COOS COUNTY TOWNS UNITE TO DEPORT I. W. W. TODAY

Dr. Leach, of Bandon, to be Sent Out by Coos Bay Over Sec. Edgeworth's Trail.

WILL REACH HERE BETWEEN 5 AND 6

Delegations From All Sections Gather at Coquille by Auto For Action.

LEFT COQUILLE. The autoists with Dr. Leach left Coquille at 4:15 for Marshfield and will reach here about 5:30.

All the towns in Coos county are today uniting in a protest against the I. W. W. and its supporters.

Dr. B. J. Leach of Bandon, a supporter of the I. W. W., is this afternoon being brought to Coos Bay and from here will follow the footsteps of Secretary W. J. Edgeworth and Organizer Wesley Everest who were deported with two others a week ago.

He will be brought here by auto this afternoon from Coquille, taken on a boat to near Jarvis Landing and given instructions to get and never return.

This was determined upon at a meeting in Coquille this afternoon. A delegation of leading business men from Marshfield, North Bend, Myrtle Point and Coquille assembled at Coquille to meet the delegation of 20 business men who are bringing Dr. Leach to Coquille from Bandon by boat.

All of the business houses in Coquille closed shortly before the arrival of the boat from Bandon, Mayor Morrison and a committee of citizens requesting this action.

It was first thought to send Dr. Leach out by Myrtle Point but after some consideration, it was decided that committees from all the towns should accompany him to Coos Bay by auto and start him up the beach.

Everything will be done in the most orderly manner possible. No violence will be tolerated. Every delegation was in unanimity.

At 1 o'clock today, about a dozen autos started from Marshfield for Coquille. Word had come from Bandon that Dr. Leach was going to try to stop in Coquille and prevent his deportation.

North Bend and Marshfield business men immediately took steps to send a delegation to Coquille to show the citizens of Bandon and the valley that they were in accord with the action.

The number who went was limited only by auto room. It is expected that the steamer Dora from Bandon would reach Coquille about 4 o'clock with Dr. Leach and the committee of Bandon citizens so that it will probably be 5 o'clock or 5:30 before the delegation reaches Marshfield by auto.

At a meeting of the Marshfield school board last evening, plans for erecting a gymnasium and natatorium for the schools were discussed and it is probable that the voters of the school district will be asked to express their opinion on the matter at a special election in October when the levy for school purposes will be made for the year.

If the plan is carried out, bonds will probably have to be voted for the purpose. It was brought up last evening by a proposition from A. E. Seaman to sell the school board two lots at the northeast corner of Fourth and Highland, directly across from the Central school building, for that purpose.

He recently bought the lots from Dr. McCormac for \$6000 and offered to sell them for the same price. A. H. Powers having considered the matter, the plan with these was to utilize the basement for a swimming pool and the upper stories for school rooms, an elevated hallway over Fourth street to connect direct with the Central building.

However, in the discussion, A. T. Haines and others thought that a better location could be found near the high school building. In fact, it was stated a corner of the present high school site was an excellent location, requiring little excavation and thereby reducing the cost. It was also stated that the gymnasium was more desirable near the high school building than near the lower grades, although it would be available for all of the pupils.

A. H. Powers thought that a good building could be put up for about \$6000. The idea would be to use the basement for the swimming pool and the second story for gymnasium, fitted with everything necessary.

BANDON OUSTS DR. B. J. LEACH

Over 200 Citizens Depart Him for Attack on Marshfield Citizens. Oppose I. W. W.

BANDON, Or., July 11.—Dr. B. J. Leach, who published the vile attack on the citizens of Marshfield for deporting the I. W. W. leaders from the city, was today deported by the citizens of Bandon. He left quietly at 1:30 on the steamer Dora, a committee of about 30 leading Bandon citizens accompanying him to see that he kept going.

This action followed a mass meeting at the Bandon Commercial club last evening. The meeting was called to discuss the organization of the Port of Bandon but after one speech had been delivered on the Port of Bandon, the meeting was converted into one of protest against Dr. Leach's vile actions and against the I. W. W.

John Kronenberg, one of the wealthiest men of Bandon, presided at the meeting. Extracts from Leach's attack on the Marshfield citizens for deporting the I. W. W. leaders there were read and then a copy of a letter from W. J. Edgeworth, the secretary of the I. W. W. at Marshfield, who was deported with three others, was read indicating that he was planning to come to Bandon and organize here.

Previously a large American flag had been carried into the hall. It was a determined meeting. None of Dr. Leach's alleged attacks on the flag were read but a committee of 10 citizens was appointed to bring him before the meeting. They assured him that he would be protected against violence.

On his arrival in the hall, he was informed that the citizens of Bandon had decided that his publication was a menace to the community and that it would not be longer permitted. Also that he was not considered a desirable citizen and that he was requested to settle his affairs and leave. Dr. Leach was given an opportunity to make a few remarks. He denied insulting the American flag and said that he was not an I. W. W. He said that he could not join them if he wanted to. He said he believed in some of their principles and some of them he didn't. He said the people did not understand the humor of it.

"The humor of it is that you will have to leave here before 2 o'clock tomorrow," interrupted one of the leaders of the meeting. No more was said or done. The meeting was most orderly throughout.

This morning it became noised around town that Dr. Leach and some of his supporters might offer resistance. When this was heard, the leading business men arranged for all stores and mills to be closed from 1 to 2 o'clock. The Moore Lumber company's employees stood ready to back up the business men to a man. Dr. Leach was quoted as saying that he had 50 followers in Bandon who would not permit such an outrage. There was considerable talk by some during the morning and it looked this afternoon as other deportations might follow. However, the citizens thought that perhaps when Leach was out of the community the trouble would end. However, if necessary, the business men stand determined not to permit any I. W. W. in here.

Had Caused Trouble. For some time, Dr. Leach has been causing trouble in Bandon. He is a chiropractor. He is about 35 years old and a man of some education. He is a bachelor. He has been a leader of the Socialists at Bandon and started a row there over the Boy Scout movement.

This was followed by an attack on the public library which citizens of Bandon had started. Then he began a fight on some of the Bandon churches and their ministers.

Not many months ago, he started a little publication called "Justice," presumably a Socialist organ. He used this to berate the Bandon movements that he opposed. Soon the Bandon newspaper offices refused to print the publication for him and he sent out and imported material for a small printing office in which he has been getting out the publication. The vile attack on the citizens of Marshfield and his upholding the I. W. W. movement were the last straws of Bandon's tolerance.

SEEK MISSING PORTLAND COUPLE

Clinton B. Smith and Wife Lost in Snowstorm While Ascending Mount St. Helens—Search Prove Futile So Far.

PORTLAND, Or., July 11.—Forty men have been searching the slopes of Mount St. Helens in Southern Washington for several days for the bodies of Clinton B. Smith and wife, of Portland, who were lost in a violent storm on the snow peak Sunday while ascending the mountain, with R. S. Carroll and Miss Bertie Monroe, also of Portland.

The couple became separated from their companions and have not since been seen. When Carroll and Miss Monroe were unable to find the Smiths they returned to the foot of the mountain and gave the alarm, and Carroll headed a searching party.

No trace of the lost couple being found, more searchers were obtained. Loggers and mountaineers have been sent up the slopes of the peak in hopes of finding the bodies. It is feared the couple perished long before this, as they were not supplied with sufficient equipment and provisions to hold out more than 24 hours. Smith was a civil engineer and about 39 years old.
