## NANN SMITH BRINGS MANY

### Steamer in From San Francisco This Morning With Passengers and Freight.

The Nann Smith arrived in this morning from San Francisco with passengers and freight. In the cargo was about 50,000 bricks for the Chandler Annex, three carloads of cobbles for the pulp mill, a donkey engine for the Southern Pacific and considerable miscellaneous stuff.

Capt. Erickson, of the Redondo, came up this trip on the Nann. Some of his friends here thought that there was a wedding in sight but later in the day it was found that he came up to take Capt. Magee's place on the Nann Smith while the latter enjoys a vacation and moves his family into his new house.

The Redondo is still on drydock and it will probably be a few weeks before she will be ready to go back on the run again.

Among those arriving on the Nann Smith were: Capt. H. C. Peterson and wife; E. D. Ward, H. E. Bultmann, Mrs. Grace Taylor, Miss Parks, Mrs. Parks, G. Winberg, and thirty steerage.

The Nann Smith will sail Monday at 3 o'clock.

Washington in Port.—The Washington, carrying freight only, crossed in from San Francisco this morning and is now at Ocean Dock. She brought 250 tons of miscellaneous cargo and will take on a load of box shooks, shingles and a large consignment of casaca bark. She is scheduled to sail Sunday morning.

city, etc., and if the company was not entitled to pay for this. Mr. Albrecht replied in the affirmative.

During the afternoon, Mr. Teal wanted to know if a statement by Mr. Stutsman of the pressure at the city hall, sworn to by Mr. Stutsman, would be accepted by Albrecht as fair and the latter replied it would.

Expert Greene stated that January 28, 1913, he took a pressure test at the home of C. H. McLaughlin and found seventeen pounds pressure.

City Attorney Goss introduced the statement of the Polk directory people to show the increase in population and also a statement of the Oregon Power company showing the number of consumers in Marshfield and in North Bend, a statement by City Engineer Buckingham showing the number of business houses and residences, and promised a similar one from the Coos Bay Home Telephone company.

Henry Sengstacken was the last witness before a recess was taken and testified that he considered some of the land in the water company's tract worth \$600 per acre and some of it worth \$800 or less per acre.

In his cross-examination of Carl Albrecht, Mr. Teal touched in a rather sarcastic way upon Mr. Albrecht making certain that the water experts while here saw part of a frog or other animal coming out of his faucet.

### SONS OF NORWAY'S BIG PICNIC AT ENEGREN'S GROVE SUNDAY.

## BIG PICNIC NEXT SUNDAY

### Sons of Norway and Coos Bay Band to Entertain Hundreds on South Coos River

The Sons of Norway will hold their annual picnic at Enegren's Grove next Sunday. It will be the big outing of the year and it is expected that hundreds will be in attendance.

Nothing has been left undone to make it a big success. The Coos Bay band will furnish music all day and the dancing pavilion has been in excellent shape for those who wish to indulge in the light fantastic. The picnic will be even better for the week's delay. President Johnson and his assistant's having had an opportunity to get things better prepared for it.

There will be boat service at frequent intervals from Marshfield to the grounds, first boats leaving at 8 o'clock Sunday morning from Market avenue wharf. Returning boats will leave grounds at frequent intervals during afternoon and evening. Boat fare 25 cents each way.

Band concert Sunday forenoon. Athletic and sports program and games in early afternoon.

Free dance all afternoon, music by Coos Bay Concert Band. Drinks, ice cream and light refreshments.

## BANK ROBBER IRRESPONSIBLE

### Glendale Bankers Say They Will Refuse to Prosecute Ray Diamond.

**SMALL REWARD OFFERED.**  
GLENDALE, Ore., June 18.—The Glendale State Bank this morning authorized a reward of \$200 for the return of the money taken by Ray Diamond, the 22 year old desperado, who on Monday morning held up Cashier Smith and secured something over \$2,500 in cash. No reward, whatever, is offered for the capture of Diamond.

### Desire Their Money.

That the officers and directors of the Glendale State Bank appear indifferent as to the capture of Ray Diamond, the 22 year old desperado, who on Monday morning held up Cashier Smith, of the Glendale State Bank, and secured cash to the amount of \$2,500, could be no better evidenced than by a statement made by Vice-President Howard, of the Glendale depository, late yesterday. In talking with Sheriff Quine, Mr. Howard said that he considered Diamond partially insane, and that the bank officials would refuse to prosecute even though the bandit was captured. This statement, coupled with the fact that the bank has offered a small reward for the return of the money and nothing for the capture of the desperado, leads the officials to believe that the officers and directors of the bank are more desirous of securing the money than the man who committed the act.

While Sheriff Quine listened attentively to the pleadings of Mr. Howard, the officer refused to agree that Diamond should go unpunished in the event he is captured. In fact, Sheriff Quine told Mr. Howard that Diamond would be prosecuted in the event of capture, regardless of the attitude displayed by the officers of the bank.

### STAMPEDE FOR DIVORCES IS BEGUN IN KLAMATH

KLAMATH FALLS, Or., June 20.—The wisecracks of this community are now pondering over the causes for the sudden growth of the local divorce evil. Twenty-five divorce cases at one single term of Circuit Court means that within the past few months at least one out of every 100 families in Klamath county has begun legal proceedings to dissolve the bonds of matrimony. It would mean that during the year one out of every 25 families of Klamath County would find marriage a failure and seek relief through the divorce court.

Circuit Judge H. L. Benson has just begun the June term of court and on the docket there are 25 cases wherein wedlock is declared unbearable. Many of the parties have recently come to Klamath

## STOP BETTING AT BALL GAMES

### Coos County League and Officers May Stop Practice—Close Game at Bandon

The Coos Bay County Baseball league may introduce a new innovation soon by prohibiting betting on the grounds. The league, of course, can't stop betting before the games, but it can, by the cooperation of the officers in the various towns, stop betting on the grounds.

The reason for the proposed stand is said to be the desire to eliminate wrangling and "rough stuff" at the games. It is claimed that the trouble is nearly always caused by parties betting who cannot afford to lose. If they win, all right. If the game gets close, they get excited and then trouble starts.

Coquille is said to be the first place that will probably put the new rule into effect.

J. E. Norton of Coquille, secretary of the club there, was in Marshfield last night. He said that he had heard of the new plan and thought it would be a good thing. He thought that it would work towards patronage from the public. In addition to this, he said that it would probably eliminate the danger of the wrangles arousing more opposition from the churches who are opposed to Sunday baseball.

There is a law prohibiting betting so that the officers will have ample authority to stop betting on the grounds.

The report that last Sunday's game between Coquille and Bandon would be contested is said to be erroneous. There was some trouble about Umpire Caterlin of Bandon, because he had bet on the game before he knew he was going to umpire. He transferred or withdrew the bet before the game started. There were two umpires, Blower of Coquille and Caterlin of Bandon. Coquille lost on an error of Pitcher Collier fumbling a little bit and then the first baseman dropping it. The score was nothing to nothing up to the last half of the ninth and then were two out, two on bases and two strikes on the batter when the error occurred. The game had gone an hour and forty-three minutes and would have been called in another rule limiting the first game of double-headers to an hour and forty-five minutes. The game is said to have been one of the best ever played in Coos county.

### JOINS MARSHFIELD TEAM.

Charlie Collins, a ball player of good promise arrived today from Portland to take a place on the Marshfield team. He will probably hold down the bag at third base in Sunday's game.

### OLSON HAS NEW JOB

Former Ten Mile Resident in Burg—Tells of Mexico.

The following from the Review will be of interest to Bay as N. S. Olson formerly of Lakeside and spent considerable time in Marshfield:

"N. S. Olson, president of Superior Hospital Association of Roseburg this week, was in Marshfield and Dr. F. J. Laird and Dr. F. J. Laird and Dr. F. J. Laird recently returned to the City of Mexico, and they are glad enough to get away. There during the recent attack on the city, when hundreds were killed, and a charge was made by 150 rough riders and over 200 men and many horses were killed and many wounded. The stench was terrible. Mr. Olson and his companions managed to get away through the German lines, and the city by information through the German lines, and the American consul being unable to do anything."

### CLEAN CHIMNEYS

It is required by ordinance that all chimneys in the City of Marshfield be cleaned and kept in repair, to prevent the danger and damage of fire. In keeping with this ordinance, people are requested to have their chimneys cleaned and repaired.

By order of J. W. CARTER, City Marshal. I am prepared to clean and repair chimneys on short notice. Leave orders at 258. A. R. BAKER
