Wind, Northwest; cloudy.

Eastside Sewing club will hold a picnic Tuesday, July 8, at Eastside. The Traveler will leave Market street dock at 8:30 a. m., and call at depot dock.

Council Tonight—The Marshfield City Council will meet this evening to take up various street matters.

Kills Bear—Stanley Oldland the other day killed a big black bear within about two miles of his ranch. **Camp Re-open**—The logging camps which were closed down for the week of the Fourth, opened this morning.

Union Services—There was a large attendance at the first of the Union Services held in the opera house last evening. Rev. Cooley delivered a most interesting and instructive sermon.

Sunday School Picnic—The Marshfield Episcopal church Sunday School will give a picnic tomorrow on the wireless hill. The children are to assemble at the rectory at 11:30 with lunch baskets.

North Bend Contracts—The North Bend City Council will meet tomorrow night to award contracts for about \$70,000 worth of street work. It will be let on bid units and some lively competition is anticipated.

Auto From Bandon—Ray Martin and Catcher Johnston of the Bandon ball team came over via Myrtle Point by auto last evening. The road was pretty muddy between Coquille and Bandon and they had to get out a few places and shove the machine through.

New Speed Boat—W. H. Cavanaugh, of Eastside, is having a low Victor 60-horse-power engine installed in the new racing boat. The engine is a strictly racing engine, as is the hull, and it is expected to break all records. Mr. Cavanaugh hopes to have the small craft in operation this evening.

May Visit Here—Mrs. D. C. Green is rejoicing over the news that she has received that her father, J. C. Sexton, of Indiana, is a member of the party making the across-the-continent automobile run from Indianapolis to San Francisco and Los Angeles and she hopes to have him visit her Coos Bay home before his return.

Anderson's Cousin—E. C. Anderson, who formerly ran a restaurant here and who is now cooking in a Willett & Barr camp on the Smith-Powers line beyond Myrtle Point, says that Bud Anderson is his cousin. He attributes Bud's defeat by Cross to Bud being overtrained in the effort to make 133 pounds.

Eastside Council—The Eastside council will meet tomorrow night to take up various matters. R. J. Montgomery's resignation as councilman has been filed with Recorder Leaton and steps may be taken to fill the vacancy. The applications of the Oregon Power company and E. C. Drews for electric and water franchises there may also come up.

Kinney Deal—Nothing new has been heard concerning the status of the Wilsey-Kinney deal. Frank Waite left for Portland yesterday and Judge Brunough should reach here from London in a day or two. Coos Bay parties are expecting word tomorrow as to the English syndicate's stand. It is said that if Frank B. Waite reduces his claims against Kinney the deal may go through.

Child Hurt—This morning, D. L. Foote's little son ran out into South Fourth street near Central and got in front of the Connor & Hoagland delivery auto. The child was knocked down before Hal Caylie could stop the truck. The little fellow was somewhat bruised but not seriously injured. Had Mr. Caylie not been running slowly with the machine in full control, he might have run over the little fellow.

Postoffice Bids—A bid by F. B. Waite to furnish a building for the postoffice on his vacant lot on Second street, just north of the Coke building, was received by Postmaster Curtis last Saturday. Three bids have been submitted, the others being for the Williams building at Broadway and Curtis and the Rosenberg corner at Central and Third. It will probably be a few weeks before the result is known.

Damage Car—Joe Houser's White steamer was somewhat damaged yesterday near Big Creek. J. L. Koontz was driving the machine, and Joe Houser, Shannon Mitchell, Jesse Wagner and George Johnson

were riding with him. On the big hill near Big Creek, the machine balked and started back and in order to stop it, they had to ditch her. Temporary repairs were effected and they were able to get back to Marshfield in her.

At Los Angeles—Jim Mulloy who has been making a tour of the coast, went to Los Angeles last week and it is presumed that he took in the Anderson-Cross fight. He is expected home next week.

Ranch Home Burned—The ranch home of J. S. Masters, about a mile below Sumner on Catching Inlet, was destroyed by fire this forenoon. Mr. Masters came to Marshfield on the morning boat and soon after his arrival received word that his house had burned. No particulars were given, but it is believed that most of the contents were destroyed. Mrs. Masters, two sons and other members of the family were there. The house was worth about \$1500 and Mr. Masters has some insurance on it.

Auto Accident—Dr. L. G. Johnson drove his machine over from Myrtle Point yesterday, bringing A. E. Adelsperger home. En route they had several near accidents in meeting machines on the sharp, narrow curves on the road between Marshfield and Coquille. They collided with Stutsman's machine breaking windshield. Stutsman took the bank and lost a wheel. Later they narrowly missed a collision with Pat Hennessey and nearly went over the bank. Dr. Johnson started back last evening with Carl Davis. There was unusually heavy auto traffic on the road yesterday, machines taking many of the loggers and others back to camp. It is likely that a campaign will be started to straighten out and widen the road in the worst places.

PERSONAL NOTES

JOHN PORTER, of Allegany, is in town today.

J. C. KENDALL went to Coquille today on business.
