SENATE CONSIDERS RESOLUTION TO SEND U. S. TROOPS TO MEXICO

Penrose Introduces Measures Requiring President to Protect Americans There.
WOULD APPROPRIATE MONEY FOR ACTION

Position Stirs Up Considerable Debate But Action Deferred Pending Statement.
Associated Press to Coos Bay Times.
WASHINGTON, D. C., Aug. 21.—Senator Penrose introduced today a resolution requiring President Wilson to take the necessary steps to protect American lives and property in Mexico. The resolution provides for the sending of United States troops to Mexico to protect American lives and property, such a step to be decreed by the Senate as in no way an unduly act toward Mexico.
Penrose introduced also an amendment to the deficiency bill for an appropriation of \$25,000,000 to be used as the President might direct for the protection of the lives of Americans in Mexico. He made effort to secure immediate action on his resolution, and at the suggestion of LaFollette it went over to the Senate rules. An amendment for an emergency appropriation, Penrose explained, will be similar to the provision in the appropriation act just before the war and he asked that the amendment be on the table in the Senate until the bill comes over the House.

Protection in Mexico.
The administration has asked one hundred thousand dollars to Americans out of Mexico," said Penrose, after announcing he would discuss his resolution. "I think we have a right to be in Mexico, and we have no right to attempt to take up their homes and occupations. Rather than appropriate this money of a hundred thousand dollars to make this wholesale robbery, I would appropriate this \$25,000,000 to keep them where they are, and protect them."

Fears Agitation.
Senator Nelson said it seemed to him at this juncture to agitate the question. "Such agitation," said Nelson, "is an embarrassment to the President, who is doing everything in his power to bring about peace." He declared that while 5000 citizens of Utah had been driven out of Mexico, yet he would deplore any intervention. Bacon and Penrose spoke in a similar manner.

Effect of the introduction of a resolution was to bring the Republican and Democratic Senators together in a concerted effort to support President Wilson in his policy and to carry to the Senate a definite idea that the President has full support of the American people.

To Sustain Wilson.
Senator Kern, a Democrat, read a recent speech by Charles W. Banks, former Republican Vice-President, urging all to uphold the policy of President Wilson. "I think the Mexican people should be left alone," said Kern, "that in a similar situation like this the American people should stand together like a stone wall."
The only exception to the Republican attitude of suppressing Mexican debate was Senator Ball, who he believed the discussion should not be stopped.

WILSON WILL SEND MESSAGE

President Will Make Detailed Statement of Mexican Situation to Congress.

WASHINGTON, D. C., Aug. 21.—President Wilson announced today that he would prepare at once a message to Congress setting forth in detail the purpose of John Lind's mission to Mexico. A summary of the American note and the reply of Huerta will be made public at that time. While the President has not finally decided whether he will read the message to both houses of Congress it was said on good authority that he was inclined to do so.

President Wilson will give also his conception of the policy that should be pursued by the United States toward Mexico. The message will be made public simultaneously with its delivery to Congress. President Wilson's hope is that the situation will disentangle itself, though he believes it will take a little time to dispel certain illusions possessed by the Huerta government as to the attitude of the American Congress and people. President Wilson let it be known that the question was not a party one and that Republican Senators had shown an admirable spirit in his conferences with them and not the slightest partisanship had been exhibited.

BETTER DOCKS FOR REEDSPORT

JOSEPH LYONS WILL ACT AS AGENT FOR STEAMSHIP THERE AND IMPROVE SHIPPING FACILITIES — OTHERS NEWS OF INTEREST.

(Special to The Times.)
REEDSPORT, Or., Aug. 21.—Joseph Lyons has commenced the erection of a warehouse on the waterfront and will act as agent for steamships in this port. We have a good depth of water naturally and the improvement in docking facilities which Mr. Lyons has under way will add greatly to the convenience of coastwise vessels calling here.

Mr. Fontaine, assistant to Engineer Hoey, of the Southern Pacific, was in Reedsport during the week inspecting the railroad work.
Judge and Mrs. Rice, of Roseburg, were Sunday visitors, and while here joined the crowd of sightseers on a trip to the railroad camps. Grover Lane, who is employed by Contractor D. M. Wilkins, left for a brief visit at his home on Tillamook Lake.

L. R. McDonald returned from Lakeside this morning where he spent the week and with his mother.
Mr. and Mrs. L. S. Weeks, of Gardiner, visited friends in Reedsport yesterday.

James Graham and family, with a number of their friends came over from Gardiner Sunday on a pleasure trip.
J. G. Kelley, James Lindsey and W. McKay, officers of the Reedsport Company, arrived yesterday from Portland. They came via the Drain route and will remain here for some time on business connected with the company.

FIENDISH OUTRAGE IN CURRY CO.

Barn and Horses of Rancher Bement Near Denmark Burned and Miscreants Shoot at Owner in Darkness.

BANDON, Ore., Aug. 21.—Sensational developments are expected to follow the burning of a barn, four head of horses, seventy-five tons of hay and farm implements, and the attempted shooting of a rancher named Bement, at Denmark Tuesday night.
District Attorney Geo. M. Brown spent all day yesterday at Langlois and Denmark investigating the affair. He was enroute to Curry County for an outing prior to the opening of Court there and reached there just after the affair happened.
Bement was awakened by the fire and started out to try and save

something. He had scarcely emerged from the house before someone in hiding shot at him. The bullet went wild, but it frightened Bement so that he remained in the house.
The Langlois and Denmark communities are highly wrought up over the affair and it is expected that arrests will soon be made as there are strong suspicions as to the identity of the miscreants whose motive was evidently revenge or an attempt to frighten Bement.
This is the second serious trouble that Bement has recently encountered. A few weeks ago he had Sam Russell arrested for a statutory offense against his young daughter, Russell was found over to the Grand Jury under \$5,000 bonds and is now in jail at Gold Beach.

DIGGS GUILTY; TRY CAMINETTI

Jury Quickly Returned Verdict Against San Francisco Man in White Slave Case.

(By Associated Press to Coos Bay Times.)
SAN FRANCISCO, Aug. 21.—When the case of Drew Caminetti, co-defendant with Maury Diggs, who was found guilty last night of violating the white slave act was called today in the United States Court, Judge Van Fleet set it over for trial until next Tuesday, August 26.
The strain of the first trial has been severe on everybody connected with it, and the Court willingly granted the request of the Counsel for the Government for a continuance.
Diggs was formerly State Architect of California. He and Caminetti took Marsha Worthington and Lola Norris, two Sacramento High School sorority girls to Reno, Nev., last winter. Both Diggs and Caminetti have families.

NEW YORK, Aug. 21.—The fusion movement against Tammany Hall was strengthened last night when the Progressives endorsed the judiciary ticket designated by the fusion committee and also approved the fusion nomination in Brooklyn. The perfecting of the Republican-Progressive Union leaves the way clear for the designation of the regular Democratic ticket on Saturday. Mayor Gaynor's friends expect he will be re-nominated, but several other candidates have been mentioned.

PLAN TO RETURN THAW TO UNITED STATES AS UNDESIRABLE

THAW HEARING IS DELAYED

Habeas Corpus Proceedings Set For Tomorrow—Thaw's Relatives With Him Now.

(By Associated Press to Coos Bay Times.)
SHERBROOKE, Can., Aug. 21.—After an all-night conference the counsel for Harry Thaw announced they would not produce the Mattewan fugitive in the Superior Court today on the writ of habeas corpus obtained yesterday. They explained that the writ is returnable at any time, and although 10 o'clock today had been tentatively agreed upon they decided to delay the proceedings pending further conferences. According to the present plans they will use the writ tomorrow morning.
The marking of time by the defense was due mainly to the arrival last night of Mr. and Mrs. George Lauder Carnegie, brother-in-law and sister of the prisoner, who are anxious that no court steps be taken until every bulwark of the defense has been strengthened. The move came as a surprise to the immigration officials and to District Attorney Conger and Sheriff Hornbeck of Dutchess County, New York. They had expected that Thaw would be arraigned before noon today, released on the present commitment, then held as an undesirable alien and quickly deported.
By allowing Thaw to remain in custody, the defense has offset the immigration authorities, who had been waiting with confident expectation for Thaw's release from jail, when they would have pounced on him, and, it is firmly believed, ordered his deportation at once. Thaw is, of course, fighting against being deported to the New York state line, as such a move would entail his immediate reincarceration in Mattewan.

Canadian Immigration Authorities Will Grant Request From New York Today.

PLAN TO SEND HIM TO NEW HAMPSHIRE

Refusal of Extradition by Courts Will Not Bar Latter Action of Officials.

TRIAL TOMORROW.

(By Associated Press to Coos Bay Times.)
SHERBROOKE, Aug. 21.—Harry Thaw will be arraigned in the Superior Court here on a writ of habeas corpus at 10 o'clock Wednesday morning next. His counsel agreed to this.

TO SEND THAW BACK.

(By Associated Press to Coos Bay Times.)
ALBANY, Aug. 21.—Acting Governor Glynn was advised over the telephone by the immigration authorities at Ottawa this afternoon that they would use every effort in their power to assist in having Harry K. Thaw returned to New York state.

(By Associated Press to Coos Bay Times.)
OTTAWA, Aug. 21.—A formal demand for the surrender of Harry Thaw was made by telegraph on the Canadian Immigration Authorities here today by Acting Governor Glynn of New York. The Department replied that it would take no action until the present extradition proceedings had been concluded. The Department let it be known that it would seize Thaw and attempt to deport him should his extradition to the United States be refused by the Dominion Courts. Glynn's telegram requested that Thaw be turned over to District Attorney Conger, who is now in Sherbrooke, representing the state of New York. It is the present intention of the department to return Thaw to the United States at the point of the boundary line nearest Sherbrooke. This is in New Hampshire.

Thaw Crossed Into Canada From Other State.

(By Associated Press to Coos Bay Times.)
CAVDENSH, Vermont, Aug. 21.—It appears today that Harry Thaw entered Canada from Vermont, and not directly from New Hampshire, as has been supposed. The village of Beecher Falls, where he left the train, is on the Vermont side of the boundary line between the states.

Take Evidence.—Evidence is being taken here in the case of Nelhaus vs. Schetter, involving 480 acres of coal land on South Slough. Nelhaus claims the land on a purchase from Capt. Harkins. Otto Schetter and the other Schetter heirs contend that a deed to the land given by their father to Capt. Harkins in 1889 was really a mortgage and that the property, which has greatly increased in value, is theirs. Mr. Schetter Sr., Capt. Harkins and Mr. Nelhaus who were the principals in the deals are all dead and Judge Sperry, Judge Hammond and J. M. Upton, the attorneys in the case, are having difficulty in dividing up evidence.

SMALL WRECK AT SCHOFIELD

CONSTRUCTION TRAIN OF COPENHAGEN BROTHERS DITCHED—ENGINE ARRIVES FOR TUNNEL WORK.

(Special to The Times.)
SCHOFIELD, Or., Aug. 21.—Copenhagen Brothers came in for their share of trouble on the new grade just north of the Henderson place when four of their dump cars left the trestle Monday morning and landed upside down twelve feet below. This is the first time for several months that so many cars have been put out of commission at one time. However, the Copenhageners have a way of taking trouble by the horns and soon had the dump trains in full operation again.
Engine No. 7, belonging to Porter Brothers, was brought to the tunnel last Sunday, and will be used to pull the dump trains from the north portal, replacing the mules formerly in use.
The patrons of the school are greatly indebted to Mr. F. D. Browne, S. P. surveyor in charge, for a fine new roadway to the school house. It is thought better than the old approach.
Mr. Oliver Walker was a lucky Nimrod last Friday forenoon. While out looking for stray stock he brought down a two-point buck only a few hundred yards from the tunnel camp.
