MUCH BUILDING IN PROSPECT

Several New Business Structures in Addition to Residences and Remodelling.

Building activity in Marshfield continues at a good pace and it is expected that the next two months will see a more marked activity than has been evidenced so far this summer. Building Inspector Tribbey's report shows six good sized buildings were started in June in addition to numerous alterations. The new Chandler block and the Chandler Hotel Annex are coming along in fine shape and Contractors Nelson, Wright and Bentley are making good progress despite the recent rains. The Chandler block is the new style of brick construction and when completed and touched up will be an especially attractive building. It is one of the best constructed buildings in southern Oregon. W. S. Chandler and W. G. Chandler seeing that only the best of materials are used in it. New Russell Block. T. C. Russell will soon award the contract for the construction of a brick block on his property at the northwest corner of Second and Central. Architect W. G. Chandler is now preparing the plans for it. The building will probably be of brick veneer and unless arrangements are made for the postoffice to take part of the lower story, there will probably be four or five storerooms on the first floor. Mr. Ronberg, owner of the northeast corner of Second and Central, is also figuring on erecting a one-story brick veneer structure there and may award the contract for it soon. North Front Street Building. Chas. Thom, who recently bought a lot on North Front street, north of the C. A. Johnson store, is figuring on erecting a one-story brick structure on the property. Much Remodelling. There is considerable remodelling in prospect on North Front street. The building now occupied by the postoffice will be vacated by the postoffice November 1, and it will then be leased for store purposes. The Hutcheson property now occupied by Bradfield's barber shop and Union saloon, will be remodelled and converted into one store building. The enlarged room is said to be held at \$170 per month by E. G. Perham, who is agent for the property. R. F. Williams is planning some changes in the first floor of his building at South Broadway and Curtis, recently vacated by the Bradley Candy company, which moved into the Eagle's building. In case the postoffice takes it for quarters, he will provide two or three storerooms in it, the postoffice not requiring all the floor space.

During the month of June permits were issued for six business buildings and as many more additions, equal in cost to small bungalows. Among the owners were: J. C. JUNE WET MONTH. In 1888 There Were 22 Rainy Days During the Month.

The Portland Telegram says one June during the past 50 years was wetter than that month this year. That paper says: "June of this year was next to the rainiest month ever recorded in Portland in 43 years according to the federal weather office, which gives out the information, that the precipitation for the month is 4.25 inches. The greatest on record in nearly half a century in June was in 1888, when there were 22 rainy days and 5.28 inches of rain fell. There were only 16 rainy days this month. This, however, is peculiar to June alone and does not apply to the rest of the year. Up until the last of May there was a deficiency in 1913 of 6.83 inches under the average. June has recorded an excess, cutting down the deficit of the half year to 2.41. "In January, February, March, April and May there was a deficit in rainfall."

REPORT OF THE RIVERS. RITCHEE FIGHT BY ROUNDS AT MATT'S BILLIARD PARLORS.

REPORT OF THE RIVERS. RITCHEE FIGHT BY ROUNDS AT MATT'S BILLIARD PARLORS. The Roseburg Review says: "Another busy Market day was witnessed at the corner of Main and Washington streets this morning. Two or three new sellers appeared, making a total of 13 vehicles in line—the largest number that has assembled on Tuesday. A pork and a mutton were among the products sold. The variety of vegetables was also increased. All kinds of dairy products, including fresh milk, are now being offered. This market movement is now becoming recognized as a permanent feature, and a local business man this morning remarked that the city should provide a market building, instead of making it an altogether outdoor affair. This has been done at Medford and other places."

TRIES TO PICK LOCK OF CELL

Prisoner Named Kirk Breaks Off Knife Blade in Lock and Causes Grief.

As a result of one of the prisoners picked up last night trying to pick the lock on his cell with a penknife and breaking off the blade in the lock, it appeared for a time this morning that he might have to remain in jail over the Fourth. After strenuous effort, Marshal Carter succeeded in pounding out the piece of knife blade and getting the lock so that the key would work. The prisoner gave his name as Kirk and he was arrested last night for causing a disturbance and for intoxication. Recorder Butler stated this afternoon that no formal charge had been filed against him and that he had furnished cash bail for his appearance later. He was a young man. The knife in his pocket was overlooked when the officers searched him before putting him in the cell last evening.

WRANGLE OVER PAIR OF SHOES

Customer Wears Pair Few Days; Then Trades Them Back to Dealer.

August Hendrickson, a shoe dealer on Broadway near Central, is today making frantic efforts to try and get even with a customer whom he says treated him unfairly. He has appealed to Justice Pennock and is taking it up with Deputy Prosecuting Attorney Liljeqvist at Coquille. He has not secured the customer's name, but says he is a barber on Front street. It seems that three or four days ago the customer bought a pair of shoes from Hendrickson for \$3.50. The customer wore them until this morning and walked into the store and asked to try on another pair. He found a pair that suited him and they were \$4.00. He put them on and then tossed Hendrickson 50 cents, saying the other shoes were no good but that he would pay the difference. Hendrickson remonstrated, saying he could not guarantee \$3.50 shoes, but the customer would not listen to him and walked off. Justice Pennock would not issue a criminal warrant in the case until Mr. Liljeqvist ordered him to do so. Hendrickson said that he would spend \$15 to punish the customer.

City of North Bend Shall deem Outstanding Obligations—Issue \$34,000.

The \$34,000 worth of general fund warrants issued by the city of North Bend up to March 1, 1913, will be redeemed at once. City Recorder Derbyshire of North Bend today announced that Price & Company, of Seattle, had forwarded blank bonds, of the issue just made, by the city, and that all outstanding warrants had been redeemed in. Provision is made for the payment of the warrants in small quantities. When this amount of warrants are presented for redemption, bonds for that amount of draft attached will be sent to bond house and the money will be forthcoming. The interest to cease on the outstanding warrants August 1. It was first planned to issue \$30,000 worth of bonds, but the outstanding warrants did not quite aggregate that amount and as bonds are issued in \$1000 denominations it was decided to simply \$34,000 worth and to pay up the few hundred dollars additional of warrants with the tax come. Most of the warrants are held by the Simpson Lumber Company, the Oregon Power Company and the North Bend banks, who have bought them in from the parties issuing them. BIG FIGHTS TOMORROW.

Bud Anderson Will Meet Cross-Ritchie and Rivers.

LOS ANGELES, July 2.—Lunch Cross and Bud Anderson have settled their differences as to the rules governing their July 4th 29-round bout, posted forfeits and nothing now stands in the way of the contest. Cross insisted that there should be no hitting in the clinches, while holding with one arm. Referee Charles Eytan assured the New York lightweight that Anderson did not resort to this style of fighting, but did hit in the clinches while his opponent was hanging on, this being allowed by the rules. Betting on the bout is in full swing, with first one box and then the other a favorite. One bet was registered yesterday at \$1000 to \$800 that Cross would win, and an hour later a Medford fan laid \$1000 to \$800 on Anderson.
