

Twenty-Four Tons

THE GOLDEN RULE has received, during the last two weeks, more than twenty-four tons of freight, consisting of Dry Goods, Furnishings, Suits, Shoes, etc. We expect another big shipment tomorrow. This is more freight than any similar concern in Coos County will receive in six months. Yet this is no new thing with the GOLDEN RULE. It goes right on month after month. There is a reason.

We are now showing a superb line of Dress Goods in both woollens and wash materials. Crepes, Ratines, Whipcords and Bedford-cords continue strong. Broadcloths are good. There are many new and exceedingly pretty things in wash goods and silks.

If you wish to buy the new things and pay the right price there is but one place. La Vogue Suits and Coats, Warner's Rust-Proof Corsets, Queen Quality Shoes, Buster Brown School Shoes, Wright's Underwear, Colgate's Toilet Articles.

IN DRUGS

Just as in dry goods and clothing, some dealers run to cheap stuff at low prices, while others try to carry all grades.

We lean decidedly toward quality goods.

In drugs quality is more important than in other lines.

When we hand out a bottle of medicine, prepared according to a physician's prescription, we want to know that that medicine bears the stamp of quality, otherwise we won't be satisfied. If you like quality drugs you'll like our store.
