

# Ladies,' Here's Real News for You

## The First Real Sale of the Season

### On All Women's Suits and Coats

### Beginning Wednesday Morning, July 9th

**O**UR CUSTOMERS know that it is the policy of this store to "clean-up" each season; not to carry a single garment from one season to another. In that way we have each season only the newest, best and most up-to-date styles to show you. This is only one of the reasons why this store sells, by far, more Suits, Coats and Dresses than any other store on the Bay.

We want you to read the following prices. You know direct from the most prominent New York and Philadelphia makers. Figure for yourself the saving. Many of these garments are suitable for Fall and Winter Wear.

All Suits and Coats, Regular \$12.50.	<b>\$8.35</b>	All Suits and Coats, Regular \$25.00.	<b>\$16.65</b>

## DOINGS OF CITY COUNCIL

### REST ROOM IS ADVOCATED HERE

#### J. M. Upton Wants Place Provided for Women—Carter's Salary Discussed Again.

After hearing an eloquent plea from J. M. Upton last evening on the necessity of providing a "Woman's Rest Room" in Marshfield, the city council referred the matter to the finance committee to investigate. Mr. Upton said that he was not prepared to tell just where it should be located or how it should be run but said that a committee could ascertain these things.

Councilman Ferguson said he thought the idea was a good one. Mr. Merchant thought the idea was good. Winkler was enthusiastically in favor of it and Albrecht favored it. Councilman Allen said that it was all right if the city could afford it but he really thought it was a matter which the Chamber of Commerce should provide.

Mr. Upton said that it wasn't provided now, that there was no place down town where a woman could go to rest or care for her children except a few stores, and often strangers did not know where to go. He said that perhaps coffee, tea and a light lunch might be served and the place made at least partly self supporting. He said that Coquille had a rest room and that the club women were in favor of it.

**Carter's Salary.**  
The question of raising the pay of Marshal Carter came up again last evening. When it was up before, it was referred to the street committee to investigate but Chairman Ferguson said that he did not recall it being referred to his committee and had not done anything.

Mayor Straw said that he thought the marshal's job in Marshfield was

worth \$125 per month if it was worth anything. He said that the town had been growing, that there was more to do and the cost of living was going up. He said that a man in business could arrange to increase his income to take care of this additional cost but a man on a salary could not. He said that the criminal business was increasing. Acting City Attorney Kendall declaring that there were 50 per cent more arrests now than formerly.

Councilman Albrecht said that the council would have to call a halt somewhere on expenses. He said that the ten per cent levy would hardly be able to take care of the city's expenses and even though there was a 25 per cent advance in assessments this year, the city levy would probably have to be increased next year. He said that while the duties of the police force were increasing, more men were now being paid to do the work.

Finally the matter was referred to the finance committee to investigate.

**Fourth Street Injunction.**  
Councilman Albrecht wanted to know what had been done about dissolving the S. P. injunction against improving South Fourth street to Coal Bank inlet. Acting City Attorney Kendall said that it had been postponed until City Attorney Goss returns which will be in about a week.

**Sneddon Makes Appeal.**  
Chas. Sneddon, an old resident of Marshfield, appeared before the council last evening and requested that the council do something to help him. He claimed that in 1911 somebody had shot at him, that someone had closed the road to their place and that they had suffered other persecutions. He said that District Attorney Brown would not let him appeal to the grand jury although he had written Judge Harris. Finally Councilman Ferguson volunteered to talk the matter over with him next Sunday.

**Sewer Assessments.**  
The council last evening adopted the reports of W. E. Wilson, Dr. Taggart and W. E. Hoagland on the South Marshfield sewer systems. The council has decided that henceforth where hard paving is put in that the lateral connections under the street shall be put in before the paving is, thereby eliminating the expense and damage of cutting the paving.

For the sewer on South Fourth street from Johnson to Kruse and on Kruse from Fourth to Fifth, the assessment will be \$20.10 per lot, except where laterals are required, the latter costing \$7 additional.

For the sewer on South Fourth street from Johnson to Golden, the assessment is \$24.93 per lot, the laterals costing \$7.90 extra.

### TENTH STREET CONTRACT LET

#### Construction Parcelled Out to Several Contractors—Bid Far Below Estimate.

The city council last evening awarded the contract for improving South Tenth street from Ingersoll to the city limits by grading and planking. The job was let in sections, several bidders getting parts of the work. The cost of the improvement was estimated by the city engineer at \$11,663.25, but the bids were somewhat lower and it is estimated that the total cost will be about \$2,000 under the original estimate.

The work was awarded as follows:  
Planking from Johnson to Kruse to Larson and Johnson for \$1501.  
Heavy plank roadway to Wm. Peart of Coquille for \$1.56 per foot.  
Light plank roadway to Johnson and Larson for \$1.35 per foot.  
Wood curb to Hagquist & Bjorquist for 14 cents per lineal foot.  
Six-foot sidewalk to Johnson and Larson for 31 cents per front foot.  
Hagquist and Bjorquist tied on this bid but lost on the flip of the coin.

The earthwork contract between Ingersoll and Johnson was awarded to Perham and Gidley for 35 cents per cubic yard.

The contract for the earthwork near Kruse was awarded to Moon & Barclay for 33 cents per cubic yard. Perham and Gidley tied on this bid but lost on the flip of the coin.

**Bids on Work.**  
Hagquist and Bjorquist—Earthwork, Ingersoll to Johnson, 37 cents. Elevated roadway, \$1645, sidewalk 31 cents, curb 14 cents and plank roadway \$1.57.  
Moon & Barclay—Earthwork, Ingersoll to Johnson, 49 cents and south of Kruse, 33 cents.  
Perham & Gidley—Earthwork, Ingersoll to Johnson, 35 cents, and south of Kruse, 33 cents. Elevated roadway, \$2260. Other roadway, \$1.60 and \$1.40, curb 16 cents and sidewalk 33 cents.  
Wm. Peart—Elevated roadway, Johnson to Kruse, \$1965.96. Earthwork, Ingersoll to Johnson, 40 cents, and south of Kruse 40 cents. Plank roadway, \$1.56 and \$1.50, curb 19 1-2 cents, and sidewalk 60 cents.  
McLain & McLain—Elevated roadway, Johnson to Kruse \$1980, plank roadway \$1.65 and \$1.45, curb 18

roadway, \$1591. Plank roadway, \$1.61 and \$1.35, and sidewalk 31 cents.

#### Notify Terminal Railway.

Last evening on motion of Councilman Albrecht, the street committee was instructed to notify the Terminal Railway of the intention to pave South Broadway from Central to Mill Slough so that they can put in their tracks before the paving is laid.

The specifications for South Broadway provide for a six-inch concrete base, and a two inch wearing surface of bitumen with concrete curbs.

Councilman Allen suggested that instead of plank sidewalks that cement sidewalks should be required in the down town section. City Engineer Buckingham said that owing to the plank bulkheads along South Broadway that the cement sidewalks were not advisable.

The estimated cost of the South Broadway work is \$7234.70.

#### South Seventh Street.

Engineer Buckingham had prepared plans for improving South Seventh street from Ingersoll to Johnson with hard paving. The street is being partly graded to make a fill on Johnson and in order to equalize the cost, it was decided to take steps to improve it. The cost of the improvement including hard paving would be \$4511.30.

E. J. Hansen protested against the paving now. He said that many of them were being hard pressed by the cost of the Johnson avenue work and to add Seventh street on to that was too much. He said that it would be all right to grade the street now and put in the sidewalks but that the paving could be postponed. Other property owners present took the same view and the council finally decided to simply grade the street and put in sidewalks now.

The sewage proposition on South Seventh street was a little more difficult to dispose of. Mr. Hansen said that the sewer was not needed now and that it would be much better if it could be deferred a year or so. However a catch basin and the connection had to be put in on Johnson to avoid cutting the hard paving. Mr. Hansen finally agreed to try and get the property owners to raise the \$300 necessary for this work now and postpone the construction of the balance of the sewage system. The whole system would cost about \$70 per lot.

#### Street Work.

The grades on Ingersoll from Second to Tenth were established. The grades were also established on North Second street from Elm to Cedar and Court to Elm.

Claude Nasburg urged that North Second street be planked now and the council ordered plans prepared.

**Building Ordinance.**  
The question as to whether Councilman Ferguson had violated the building ordinance was brought up again last night. Councilman Winkler saw in Building Inspector Tribbey's report that he had granted Mr. Ferguson a permit on June 9 and Mr. Winkler stated that Mr. Tribbey

that he had not issued a permit to Ferguson.

Messrs. Ferguson and Tribbey explained that the permit issued had been for repairs in the part of the building west of the 40-foot limit from the harbor line and that no permit had been issued for the work done east of the building line.

Mr. Winkler contended that Mr. Tribbey had reported to the council that he had not issued a permit to Ferguson.

Mr. Ferguson said that he had made the repairs in the roof of his building without a permit because he knew that Mr. Tribbey could not grant a permit under the ordinance. He said that he also knew that the ordinance was void and he had decided to try it out. Furthermore, he said that he was going to make some more repairs in it and that if Mr. Winkler wanted to, he could have him arrested and test out the validity of the ordinance.

Winkler wanted to know if they hadn't taken an oath of office to support the laws and abide by them but Mr. Ferguson said that if a rule that wasn't common sense was adopted, a person couldn't be expected to abide by it.

Councilman Winkler said that he thought the ordinance either ought to be enforced or amended or discarded. He said that he was still in favor of making a test case of the Ferguson matter.

"All right, go to it," responded Mr. Ferguson. "I did this to test out the ordinance and show that it is not legal so that everyone could get a fair show."

"If the ordinance was good in Curry's chicken coop case, it still ought to be," retorted Mr. Albrecht.

Mayor Straw said that evidently someone had got their dates mixed about Tribbey's permit and about Ferguson being an outlaw.

Finally the matter was dropped without anything being done.

#### Saloons to Move.

Geo. P. Parker and Otto Edlund were granted permission to move the Castlewood Saloon from its present location to 372 North Front street, where Chas. Thom will erect a one-story building for it. They will move about August 1. The new site is just north of the C. A. Johnson furniture store.

M. C. Peterson and Chas. Kronholm were given permission to move the saloon from its present location near the Postoffice to a room in the old Coast Mall building at 386 North Front street.

#### Transfer Contract.

The transfer of the Oregon Paving & Quarry Company's street contract to Hagquist & Bjorquist, was approved by the Council.

It was announced that the Warren Construction Company would do the work awarded to them a week ago on their low bid.

E. J. Hansen was ordered given credit for a fill he made in the street in front of his South Marshfield property. He hauled in 970 yards of dirt, but 290 yards of this was on one side and he was

## COAST LEAGUE BASEBALL SCORES

New Series Opens With Venice Playing at Portland—Oakland at Los Angeles.

STANDING OF THE TEAMS	
Won	Lost
Los Angeles	51 42
San Francisco	51 46
Portland	44 44
Venice	46 50
Sacramento	42 44
Oakland	43 51

PORTLAND, Or., July 8.—Yesterday was moving day in the Coast League and today a new series opens with the teams playing as follows: Venice at Portland, Sacramento at San Francisco, Oakland at Los Angeles.

#### OREGON KID SHOWS SPEED

Oregon Wolf Badly Beaten in Mile Free For All.  
ASTORIA, Or., July 8.—At regatta here the Oregon Kid won the championship in speed boat race the Northwest coast by taking the third heat of the 30-mile race from the former champion the Oregon Wolf, in 47 minutes 4 seconds, with the Wolf coming in 59 minutes 35 seconds. The Kid was finishing the race yards bow to bow with the latter making her fourth heat. The Oregon Kid also took final heat in the 20-foot class mile heats, in 15 minutes 10 seconds, defeating the Baby Kid the second time in the three heats of the race.

In the 16-foot class Baby Kid took the third heat and race in 15 minutes 7 seconds and the Gray Kid finished second, 10 minutes 10 seconds later.

#### Have your job printing

The Times office. credit allowed him was \$210. Routine Proceedings. Claude Nasburg entered against the garbage cans allowed to stand on the street and Mayor Straw said that he saw that they were removed. The library, hand and patrol were ordered given monthly allowances. There some discussion as to the from which the merchant should be paid, but finally agreed to pay from June city allowing \$20 per month. C. Doane's salary.
