DENTAL SUPPLY DEPOT OPENED ON COOS BAY

Manager Birch Adds Another Important Department to the Red Cross Drug Store.

Franklin C. Birch, who returned yesterday from a business trip to Portland, while in that city perfected arrangements to add a complete line of dental supplies to the Red Cross stock. Heretofore San Francisco and Portland were the nearest points at which dentists in this section could secure any supplies, and at times this necessitated some very inconvenient delays. As a result of this enterprise, dentists will now be in a position to secure everything in the dental line promptly.

It also indicates the development of Coos Bay as a jobbing center as these goods will be sold to dentists only.

THE BOULEVARD.

The work of building the trail on the boulevard right of way under the supervision of Abner Tribbey has been practically completed through the Reynolds Development Company property at an expense of about \$500. To extend the trail on to Charleston Bay will cost about \$200 more. We need this amount of money.

Who will put it up? Send or give your donations to Dr. Straw or Bert Doremus. Don't wait for them to call on you. Any amount however small will be appreciated, if there are any laboring men or labor organizations in the city who care to donate one day's service please call on Abner Tribbey, Phone 185.

This means much to Marshfield and the patriotic citizens of the city cannot afford to let it result in failure.
