

Where Things Happen

There's extraordinary activity on the Southside these days. Grading and planking and paving being pushed at full speed on South Fourth, Hall Avenue, Johnson Avenue and South Tenth Street. Telephone, electric lighting and water service being adjusted; all in a preparation for the further growth in population and development of this Southside district.

South Tenth Street will offer a continuous planked thoroughfare into First Addition when the work now under way is completed this Fall. City phone service will be installed. Also installation of a water system to serve all this growing district has been arranged for and actual pipe laying will soon commence.

Whether for a home-site or for investment, First Addition is the place for you to buy a lot. No addition on Coos Bay has progressed so rapidly as this one, and no other addition has such great possibilities of development during the next two years.

Large lots at low prices on easy terms of purchase. Special proposition to builders.
