BANDON WINS BOTH GAMES

Defeats Marshfield Twelve to Four and Coquille Nine to Five—North Bend Beaten.

Twelve to four tells the story of Marshfield's game with Bandon yesterday afternoon. Bedillion's pennant winners having the long end of the score. It was first reported that the score was nine to four but Capt. Freeman of Marshfield stated today that it was twelve to four.

Marshfield simply had an off day, ragged playing resulting in the big score. Bandon scored one in the second, four in the fifth and the balance in the eighth. Perkins had an off day and Mike Burke the worst he has had this season. It was really a comedy of errors.

Bandon also defeated Coquille nine to five. Collier twirled five innings and Harry Oerding finished. Coquille also did some ragged work. Meile pitched both games for Bandon and was hit pretty liberally but he was given good support.

NORTH BEND BEATEN

Myrtle Point Takes Game by Score of Four to One Sunday.

Myrtle Point defeated North Bend at Myrtle Point yesterday by a score of four to one. Myrtle Point scored three in the first inning and one in the second, having landed on Osborne pretty freely. After that he tightened up and they didn't have a show to score. Cooper pitched a good game for Myrtle Point. There was a small crowd out, the gate receipts being only about \$25.

FINISH BY AMAS

S. P. to Operate Coos Bay Line as Far as Acme Then.

The Eugene Register says: "Trains from Eugene to tidewater over the Willamette-Pacific, by Christmas is not only possible but probable, according to the present expectations of the contractors and engineers. Passenger traffic to Acme will probably not be opened until after the first of the year, but freight service for carload lots is expected during 1913. This prediction by the engineers, however, is based upon ordinary conditions, without unforeseen delay.

"It is not safe to make definite predictions, because of the uncertainty of railroad building," stated Assistant Engineer W. R. Fontaine, but it is quite probable that we can be operating trains to tidewater to

"Twohy Brothers will complete handle carload freight by Christmas, their contract sometime in October. The grade is complete as far as the tunnel, and we shall be ready to lay the rails into the tunnel the moment it is completed." Porter Brothers have virtually completed the grade to Acme, but rails will be laid shortly.

"Of course we cannot operate trains until the rails are ballasted, but ballasting will begin within a few weeks. It will probably require a month to finish after the laying of the steel.

"The most uncertain factor to opening the line to tidewater by this time is the construction of the bridge. There are twenty-four steel bridges to be erected between here and Acme. All of these are from 100 to 400 feet long. We are making every effort to rush the steel work on these structures, and have running falsework on all the bridges this side of the tunnel, and large forces of men have recently begun on the bridges beyond."

"The new railroad contains an unusual number of bridges between Eugene and Acme. It crosses the Siuslaw six times, and Wildcat creek seven times. The list of bridges in order from Eugene is: one over Coyote Creek, four over Long Tom, one over Elk Creek, two over Nod, one over Chichanomy, seven over Wildcat Creek, six over the Siuslaw, one over Lake Creek, four over the Long Tom, one is the drawbridge, which of course will not be completed until well along toward spring.

"Twohy Brothers, contractors between Eugene and the Nod tunnel state that their work will be finished in October, under the present conditions. The heads on the 2,480-foot tunnel are now only 309 feet apart and are now rapidly approaching each other. The cut is through solid

SOME BOOSTERS.
The Coquille Sentinel.—Mr. Webster, official photographer for the Southern Pacific, Mr. Motley, secretary of the Marshfield Chamber of Commerce, and M. J. Hartson, of this city, while in the Fairview Valley on Wednesday, made a find that was not only pleasing to the photo artist, but to the appetite of the trio. Near James Hatcher's place a party of young ladies had a picnic dinner spread in a grove on the river bank, and when the auto reached this point it suddenly bucked. The result was that the party of the first part was photographed, while the party of the second part enjoyed a bountiful supply of goodies. Mr. Webster says that picture beats any of the twenty others he took in the valley.—Coquille Herald.

AT THE MASONIC.
What promises to be one of the best theatrical organizations we have had in Marshfield for many a day will open at the Masonic Opera House this evening for a week's engagement. The attraction is the Marion-Claman Players, a company of ten people, said to be one of the strongest stock companies on the road today. This company has been in California for the past year.

The opening play will be the four-act comedy drama, "The False Confession," with special scenery, elaborate costumes and an excellent cast of characters. Each night a different play will be presented. Advance seat sale at the Busy Corner. Judging from the number of orders coming in for reserved seats the Masonic Opera House will be filled to its capacity at the opening performance tonight.

The California press and public have been loud in their praise, both as to the excellence of their plays and the capable manner in which each play is presented.

The Marion-Claman Players are presenting their performances in a novel and unique manner. They are working under the auspices of the leading local merchants who are giving tickets to their customers with their purchases. With these tickets and 25 cents the best seat in the house may be procured. One hundred and fifty of these merchant's tickets are admitted absolutely free each night. The admission without merchant's tickets is 75 cents.

KINNEY DEAL MOVES ALONG

Judge Watters Confers With Judge Harris—Waite Assigns to English Company.

Judge V. E. Watters, of North Bend, who was recently appointed receiver for Major L. D. Kinney and his companions, has gone to Eugene, to confer with Judge L. T. Harris about the matter before taking up his new duties. He will probably return the last of the week.

Major Kinney, who was in Marshfield today on business, stated that he had not yet received any word from Judge Bronaugh as to what the latter had accomplished on his London trip. He had not been apprised authoritatively as to whether Judge Bronaugh had reached Portland yet.

Yesterday he received word that Frank B. Waite had assigned all his notes and claims to the Balfour-Guthrie Company. The latter is an English concern which operates in shipping, real estate and other big properties, handling English and Scottish capital. Just what the new move means, Major Kinney is not certain, except that he says they have been trying to harass him about it.

Some time ago Mr. Waite wanted to take over all of the Kinney properties and whether the Wisley deal was to permit Mr. Waite to do so, Mr. Kinney is pondering. However, he says the Wisley deal is all off. He has replied to propositions from Portland that he will consider any new offer that Judge Bronaugh or the syndicate has to make, providing they come here to make it. He said he understood that Frank Waite and Judge Bronaugh and possibly others would be here some time this week.

He says he will not consider anything less than \$600,000 for the property now. He says it is really worth a million and that in another year it can be sold for that easily.

He stated further that his application for the appointment of a receiver for his properties was to clear up the old mixup about the John K. Kollock trusteeship. Kollock was acting as trustee for the defunct Title Guarantee & Trust Company of Portland and could not retire, but now will be able to turn it over to Judge Watters as receiver.

MUCH BUILDING WORK IS BEGUN

Permits for Construction Issued During July Total About \$20,000.

The building permits issued during the month of July in Marshfield show that the building operations started during the month totalled in cost something over \$20,000, according to the monthly report of Building Inspector Tribbey. The following is the report, most of which were issued in the name of the contractor during the work:

J. F. Telander additional work on High School, estimate \$3200.

Other permits for minor repairs brings the total estimate to \$20,000.

WAR IN VENEZUELA.

Army of Veterans Begin Campaign Against Castro.

(By Associated Press to Coos Bay Times.)
CARACAS, Aug. 3.—An army of veterans and some thousands of recruits is being mobilized at the town of Maracay, fifty miles southwest of the capital. Their forces expect to attack Coro and drive out Castro. They will proceed there in two divisions, by land and sea. Another army is being assembled at Barquimeto, to cut off Castro's escape into the interior. President Gomez will personally command the troops attacking Coro.

BELL LOANED MONEY.

Former Coos Bay Man Accused of Furnishing Funds for Fraud.

A Portland paper says: "All the testimony in the case of the Government against the Hewitt Land Company was presented before Steve Brodie, examiner for the Federal District Court yesterday. The testimony now will go to the Court for consideration.

"This suit was instituted by the Government to gain title to 26 timber claims in Baker County, which the Government contends, came into possession of the defendant corporation through fraudulent means.

"The Government holds that the 26 entrymen were loaned the money with which to prove up by Seymour H. Bell, who, in turn, had procured the money from the Hewitt Land Company."

BOLT WON HIS WAY.

The Salem Statesman has the following concerning a well known Marshfield High School graduate's work at Willamette University:
"Eric Bolt, of Marshfield, is Willamette's best orator, is a man who pays his own expenses. Bolt worked in Barnes' Club last winter and also attended classes at the University. He is a football star of whom the school is justly proud. He won the prohibition contest held in the city in 1911 and won high prize at the state inter-collegiate held in this city in March of present year."

PORTLAND RATHER HOT.

Mercury at 98 at 4 P. M.—Warm All Evening.

PORTLAND, Or., Aug. 4.—Only seven times since the local weather bureau records have been kept, dating back to 1874, has it been hotter than last Friday. The temperature was 98 degrees at 4 p. m., and remained about 90 well into the night. Friday's maximum was but four degrees under the extreme high record, which is 102, only July 23, 1891.
