hotel this afternoon and turned in a fire alarm. There was no damage and no water was turned on.

Meet Monday.—The Port of Coos Bay Commission will hold a regular meeting on Monday. Steps will be taken to try and hasten the completion of the bar dredge Michie at Seattle and also to get permission for the use of the dredge in the inner Bay in rough weather.

Losses Leg.—A workman on the Smith-Powers road beyond Myrtle Point was seriously injured yesterday by a fall of rock, his leg having to be amputated. Dr. Dix was called from here last night and made the trip over and back in about four hours.

Gets Contract.—Mrs. E. G. Perham has just received word from Mr. Perham that he was awarded the contract for the construction of a big bridge across the Illinois river below Grants Pass. Mr. Perham is now at Medford arranging for his new work.

Re-opens Station.—E. Phillips, formerly on the Breakwater, is here and is arranging to re-open the local wireless station, which has been closed for a few weeks on account of the wireless operators' strike. A new pole has been erected to take the place of the old tree that fell down.

Kinney's New Plan.—Major L. D. Kinney has a new scheme. He proposes to gather a big collection of Oregon exhibits at the Multnomah hotel, Portland, and take them to the San Francisco exposition. The funds to defray the expense are to be raised by private subscription. Henry Sengstacken, of Marshfield, was the first to subscribe and Peter Loggie, of North Bend, the second, each coming through with \$12, which Major Kinney has decided to assess them. In addition to the general good, Major Kinney's publicity bureau will probably advertise those subscribing to the fund.
