WITH THE TOAST AND THE TEA

GOOD EVENING.

Every one of us has it in his power to lead the world forward and to enter himself on a higher life if he will steadily refuse to be satisfied with the name of religion, if he will consecrate the days and the nights to the infinite reality—not to say, "Lord, Lord," merely, but to do the things which he says.—Edward Everett Hale.

FACT.

While things you do may count, my friend, You'll find it is true, That happiness will oft depend On things you do NOT do.

We all know that we shouldn't do it. But few of us know enough to refrain from doing it.

A man just can't help feeling foolish every time he hears of a baby being named after him.

It's a poor joke, as you can see. It's almost homicidal; But idle curiosity Is never, never idle.

STORY OF THE DAY.

A change of tenors had been made in the church choir. Upon little Lola's return from morning service she exclaimed: "Oh, mamma, they've got a new terror in the choir!"

Word was received here today that Warren Reed and party of Gardiner men met Secretary Edgeworth and his party with a small boat at Winchester Bay, took them up the Empqua to Scottsburg and showed them the road east with a statement that their presence was not desired by that community.

Three Arrested.—Last night Tom Corbett was arrested again for intoxication and this morning was fined \$10. He did not have the money, but was released on promise to leave town at once. When mother finds the milk is sour she will patiently save it and tie it up in a bag and make smears for the children. But if father finds the beer is flat he wants to vote the Prohibition ticket and put the breweries out of business.
