N. W. W. STREET ORATORS ARRESTED BY PORTLAND OFFICERS

Albee Announces That Street Speaking Will be Absolutely Prohibited.

DEPTERS GROW BOLD IN ANARCHY CLAIMS

City Sheriffs and Police Act Unison—Fear More Trouble This Evening.

(Special to The Times.) PORTLAND, Or., July 16.—All in Portland today following the last night of ten street orators...

It was reported today that more trouble might be expected to follow when other attempts at street speaking will be made.

Mayor Albee announces that his order against street speaking will be strictly enforced and it is expected the combined force of policemen and deputy sheriffs, augmented by police officers that have been sworn in, will be able to handle the situation...

Arrests last night followed a series of abuse upon the American flag by some of the street orators. They will keep on until we fly the red flag of anarchy over that white marble building over there," declared Burns, the leader of the I. W. W. in the cannery strike trouble...

The ten leaders were not allowed to speak last evening.

LEACH WENT TO SEE GOV. WEST

Deported Bandon Man to Have Been Met Near Gardiner by I. W. W. Leader.

Dr. B. K. Leach, the Bandon I. W. W. supporter who was deported last Friday, is supposed to be at Salem, where he and a leading I. W. W. are supposed to have gone to appeal to Gov. West.

Friday night, Leach stayed at the Holden ranch near Jarvis Landing and started to walk up the beach, in crossing Ten Mile creek, he slipped when he attempted to jump and is said to have hurt his ankle. However, he got along all right and spent the night at the life saving station and proceeded from there until he met the I. W. W. leader from outside, who proceeded on through with him.

Albert Seelig, who returned this morning from Gardiner, learned these facts, confirming information that came here before.

Yesterday I. W. W. sympathizers on the Bay circulated a sensational story about Dr. Leach's possible mysterious disappearance and intimating that he might have been lost, etc., and that great apprehension was felt by his friends. The story was evidently circulated for the purpose of attempting to arouse sympathy for Leach and the I. W. W. movement in this section and to appeal to some Socialists who felt that as Leach had been county chairman of their organization, he was entitled to their support.

FIND FRAUD IN NOTED DIVORCE CASE

Decree of Wm. Guggenheim, Denver Millionaire, Declared to be Invalid Because of Fraud and Collusion.

CHICAGO, July 16.—Declaring the divorce of Wm. Guggenheim, millionaire mining man, from Grace Brown Guggenheim Wahl in 1901 was obtained by fraud, collusion and criminal conspiracy, Judges Windee, Hard and Baldwin, sitting en banc, today instructed the state attorney to proceed in a criminal action against the alleged parties to the fraud.

Residents of Illinois cannot be prosecuted as the statute of limitations precludes action," said Assistant State Attorney Raber, "but we can proceed against the principals to the suit who are now residents and therefore can not profit by the statute of limitation." Mrs. Guggenheim Wahl testified in the various suits to have the divorce declared invalid because in obtaining it she swore falsely that she was a resident of Illinois and declared that she acted on the advice of the counsel for her husband.

KINNEY DEAL IS NEARLY CLOSED

Said to Hinge on Attitude of Some of Creditors—Bronaugh in Portland.

There is a strong possibility of the deal for the purchase of the major Kinney properties by the English syndicate, being closed soon, possibly within a day or two.

It was learned today on good authority that Judge Bronaugh is negotiating on the new basis, as per his instructions at the conference with the syndicate in London, and expects to be able to close the deal.

Judge Hammond received a telephone message the night before last stating that Judge Bronaugh was to reach Portland yesterday from his trip.

This does not conform with reports that had been circulated here. One story was that Bronaugh arrived at Portland last week but did not go to his office in order that he might avoid other business matters and be able to devote his time to the Kinney deal.

The deal is now said to hinge on the ability to clean up the claims against Kinney which the latter does not admit are fair. One of these is the judgment for \$20,000 obtained against him on the old steamer Liberty deal, Kinney having issued pool certificates for the boat and then doubled them as was the policy pursued in the days of Rapid Transit operations. The judgment was secured for the face value of the pool certificates.

Another problem is disposing of settling of the claims of Frank B. Waite and John K. Kollock. Kinney claims to have more than paid all of Kollock's claims and to have paid part of the Waite claims.

If Judge Bronaugh is able to adjust the old Liberty judgment with the Portland attorneys, on a basis which is considered fair by Kinney, and to get Waite and Kollock to reduce their claims so that Kinney will have a fair amount left after all his claims are settled.

If the matter is not closed at Portland with Waite and Kollock and the holders of the Liberty judgment today, it is likely that Wiley, Bronaugh, Waite and others may come to the Bay.

Most of the local claims of Kinney are said to have been arranged for settlement as soon as the money from the English syndicate is available, the claims held by Judge Hammond and others having been agreed upon by Major Kinney, allowing them to take judgment for the agreed sums for the various ones that he recognized as valid.

SEEK PALS OF J. C. LA FRANCE

Portland Detective Unable to Get Proof Against Others in Swindle.

(Special to The Times.) PORTLAND, Or., July 16.—So far the local authorities have been unable to get absolute proof of the identity of the pals of J. C. LaFrance, the insurance swindler who was arrested at Coquille a few months ago.

LaFrance has been held in the county jail here since his arrest and his wife and children have been detained at the Deception home awaiting the action of the grand jury.

County Detective Reatty has continued his investigation of the case up to date, but without satisfactory results. LaFrance has told several conflicting stories of the manner in which he secured the body which was "planted" on the Clackamas river, but the mystery is still unsolved.

LaFrance has named a local undertaker and two medical students as being accomplices, but the proof of their guilt is lacking.

Two indictments were returned by the grand jury against LaFrance and Emily LaFrance, his wife, who are accused of having perpetrated a sensational insurance swindle a year ago, whereby they profited to the extent of about \$13,000. The indictments charge them with obtaining money under false pretenses. One states that the accused secured \$3000 from the Modern Woodmen of America on a beneficiary certificate issued to LaFrance, May 18, 1912, and paid to Mrs. LaFrance October 24, following the finding of the body at Estacada, which was supposed to be that of LaFrance. The second indictment charges that they received \$9927.50 December 15, 1912, from the Postal Life Insurance company, on a policy of \$10,000, issued to LaFrance April 8, 1912.

AUTO STRIKES RIG ON ROAD

Mrs. F. A. Golden and Daughters Have Narrow Escape in Collision Last Night.

A narrow escape from a serious auto collision occurred last evening near the Ferndale brewery. An auto driven by Ray Demeritt ran into a carriage driven by Mrs. F. A. Golden on the turn and was stopped after it had crushed in the wheels of the buggy and broken the thills. Luckily Mrs. Golden and her two daughters escaped injury.

The accident occurred about 9 o'clock last evening. Mrs. Golden and her daughters were returning home from town. They heard the auto coming and turning out to the right side of the road, stopped. There were three others, a boy and two girls, with Demeritt and he did not notice the rig standing on the turn. His car was running slowly or he would have upset the carriage or pushed it over into the ditch adjoining the road.

Mrs. Golden's horse remained still during the collision, allowing her and the girls to alight without injury. At the time, Mrs. Golden was unable to ascertain the identity of the driver, but she recognized one of the parties in the rig and informed Marshal Carter. He took Demeritt to her today and the latter will probably arrange a settlement.

LAUNCH VESSEL NEXT SATURDAY

Steamer Wilmington for Chas. A. Nelson Lumber Company Nearly Completed.

The Wilmington, the big lumber carrier which Kruse & Banks are completing for the Chas. A. Nelson Lumber Company of San Francisco, will be launched next Saturday. The launching will probably take place between 2 and 3 o'clock.

The launching will be unostentatious, Inspector M. Greenough being the only representative of the owners present. It has not been decided yet who will christen her, but Mrs. Greenough has been suggested for the honor.

The Wilmington will be one of the best steamers that the North Bend yards have turned out. She is 210 feet long, 42 foot beam and 15 feet deep. She will not have any passenger accommodations but will handle a cargo of about 1,000,000 feet of lumber. She will be towed to San Francisco in about 30 days and her machinery will be installed there.

CLAIM 30,000 MUSSULMEN WERE SLAUGHTERED BY BULGARIANS

JAPAN AIDING CHINA REVOLT

Southern Provinces Rebel to Form Empire—Chinese Say Japs are to Blame.

(By Associated Press to Coos Bay Times.) PEKING, July 16.—The provinces of Kiangsi, Linansu, Kwangsi, Fokien, Szechuen, Hunan, Nganhwei and Kwangtung are preparing to declare their independence and to form the Southern Chinese Confederacy, according to apparently authoritative statements current here.

Fighting continues in the province of Kiangsi and large numbers of northern troops are proceeding there. The attitude of the Japanese is bitterly condemned here. The Chinese believe they are stirring up strife everywhere and the Japanese officers are said to be fighting on the side of the rebels. The presence of Japanese gunboats in the fighting zone lends color to this belief. The southerners openly declare they have received assurances of Japanese support.

Another horrifying story of the massacre reached here today from Doiran, a town 40 miles northwest of Saloniki. The Mussulmen there have made a written declaration, countersigned by three local Bulgarian priests, that the Bulgarians slaughtered 30,000 Mussulmen who had sought refuge in Doiran from the surrounding districts.

PLAN ACTION IN MEXICO

President Wilson and Sec. Bryan Call Ambassador Wilson Home for Conference

(By Associated Press to Coos Bay Times.) WASHINGTON, D. C., July 16.—Ambassador Henry Lane Wilson in Mexico City has been summoned to Washington for immediate conference with President Wilson on the Mexican situation. The announcement was made by Secretary Bryan.

Wilson is expected here about July 23. It is believed an important announcement of the attitude of the United States will follow the ambassador's conference with the President and Secretary Bryan.

Secretary Bryan was asked if the coming of Ambassador Wilson to Washington would change his projected lecture tour. He replied: "The newspapers might have assumed that my lecture dates would not interfere with business, instead of assuming they would. All my lecture dates were made subject to cancellation."

WEALTHY COUPLE WED. Mrs. C. P. Huntington and Henry Huntington, Married Today.

(By Associated Press to Coos Bay Times.) PARIS, July 16.—Mrs. Arabella D. Huntington, widow of the late Collis P. Huntington, the railroad king, and Henry E. INDIAN BATTLE ON FILMS. Conflict of Table Rock, Near Medford to be Reproduced by Millita.

MEDFORD, Or., July 16.—The Chief John Indian wars of Southern Oregon are to be reproduced in moving pictures, with the climax of the picture where the Indians were driven over the perpendicular side of Table Rock, near this city, as it occurred over 50 years ago. This is the plan of a few Medford business men, and several motion picture men have declared the plan feasible. The two militia companies of Medford and Ashland will volunteer their services, and many Medford men will serve as extra men, if a moving picture concern can be found to make the films.

A romance in which one of the soldiers falls in love with a white girl, captured in infancy by the redskins, will be interwoven, and a pow wow of chieftains will be held on the rim of Crater Lake. A view of Rogue River Valley, 50 years afterward, will be shown at the end of the war picture, according to present plans. Several survivors of the battle of Table Rock are able to describe the commanders in detail, even to the color of their noses, so the photo-play, besides being spectacular and thrilling, will be of historic interest.

Three-fourths of the formerly flourishing town of about 30,000 inhabitants is a mass of smoking ruins.

Another horrifying story of the massacre reached here today from Doiran, a town 40 miles northwest of Saloniki. The Mussulmen there have made a written declaration, countersigned by three local Bulgarian priests, that the Bulgarians slaughtered 30,000 Mussulmen who had sought refuge in Doiran from the surrounding districts.

TURKEY TAKES STAND. Decides to Send Troops to Front to Protect Her Interests.

(By Associated Press to Coos Bay Times.) CONSTANTINOPLE, July 16.—The Turkish government is determined to push forward Ottoman troops so far as the stronghold of Adrianople. It is expected by this means the position of the government will be strengthened and consolidated, and it is felt that even if the powers insist on bringing pressure to bear to compel the maintenance of the future frontier line between Turkey and Bulgaria from Enos, on Aegean sea, to Middia on the Black sea, Turkey will yet be in a position to enforce the autonomy of the province of Thrace.

ANOTHER AVIATOR KILLED. German Army Man Victim of Aeroplane Accident.

(By Associated Press to Coos Bay Times.) JUETERBORG, July 16.—Lieut. Stoll, a German army aviator, died today from the effects of injuries suffered yesterday in an aeroplane accident on a military aerodrome here. DIAMOND IS ILL. Glendale Bank Robber Sick in Roseburg Jail.

The Roseburg Review says: "Ray Diamond, the Glendale bank robber, was seriously ill in the county jail today. Dr. K. L. Miller being called twice to attend him. Whether it is an attack of grippe or some other malady is not yet fully determined. He has a high fever and has been delirious at times. Diamond has a weak lung which he previously said was injured from riding bucking horses, and later received a knife thrust during a fight which he had. Diamond's mother is still here, having returned last night from Glendale, and is at his bedside. Her frequent paroxysms of weeping over her son's downfall doubtless add to his nervousness and increase his fever. His pulse reached 116 today, so it is reported. His illness may delay the disposition of his case for a few days."

BLAMES EMPTY BOTTLES FOR FIRES IN FORESTS. CENTRALIA, Wash., July 16.

E. W. Ferris, state fire warden, says that he has instructed all deputy wardens to bury empty beer and whisky bottles wherever they are found lying in the timber. SCHOOL WINS AT COQUILLE

Judge Coke Dissolves Injunction Restraining Purchase of \$6000 Site.

In the Coquille school district litigation yesterday, Judge Coke in chambers here dissolved the injunction restraining the school board from purchasing a site for the new school building. C. R. Peck appeared in behalf of the school board and Judge Sperry in behalf of the people opposing the site.

Judge Coke held that the complaint failed to show any invalidity of proceedings leading up to the contract of the board of directors to purchase. The court also held that it was not necessary for one-third of the voters to petition for an election but that the board might of its own motion order an election.

The court further held that the only point was whether or not a legal fraud was perpetrated in buying the property for \$6000 when plaintiff claimed the same was worth but \$3000, and on this point the court said that inasmuch as the majority had voted to purchase at a price of \$6000, he could not find a fraud without finding that the majority was a party to such fraud, which he was unwilling to do; the notice being regular it was the duty of citizens to attend, and in case they failed to do, the court would not cure their negligence by injunction.

MEAT STILL HIGHER. Cuts Sell for 32 Cents in Chicago Now.

CHICAGO, Ill., July 16.—Forty cents a pound for choice cuts of meat may become a reality before long. The second advance in prices was announced by Chicago packers. They pushed the choice cuts to 42 cents a pound, but the picture was cold boiled bacon at 40 cents, made calves' liver a delicacy at 25 cents a pound. The usual exchange of courtesies followed. The packers blamed it on the packers, the coyly dodged, "passing the buck" right back to the retailers.
