After Deer.—Chas. Rehfeld, Lyle Savage and Cal Bridges left this morning for Allegany on a two weeks hunting trip. They were joined by A. J. Savage who went up last evening.

Silver Tea.—The Ladies' Aid Society of the Baptist Church will hold their silver tea tomorrow at 2:30 at the church parlors. Mesdames A. Z. Downs, J. C. Doane and S. H. Dresser will be the hostesses.

Plan Big Hunt.—A. O. Rogers, Fred Larson and Chas. Hicocks left by auto this afternoon on a week's hunting trip to Curry county. Mr. Rogers says he has two of the best hunters in the country with him and expects to bring back his full measure.

New Lakeside Service.—Ned Galloway expects to put a boat on the Lakeside run next week that in connection with autos will make the time from Marshfield to Lakeside only two hours. The boat will leave here at the service of the tide every morning.

Gets Contract.—O. H. Harger, prominent contractor who recently moved here from Washington, is low bidder on the new \$15000 frame school house which is to be erected in Myrtle Point. The structure is to be most modern and will be Mr. Harger's first large job in this section.

Honor Musician.—Mrs. Perl Riley Ballinger will entertain at her home on South Broadway this evening in honor of Wolfram Schmiedding, a noted German flutist, who recently arrived here. The evening's program will consist of a number of selections by Mr. Schmiedding, assisted by Mrs. Ballinger and Lew Keyzer.

Home From Curry.—The C. F. McGeorge and E. W. Kammerer families returned today from a pleasant outing trip in the McGeorge auto into Curry county. They returned from Langlois via Myrtle Point crossing the coast range. With this exception they report the roads in excellent condition and had a very enjoyable trip.

Sprains Ankle.—At a recent picnic Harry Painter attempted to show the boys a few athletic "stunts" that the boys did years ago and in turning a handspring wrenched his left ankle badly and that's the cause of that limp. Harry says the sprained ankle was not intended to be included in the exhibition—but the day's fun was worth it.

Not With Union Market.—Sam Centers was never connected in any way with the Union Market as erroneously stated in report of his recent trouble. At one time he delivered goods to people in Libby and only visited the Union Market to get supplies the same as he called at the other stores, but was in no way connected with the market.

Injured by Engine.—Ed Elliott was painfully hurt at the McDonald Vaughan camp at Daniels Creek yesterday. While working with a donkey engine, he got caught in the machinery and a big strip of flesh was torn from his thigh. It was not quite detached and he was taken to Mercy hospital and the wound dressed.

Returns to Lewiston.—L. W. Meyer, who came to Coos Bay to superintend the installation and opening of the Parisian left this morning for Lewiston, Idaho, where he is manager of another branch of the Parisian. Mr. Harris, who recently arrived from Spokane, will have the

management of the new store here. Madame Galbraith of Spokane, is also expected on the Bay soon.

Fire at Maxwell.—The old cook house at Maxwell burned last evening about 6 o'clock. It is supposed the fire originated from the stove pipe. The house was insured as a dwelling house by Mr. and Mrs. W. P. Fox, who are spending the summer there. The crew of the Coaledo camps and Frank Bowron saved all of the furniture. The house was owned by the Maxwell coal company.

Inspects Bay.—W. W. Johnston, of Regina, Canada, is on the Bay looking over this section with a view to becoming financially interested here. He and a number of Americans at Regina are looking for a new field of investment and having heard so much about Coos Bay, he decided to look it over. He was formerly located at Scranton, Pa. He came in via the old Coos Bay wagon road and will spend several days here. He says it is rather quiet in Canada now.

Actress Coming.—Mrs. Nancy Steffen and Miss May Tulley, the actresses, are expected here in 10 days to visit with relatives. Mrs. Steffen and Miss Tulley are in Los Angeles where they went on account of the latter's health. Miss Tulley has sufficiently recovered to take up her work again and they are on their way to New York. Miss Tulley is a niece of Mrs. Eugene O'Connell, Frank Hague, Mrs. Steffen being Mr. Hague's sister. Miss Tulley is in vaudeville, being one of the stars on the Orpheum circuit.

Will Move to Bandon.—Mr. and Mrs. W. B. Scott expect to move to Bandon to locate permanently August 1. Mr. Scott has secured a location and will establish a pattern making and model works there, for which he has found a good opening. Mr. Scott is a first-class machinist and will be certain to achieve a full measure of success in his new venture. During their residence here, Mr. and Mrs. Scott have made many friends who will regret their departure but will wish them well in their new home.

Says it Was Mistake.—Marion Parsons, of Roseburg, for whom Sheriff Quine telephoned a warrant to the local officers yesterday, arrived by auto yesterday afternoon. He says it was all a mistake, and he promptly wired \$2 to the Roseburg boarding house which had the claim against him. He says that he was waiting for the proprietor to show up. The auto for Marshfield would not wait any longer and he either had to come without paying the bill or remain over in Roseburg. It seems that he had some trouble with his parents as a result of his marrying a Roseburg girl and in order that they would not know his whereabouts he signed his auto ticket as Frank Barker. His wife is now in Portland. In view of the circumstances and that Parsons promptly paid the bill, the local officers did not put him to any inconvenience.

A Splendid Picture.—"A Millionaire Cowboy," at the Orpheum last night proved to be a revelation in moving pictures. Everyone who saw it, and the house was crowded with standing room at a premium, pronounced it one of the best ever shown on Coos Bay. So universal was the approval that it will be shown again tonight to meet the popular demand. Don't miss it. A special feature of two reels, two thousand feet of real entertainment.
