LOCAL NOTES

Catch Big Fish.—Jim Wasson yesterday made a big catch of deep sea fishing, bringing in one halibut that tipped the scales at 134 pounds.

Buy House.—Robert Krugertoday purchased the frame house at the northwest corner of Second and Central from T. C. Russell and will move in on to his lot at the corner of Fourth and Commercial. Mr. Russell will build a brick block at Second and Central.

Gets Divorce.—At a hearing in chambers this afternoon, Judge John S. Coke granted Tom Nichols a divorce from Mrs. Mary Nichols. A property settlement between the two had been effected outside of court and as a result of this settlement, the case was not fought. The decree was

granted under a new petition which eliminated the salacious charges in the petition of a year or so ago, and the salacious evidence in the hearing that followed the original suit. The divorce was denied a year ago.

Got His Papers.—John West has his first naturalization papers again as a result of a Times want ad. They were picked up on the street by Constable Cox, who brought them to The Times and a little want ad. quickly found the owner. The Times want ads. get results.

Will Come.—Alva Doll late yesterday received a telegram from the Rev. Gardiner of McMinnville, who was elected supply pastor of the Marshfield Baptist church for the summer, stating that he would arrive here on the Breakwater next Saturday and will preach here Sunday.

Fine Moving Picture.—"What Happened to Mary" proved such a drawing card at the Orpheum last night that not near all who wanted to see it and the balance of the fine show could get seats. So in response to many requests, Tower Brothers will repeat the great film tonight in addi-

tion to their excellent regular program.

Get Equipment.—John M. Eddy, of North Bend, formerly W. J. Wilsey's local agent, has completed the organization of the General Supply and Construction Company to do a general contracting business and is assembling equipment. He will have two steam shovels, models 20 and 28, and expects to receive scrapers, etc., within a week. He will use some of the equipment on contracts that he has underway for the S. P. in North Bend, lowering streets to the railroad grade.

Case Ended.—The Oregon Supreme court this week denied the application for a rehearing of the "Fire Pit acre" case from Marshfield, according to word received by C. R. Peck, attorney for the Merchant estate, which was victorious in both the lower and supreme courts. This leaves the legal controversy over the ownership of the tract between the C. A. Smith company and the Southern Pacific, the result of the court decisions so far being to determine that the "Fire Pit Acre" was located east of Broadway and south of Mill Slough.

LET US TALK IT OVER!

DAYTON BICYCLES ARE BUILT FOR HEAVY SERVICE

MY CREED

I never write an advertisement about goods that I would not buy myself, or recommend to my best friend; and I will never say about those goods in my advertising, to get others to buy them, anything that I could not honestly say about those goods in getting my best friend to buy them.

My Friend:—I believe that the Dayton is the best Bicycle for sale in Marshfield. It is the "cornerstone" of my business. The other corners are Honesty, Quality and Courtesy.

A SUGGESTION FROM MY MOTHER:

(Copied verbatim from her letter).

"I want my business to grow through force of merit and I want the gain to be mutual between my customers and myself."

The services of the Marshfield Cyclery will be appreciated, especially by boy and girl riders of Dayton Bicycles. We'll pump up your tires, oil and adjust your Dayton's free of charge.

(Not because we like to oil and clean wheels, but because it pays to be accommodating.)

MY BACKING:

Mr. E. Bandel.
Marshfield, Oregon.

Dear Sir:

Our mutual friend, Mr. Charles O. Cook, of the Corham-Revere Rubber Company, Portland, Oregon, who are our Northwestern distributors for the Dayton bicycles, was showing the writer some of your enthusiastic advertisements.

Our five year guarantee is a mighty fine talking point and one that you can absolutely live up to, as the Davis Sewing Machine Company stand back of the Corham-Revere Rubber Company to make good on any defects on Dayton bicycles.

Trusting that you are receiving good results from your Bachelor contest letters, I am,

Sincerely, *W. H. Jackson*
