

NEW STEAMER ON THIS RUN

Iaqua Will be Operated Between Coos Bay and San Francisco—Starts Soon.

The steamer Iaqua, which has recently been overhauled and remodelled, will be put on the Coos Bay-San Francisco run, starting from San Francisco Friday. The new vessel is operated by a company of San Francisco and Eureka men.

The Iaqua has a gross tonnage of 712, net tonnage of 459, length of 190 feet, breadth 36.4 feet and 12.9 feet depth before being remodelled and overhauled. She was built at Fairhaven, Cal., in 1909 and registered out of Eureka. She carried a crew of 22 men and had a horsepower of 756. These figures are for prior to her recent reconstruction.

Since being remodelled, it is announced that she has passenger accommodations for 99 and will make the run between San Francisco and Coos Bay in from 38 to 40 hours.

It is announced that she will be kept permanently on this run and will handle freight both ways. There was talk of having her stop at Eureka, but this has not been definitely announced.

A. E. Diment has been appointed Coos Bay agent for the boat and she will operate from F. S. Dow's Ocean dock on North Front street.

W. S. Scammel is said to be operating the Iaqua.

CHURCH PICNIC BIG SUCCESS

About 167 Enjoyed Baptists' Outing Yesterday — Two More Church Outings.

The annual picnic of the Marshfield Baptist Sunday School yesterday at Charleston was a great success. According to a count, 167 men, women and children enjoyed the outing, two launches being required to take them to and from the grounds. The day was without accident and everybody had a fine time.

Today, the Christian church people are having a picnic at Sunset Bay, two auto trucks carrying about 50 grownups and children to the grounds. Tomorrow the Marshfield Methodists will have their picnic at Enegren's Grove.

One of the features of the picnic yesterday was the sumptuous picnic dinner provided by the women of the church. In addition to an athletic program, the men of the party enjoyed a log-rolling, helping Fred Powers get off four monster logs that had been swept up on the beach.

Owing to the tide being unfavorable, they did not get time to pull off the athletic program, the tug of war between the women, the potato race and a few other events being omitted. The events held resulted as follows, the first and second places only being given:

Boys' race—Wayne Gosney and Frances Flanagan.

Girls' race—Maryone Drews and Gertrude Stanley.

Girls' race—Violet Robinson and Evelyn Clarke.

Boys' race—Ernest Drews and Richard Baxter.

Girls over 13—Carrie Ross and Kathryn Gunnell.

Boys over 13—Al Ulstrom and Howard Swartz.

Men's free for all—Capt. Irving Ross and Capt. West Noah.

Women's free for all—Kathryn Gunnell and Carrie Ross.

Girls' 3-legged race—Eddeva Wheeler and Evelyn Clarke first, and Constance Clarke and Carrie Ross second.

Boys' 3-legged race—Al Ulstrom and Howard Swartz first, and Clarence Wallace and Wm. McMullen second.

Cracker eating contest—Chas. Doane and Gertrude Stanley.

COOK FINED FOR GAMBLING

JESSE DALRYMPLE PAYS A FINE OF \$30 FOR BEATING HAROLD SMITH OF ROSEBURG, OUT OF \$50.

Jesse Dalrymple, a cook at the Palace restaurant, was fined \$30 and costs by City Recorder Butler today on the charge of shooting craps and "skinning" Harold Smith out of between \$40 and \$50. Charges against Dalrymple were filed by Smith who is only about 18 years old. He claimed that Dalrymple had him in two games, one in the rear of the Palace and the other in the Coos Hotel. Smith recently came here from Roseburg and worked for a time in Curry's barber shop. As he was also guilty of gambling, Recorder Butler gave him a little talking to and suspended sentence during good behavior.

Bunch of Drunks. There were five drunks in police court again this morning. Most of them were broke and were turned over to Street Commissioner Lawhorne to be put to work on the street. Ed Powers, one of them, paid a \$5 fine for being drunk yesterday, but was penniless today. The others gave their names as Robert Daulton, J. S. Miller, Ed Miller and M. Washmore.

NOTICE. Motorcycles and automobiles will not be permitted to use the Fairgrounds race track henceforth as they cut it up too much.

COOS BAY FAIR ASSOCIATION.

JOHN JOHNSON IS APPOINTED

Selected by Mayor Jordan of Eastside to Fill Vacancy on City Council.

Mayor C. E. Jordan of Eastside, has appointed John Johnson, a prominent young business man of Eastside, a member of the City Council there, to fill the vacancy caused by the resignation of R. J. Montgomery, who recently moved to Bridge. The appointment has been approved by the Council and the new member will take his seat at once. Mr. Johnson is one of the proprietors of the Star Grocery at Eastside.

At the last meeting of the Eastside Council, Perham and Gidley were ordered paid \$800 on their E street contract.

Owing to the lack of the full membership of the Council, action on the ordinance prohibiting powder houses along the water front, for the improving of McKay street and other matters had to be deferred.

The Eastside school board has awarded the contract for the sewage system for the new school to Horton and Thomas.

COOS SCHOOLS ARE INTERESTED

L. P. Harrington, industrial field worker for the Oregon State Educational department, who has been in Coos county for some time securing subscriptions for prizes to be offered for exhibits by school children at the county fair in Myrtle Point, leaves tomorrow for Portland.

Mr. Harrington and Prof. Tiedgen were successful in securing liberal subscriptions from Marshfield citizens and Mr. Harrington says there is an increased interest in the work.

"Coos county is likely to be heard from at the state industrial contest for the schools," says Mr. Harrington.

"In touring Coos county in the interest of the county and state industrial contest for the schools," he said, "I find a lively interest in any and every move that will help to make the schools and the school work more practical and efficient."

"There will be a good county fair at Myrtle Point, September 12, and the school department will be a prominent and interesting feature. Good prizes are being offered by business men in the various towns of the county for articles that boys and girls can raise and make."

"Hand training is considered an important feature in the educational system of Coos county. An effort will be made to send the best from the county exhibit to the state industrial contest at Salem, September 29. If satisfactory arrangements can be made for transportation this will be done."

"The people of Coos county are progressive, they have the products and are anxious to show what their schools are and what the boys and girls are doing. There is no question but that when Coos county has been thoroughly developed, agriculture, horticulture and dairying will be her great resources. Timber she has in abundance, but this resource will diminish as the county develops."

"I have been impressed with the extent and importance of dairying at the present time. Cheese factories, condensers and creameries are becoming common in this section and with the rapid growth of rich, nutritious grass and clover large herds of good dairy cows can be kept."

"Better roads are needed and there is a strong sentiment in favor of concerted action on the part of the county in having thorough and systematic work done. A big meeting at Marshfield this week has given this progressive movement an enthusiastic start."

"County Superintendent R. E. Baker is wide awake to the best interests of the schools of his county. In his work he has the help of an able supervisor and the cooperation of progressive city superintendents."

ARNOLD LOST IN WIFE'S CASE

Proprietor of Carnival Company Notowing in Marshfield Must Pay.

The following dispatch from Salem will be of interest as Mr. Arnold arrived yesterday to look after his carnival company which is showing in Marshfield this week:

"When a man takes \$400 from his wife to buy her diamond earrings and then gets her nothing more than a \$7 bracelet, an Oregon jury simply won't stand for it."

"This was shown in the case completed here wherein Mrs. Elizabeth Arnold sued her husband, E. J. Arnold, whose name is pretty well known in these parts in connection with the Arnold Carnival company, for the recovery of the balance of \$393, and several other sums she said she had paid to him at divers times. The jury awarded her a verdict of \$800, and the defendant was given until July 26 to file a motion for a new trial.

"Another instance cited by Mrs. Arnold was where she gave him \$300 for safekeeping on a trip they took from New York to Portland. When they arrived in Portland she says he gave her \$5, and no more. In her complaint was a demand for the \$295 balance. At other times during the last four or five years she advanced him about \$700, she says.

"Mr. Arnold was represented by a well-known firm of Portland lawyers and put up a hard fight."

TWO WOMEN KILLED.

Lightning Strikes Tree Near Grants Pass With Fatal Results.

GRANTS PASS, July 24.—An electrical storm at Leland, on the S. P. R. R., 20 miles north of here, brought death to two women. Mrs. August Kauseck was killed instantly and Mrs. G. H. Eddy lived about 20 minutes after being struck. As the storm swept over the mountains the women hastened to remove some articles from a metal clothes line attached to a tree. The lightning struck the tree and followed the wire at which they were employed, with the fatal results above noted. Persons in the house near by were severely shocked, but not seriously hurt, by the lightning stroke.

The accident occurred about three-quarters of a mile from Leland, where the Ohio-Oregon Land & Power Co. are developing a mine on Grave Creek. These two young women, with their husbands, came there not long ago from Cleveland, Ohio. The bodies were brought to Grants Pass today and will be sent East for interment.

TO HAVE COOS BAY FORTIFIED

HUGH McLAIN MAY GO TO PORTLAND TO TAKE QUESTION UP WITH SEC. DANIELS ON HIS VISIT THERE SOON.

Hugh McLain is considering the idea of going to Portland and taking up direct with Secretary Daniels of the U. S. Navy, on his visit there next week, the proposition of having Coos Bay Harbor fortified and made a naval base. Mr. McLain has been considering the matter for some time and may take it up with the Chamber of Commerce to secure their endorsement.

Owing to the constant stir over the Japanese situation and the possibility of it reaching a crisis, the government is giving more attention to the defenses on the Pacific Coast now. Consequently, Coos Bay is deserving of attention, Mr. McLain figures.

His idea would be to invite Secretary Daniels to come here, and if the latter is not able to make the trip to have him have the necessary examination made to enable the War Department to arrange for protecting the harbor and making it available in case of naval operations off here.

WARNING TO SOCIALISTS.

The Coquille Herald says: "It will be unfortunate for the cause of the Socialists if they allow their organization to be used as a catspaw by the anarchist I. W. W. There was a time, not so many years ago, when the American people looked upon Socialism and anarchy as one, and it took years for them to find out that they might be mistaken and that there might be some things in the Socialist philosophy that would be worth attention. If the Socialists themselves now deliberately undo the work of years by placing themselves in the light of red-eyed nihilists before the public they will make a mistake that will have far-reaching consequences."
