OFFICIAL PAPER OF THE CITY OF MARSHFIELD.

A GOOD WATCHWORD.

S AID President Harry A. Garfield of Williams college, recently, "The watchword of the present day service. Unless men are doing something to promote the general welfare they are set down as selfish or incompetent. We are driven into the field of service by the fear of public opinion."

AN INTERESTING DISCOVERY.

T HE great field for possible utility in the most commonplace articles beyond the service that they traditionally render, is indicated in a new method which the chemists have discovered for creating ivory from cow's milk.

IN-SHOOTS.

T O POSE as a martyr now and then is one of the favorite stunts of the rogue. It is difficult to lose your cash and retain your confidence in humanity.

Some men mind their own business so strictly that we are not aware of the fact.

If you cannot pay as you go, a 90-day note with a good indorser will help some.

A man can occasionally give you some good advice and still be a scoundrel at heart.

It is a wise man who can strike the exact line between a spendthrift and a miser.

Few men are able to put ten cents on the church plate as cheerfully as they will put a dollar on the bar at a saloon.

When we observe what some men do and consider what they could accomplish, we marvel at the idiosyncrasies of the human race.

If you attempt to follow the business rules of the successful man you will probably find that they do not fit your case.

Portland is having its whirl at the I. W. W. It is an organization that has a trail of trouble everywhere.

BIG DAY FOR BASEBALL FANS

Three League Games and Elks Game on Bay Tomorrow—Marshfield Has New Men

Tomorrow will be a big day for baseball fans on the Bay. There will be four games, three being regular Coos county league games and the fourth the Elks game.

AMONG THE SICK.

Will Preston, of Coaledo, came to Marshfield yesterday on the evening train. He is suffering with an attack of tonsillitis.

Little Jimmy Richardson, the young son of Mrs. B. M. Richardson, who has been seriously ill, is reported improving.

Wm. Kretzer, son of Mr. and Mrs. Dorsey Kretzer, is on crutches as a result of hitting his foot with an axe while cutting kindling the other day.

LABOR IN DEMAND.

Porter Brothers Try to Get More Help in Portland.

PORTLAND, Or., July 19.—Every line of activity is represented in the cry for unskilled help. Porter Bros. and other contractors who are building the Southern Pacific's extension to Coos Bay are in constant need of men.

THE QUIET OBSERVER SAYS:

"It would have been particularly hard on Doc. Straw if he had been born a Jap, since there are no swear words in the Japanese language."

GOOD ROADS IN COOS COUNTY

with an earnest and eloquent plea for a campaign of education. He told of the necessity, the dissemination of knowledge, of the advantages and benefits to be derived from good roads to secure the interest and co-operation of the people and taxpayers.

DANIELS ON TRIP.

(By Associated Press to Coos Bay Times.)

SEATTLE, July 19.—Secretary of the Navy Josephus S. Daniels, departed for Tacoma today on his way to the Mare Island Navy Yard. He will pay brief visits to Tacoma and Portland.

ter of its personnel sufficient consideration. He also stated that the preparation of petitions, etc., would require time and that it would be brought before the county board at its September session and the election would probably be held in October. The meeting then adjourned to meet at the call of the president.

ing and left immediately for Mount Ranier to remain there over night, returning to Tacoma tomorrow morning. "I have only heard of what happened in Seattle last night," said Secretary Daniels, referring to the trouble between the Industrial Workers and the sailors or soldiers the night before. "If the sailors made an attack unprovoked, it was not right. I have been told there were many hundred more civilians in the party than destroyed property, they should be punished. Respect of law and respect of the flag are basic principles on which America rests."

SOCIALISTS CLAIM LEACH WILL RETURN

BANDON, Or., July 19.—The Surf says: "Friends of Dr. Leach here who have succeeded in getting into communication with him state that he has been located at Salem, whither he went to enlist the aid of Gov. West in affording him protection when he returns to this city. In a letter received by a party in this city today, Gov. West emphatically states that Leach will be protected by law even if he is forced to call out the state military. The doctor has stated his intention of returning to this city in the course of a few days and resuming the publication of 'Justice.'"

STILL TRY TO SEE GOV. WEST

Dr. Leach at Salem—Says He Was Formerly California Methodist Minister.

SALEM, Or., July 19.—B. F. Stamp, state chairman of the Socialist party and Lee Cannon, secretary of it, are endeavoring to get Governor West to take some action in behalf of Dr. B. K. Leach, who was deported from Bandon. The Socialists say that the Portland, Salem and other locals of the party in the state have passed resolutions urging Governor West to prosecute the Bandon men for deporting Dr. Leach and make them remunerate him.

ITALIANS ARE OUSTED.

Coquille Citizens Decide They do not Want Foreigners There.

The Coquille Sentinel says: "Quite a ripple of excitement was created here last Saturday, when the railroad company brought hither a crew of Italians for work on the section as 'extras,' taking the places of Americans. The superintendent was informed that foreigners were not wanted on the job, and a time limit was put on their stay in this balliwick. Two 'living cars' had been brought hither for use of the Italians, and these and the imported workers departed on schedule time."

ONE SENT TO ASYLUM.

I. W. W. Agitator at Portland is Found Insane.

A Portland paper says: "Oscar Oilkainer, arrested and charged with vagrancy during the I. W. W. disturbance Tuesday night, became a raving maniac yesterday and was examined and sent to the asylum. He came to Portland but three days ago, and it was learned by County Agent Harry Bulger that he deserted from a ship at Astoria."

TIMELY TOPICS.

Former Vice-president Fairbanks says "old scores should be forgotten." He would find hearty endorsement of that sentiment in Bandon, especially as concerns the North Bend-Bandon game.

Now the postmaster general is having his troubles with a section of California. The San Francisco postmaster has refused to resign.

FEDERAL GAME LAW IS GU... NO TRUTH IN REPORT... DUCKS AND GEESE CAN BE KILLED—SPORT BROTHERS BE MORE CLOSELY... JAY B. TOWER, of The Coos Bay Times, has been investigating the new federal game laws and finds them absolutely no foundation in fact. He reports in some irresponsible manner about the killing of ducks and geese being absolutely prohibited.

In The Gunner's ad in the Times, the condensed summary of the game laws is given and where in The Times today is a summary of the new Federal law.

The Socialists say that the Portland, Salem and other locals of the party in the state have passed resolutions urging Governor West to prosecute the Bandon men for deporting Dr. Leach and make them remunerate him.
Dr. Bailey K. Leach is in Salem waiting to interview Governor West in reference to the proceedings in the little coast city of which he was the central figure. The doctor is about 40 years of age, was ordained a minister of the M. E. Church and was a member of the Southern California conference. He states that his father was also a minister of the same denomination.
