### THE GOLDEN RULE.

**T**HE golden rule," according to President Wilnot of a merchants' association at Fall River, Mass., is the wisest of rules for business. This rule involves giving value for service. The man who takes another's time and renders nothing in return violates "the golden rule." It is a first-class rule in business. Sharp practice does not pay. Success worth having is not achieved through devious means. The salesmanship and advertising that make money tell the truth and practice the square deal. The shord of honor is now struck in American business more frequently than ever. It is generally recognized that business honor is as much a necessity of policy as of honesty.

## BRING WOMAN WEST TO DIE

### Mrs. S. N. Croft, of Bandon, Makes Strenuous Efforts to Grant Mother's Wish.

Mrs. S. N. Croft of Bandon, her mother, Mrs. E. D. Mickel, and brother, William Mickel of Topeka, Kansas, arrived yesterday on the Breakwater from Topeka, and hope to leave today for Bandon. The long journey was made to gratify the wish of Mrs. Mickel, who desired to pass her last days in Bandon, the home of her daughter.

Mrs. Mickel is 75 years old and has been confined to her bed for some months and to bring her west Mrs. Croft journeyed east last April to her bedside. The doctors gave no hope of her recovery, but her wonderful vitality preserved her and she is now in Marshfield.

Mr. Mickel gave up his business in Topeka to assist in bringing the mother to the coast. They were met here by Mr. Croft and if the mother's condition will permit, they will leave on the afternoon train, but at this writing her condition is critical.

Mr. Croft has business interests at Centralia but has a fine hunting preserve in Curry county below Bandon, where the family spends much of its time.

### NORTH BEND NOTES.

Sherman Gamble, who has been quite ill at Mercy Hospital, is reported improving.

The North Bend Lumber Company will soon be ready to operate. Manager Dimmick holding back until there is an improvement in the lumber market and also until he can get the slip in front of the mill wharf dredged out so that there will be no trouble for vessels loading direct.

Mr. and Mrs. W. Sweet, who have spent the last two weeks with relatives at Florence, returned home last week.

Mr. and Mrs. Chas. Cavanaugh entertained Tuesday evening the Young People of the U. B. Church. Clarence Kibler, Postmaster Russell's efficient assistant, left this week for Point Terrace, where he will spend his summer vacation visiting his parents.

According to word received here, Edgar McDaniel and family are in quarantine at National City, Cal., one of the children having contracted the measles. They have had a fine auto tour until this bit of bad luck was encountered.

Mrs. R. Walker will soon have "Our House Annex", a new rooming house, ready for opening. It was moved a block back from Sherman avenue and is being remodeled and refitted.

The M. W. A. sold their Fourth of July Bowers pavilion to J. P. Tolander, of Marshfield, for \$150. It is said that Mr. Tolander will use it for Saturday evening dances during the summer.

### MOTORCYCLE HITS STEER.

Dr. Strate, of North Bend, collided with a cow while returning from Empire to North Bend this morning and collided with a real steer on the road, damaging his motorcycle considerably and slightly jolting himself. The steer was uninjured.

Dr. Strate was coming up the road at a 20 or 25-mile clip. He noticed a cow alongside the highway, exiting his approach. Just before he reached the animal, it jumped into the road and started ahead of him on the jump. He tried to swing out around it but just as he did so, the steer also swerved and he hit the animal amidships. There was an awful jolt and the steer, emitting a terrific bellow, went on into the woods, and after gathering himself up, Dr. Strate picked up his motorcycle and was able to get into North Bend. He was not hurt.
