LET US TALK IT OVER

A stableman in the Governor's chair Offends the Gods and pollutes the air. —The Political Poet.

AND SO Governor West has invited Dr. Bailey K. Leach and his fellow anarchist I. W. W. associates to return to Coos County.

When was Governor West made chairman of a special invitation committee or arbiter of Coos County hospitality?

As the representative of constituted authority in his official position as Governor of Oregon, Governor West will at all times be accorded the respect and deference due to his official position, but when he attempts to make Coos County an asylum for anarchists he will receive the same consideration as any other meddlesome busybody of a "but-tinsky"—the same consideration and no more than his proletarian pet, Dr. Leach.

And he proposes to protect Dr. Bailey K. Leach in his rights. What rights?

His right to curse and calumniate every decent citizen in the community.

His right to lie and libel.

His right to preach the pernicious doctrine of riot, revolution and the red flag.

His right to spill and spread his slime and slander like a pestilential plague in a community that refuses to tolerate his traitorous threats.

His right to ridicule the flag, the Government and all constitutional authority.

His right to sneer at things that decent, self-respecting citizens hold sacred and which make for law and order.

If Governor West thinks he can foist this foul caricature of a citizen on a community that possesses a knowledge of its rights and knowing, dares maintain them, he is mistaken.

Does Governor West think that Coos County citizens are a bunch of boobs and rubes who are to be frightened by a mannikin masquerading in a little brief authority?

Does Governor West think that the citizens of Coos County are so devoid of manhood and lacking in intelligence that they will sit supinely on their backs until riot and bloodshed will drive them to desperation?

Does Governor West wish to encourage riot and revolution?

Does Governor West seek to make Coos County the theatre of his exploits where he hopes to recover the prestige and power he lost in Portland where he sacrificed dignity and decency by mixing and meddling in a local situation that he was compelled to abandon and permit the local officials to handle?

Of all the usurious actions ever perpetrated, this freak foolishness of inviting I. W. W. agitators to Coos County is the limit.

If Governor West persists in his pernicious proclamation, he and not the I. W. W.'s will be responsible for the riot and violence and bloodshed that their teaching, their preaching and their mad methods invariably precipitate.

NO WORD IS SENT TO GAGE CARNEGIE AID ONLY \$12,500

Has Not Received Any Letter From West or Others—Report Edgeworth Returned. Refuse to Increase Gift for Marshfield Library Building—Up to Council.

Sheriff W. W. Gage of Coquille who was in Marshfield today on business states that a rumor that someone started around here that Governor West had written him a letter notifying him of his being removed from office is absolutely untrue. He has not heard a word from Governor West, Attorney General Crawford, Dr. Leach or Edgeworth direct.

Sheriff Gage is not worrying any about Governor West's charges as he saw them in a dispatch from Salem in The Times. He says Governor West has tried a number of things that have failed to materialize. Sheriff Gage is far from an admirer of Governor West.

May Withdraw Invitation. It was reported that an invitation to Governor West to speak at the big picnic of the Coos County Farmers' Union at Coquille September 15, may be withdrawn as a result of Governor West's intemperate statements about Coos County people. The invitation was ordered extended last week and some of the friends of Sheriff Gage at Coquille, who are prominent in the Farmers' Union, were in favor of withdrawing the invitation, if it had already been sent.

Rumored Return. Some wild rumors were circulated here today that Edgeworth had returned to Marshfield. No one could be found who had seen him and it is believed that the report was started by some of Edgeworth's secret friends who wished to test out the sentiment of the people. The expressions were pretty strong.

WAR CHIEFS AT SEATTLE.

Sec. Garrison and Party Leave for Walla Walla.

SEATTLE, Aug. 6.—Secretary of War Garrison, General Wood and party review the troops at Fort Lawton this morning. At noon they were luncheon guests of the Commercial Club. They left for Walla Walla at three o'clock this afternoon.

Library Board Meets.

At a meeting of the library board last evening, the matter was considered at length and it was decided to take it up with the Marshfield City Council and see what they think about it.

The library board is very anxious to get a building and are talking of trying to raise a few thousand dollars additional, either through an appropriation from the City Council or contributions by local citizens, to add to the \$12,500 to be given by Carnegie.

The City Council has offered to furnish a site free, either in the city park or at Fourth and Highland, or on the lots on Market near Fifth, bought for a city hall site. The latter is the more showy site.

Some citizens have expressed themselves opposed to Marshfield having anything less than an \$15,000 or \$20,000 building. The matter will be threshed out at length.

President Wilson expressed his satisfaction over the action of the House banking committee in voting to report the administration bill.
