THAW FIGHTS LIKE MADMAN WHEN OFFICERS DEPORT HIM

Smashes Window With Bottle As He Is Dragged Down the Stairs.

RELEASED WHEN ACROSS BORDER

American Authorities Are Not at Hand to Take Him In Charge.

Dame Canada does not propose to fool round with the law; She is "Our Lady of the Snows," And doesn't want a Thaw.

THAW LOST OUT.

OTTAWA, Sept. 10.—Acting Minister of the Interior Doherty today rejected Thaw's appeal from the decision of the Immigration Board of Inquiry upholding the board's findings and ordering the deportation of Thaw forthwith. The order was promptly carried out.

JEROME NOTIFIED

COLEBROOK, Sept. 10.—Sheriff Drew this afternoon telegraphed Wm. Travers Jerome to come and take charge of Thaw.

THAW RE-ARRESTED.

COLEBROOK, N. H., Sept. 10.—Harry Thaw wandered about the hills of Coos County, New Hampshire, three hours today after being thrust across the Canadian border at Norton Mills and was re-arrested just before noon. Thaw made no resistance and was brought immediately to Colebrook.

COLEBROOK, Sept. 10.—Harry K. Thaw was rushed to the Vermont border at 8 o'clock this morning, being taken from the immigration pen without breakfast. The immigration officials said they were acting under orders of the Minister of Justice. Thaw screamed and fought like a mad man. On his way to the auto, Thaw shouted at the top of his lungs that he was being kidnapped, and the immigration officers sought to quiet him with the assurance that such was not the case. He fought like a lunatic and smashed a window with a bottle as the officers dragged him down stairs. Thaw was released by the Canadian immigration men when his auto crossed the Vermont line at Norton Mills, and Thaw was an absolutely free man as neither a representative of the state of Vermont or of the state of New York was on hand to take him. At Norton Mills, Thaw left the auto of the Canadian officials and climbed into a car of several newspaper correspondents who had accompanied him. They took him to Averill, four miles away, then to Stewartstown, N. H., and there stood about the village square of Stewartstown for fifteen minutes, no attempt being made to arrest him. He re-entered the auto without announcing his destination.

COLEBROOK, Sept. 10.—Armed with written orders to deport Thaw, issued by the Acting Minister of the Interior Doherty, Ottawa Blake Robertson, Assistant Superintendent of Immigration, came unheralded to Coatecok last night accompanied by his subordinates and two policemen. Robertson went to Thaw's quarters shortly before 8 o'clock this morning and found Thaw dressed and ready to start on what he calls his day's work. Robertson told Thaw he had orders to deport him to Vermont and ordered him to get ready at once, adding that an auto was waiting. Thaw's surprise turned to fury in a moment.

Hurl Bottle.

He refused to go and picking up a bottle, hurled it at Robertson. The missile went wide of its mark, crashed through a window and broke on the roadway outside. Robertson and his men then seized the prisoner and forcibly ejected him from the room. As Thaw was unceremoniously carried down the stairs to the auto he kicked and fought his captors, shouting that he was being kidnapped. Two Dominion policemen aided actively in placing Thaw in the auto. With the prisoner safe, the entire party, policemen and all, entered the car and was whirled away to the border.

All Taken By Surprise.

Few villagers watched the struggle. Except for the principals they were the only persons in Coatecok who knew what was going on. None of the lawyers representing New York State were notified of the plan to deport Thaw and none of Thaw's lawyers had an inkling of it. Thaw was fifteen minutes away from the road to the international

TEUTONS STILL DETERMINED

Are Not Interested in Exhibiting at the World's 1915 Exposition.

BERLIN, Sept. 10.—The Commercial Treaty Association, an organization devoted to furthering Germany's export trade, today completed an independent investigation as to the advisability of Germany participating in the Panama-Pacific Exposition in San Francisco. It reached the same conclusion as the government commission and is against German participation. Only eight firms of manufacturers of lead toys and similar small specialties were found to be prepared to exhibit. Eight other concerns favored German participation, but would not exhibit by themselves. Seventy manufacturers opposed any representation and the failure of several scores of firms to reply to the association's request for information indicated that they were not interested.

HUGH MCCLAIN RETURNS HERE

Reports Business Conditions Improved in East—Ohio Senator Here.

Hugh McClain arrived home today from an extended eastern trip and reports a general improvement in business conditions throughout the East and Middle West. He visited many eastern cities, stopped in Washington and visited at his old home in Kansas. It was 109 in the shade in Kansas when he left there last Friday and that he is more than glad to get back to Coos Bay goes without saying. He says that of all the places he visited, none had a brighter outlook than this section. The corn crop in Kansas and nearby was hard hit by the drought and heat, but the wheat crop was good.

At Washington, he visited members of the Oregon delegation with the exception of Congressman Hawley, who was absent from Washington. Hawley had been away for about a month and even his Secretary wasn't there and so Mr. McClain could not take up with various Coos Bay matters that he intended discussing. Mr. McClain was pleased to hear that Senator Chamberlain had secured the enactment by the Senate of the bill permitting the closing of Mill Slough and is hopeful that the House will soon do likewise.

Turned Loose in Vermont.

When well within the state of Vermont the immigration officials stopped their car, deposited Thaw on the ground and told him he was free. They then drove back to the Canadian border.

Accompanied by Reporters.

COLEBROOK, Sept. 10.—Thaw in his wanderings was accompanied only by newspaper men. He did not know where to go. Leaving Norton Mills he stopped for a few minutes at Averill, Vermont, and leaving there doubled back into Canada, then re-entered Vermont at Canaan, then crossed the Connecticut River at Stewartson. No one attempted to detain him. Thaw when arrested was planning to strike the railroad and buy a through ticket to Detroit. He tried vainly to get into communication with his lawyers at Montreal, and falling in this he resumed his blind journey until detained by the Sheriff. The latter had no warrant, but held Thaw as a fugitive from justice.

RITCHIE--WEBB CONTEST IS OFF

Lightweight Champ Breaks Match Because No Purse Guaranteed.

SEATTLE, Sept. 10.—Willie Ritchie, lightweight champion pugilist of the world, passed through Seattle on his way to San Francisco today. He said he broke his match with Freddie Webb because the rich man who had promised to guarantee the purse, refused to make good. Ritchie's forfeit money, \$2500, was a check on a San Francisco bank, payment of which has been ordered stopped. Ritchie's next fight will be in New York in October with a man not yet named.

\$421,000,000 LOSS ON CORN

Greatest Wheat Crop in History of the Country is Predicted This Year.

WASHINGTON, D. C., Sept. 10.—Hot weather and drought have played havoc with the Nation's corn crop, causing a loss of \$421,000,000 between August 1 and September 1, according to Government crop reports. Since the first estimates were made on the corn crop this season, there has been a decline in the condition of corn amounting to 689,000,000 bushels. The combined crop of winter and spring wheat of the country is estimated at 754,000,000 bushels, the greatest wheat crop ever produced. The September crop report shows the condition of spring wheat to be 75.3 per cent, as compared with 74.1 on August 1, with a total production of 243,000,000, compared with 230,000,000 bushels last year. Potatoes show a condition of 69.5 per cent, compared with 78 per cent on August 1. The total production is 325,000,000 bushels, compared with 421,000,000 bushels last year. The production of hay is 63,000,000 tons, compared with 73,000,000 tons last year. The quality shows 91.7, compared with 92.1 last year. On apples, the condition is 47.7 per cent, compared with 52.2 per cent on August 1, and 54.4 per cent average condition on September 1 for the last ten years.

CAMERON IS UNDER ARREST

Former Agitator Publisher Taken Into Custody by U. S. Deputy Marshal.

Deputy United States Marshal Jackson arrived here today from Portland and arrested F. B. Cameron, formerly assistant editor of the "Agitator," on an indictment charging him with selling liquor with out a federal license. The arrest was made on an indictment returned last June when some of the Wasson boys and others from South Inlet were recalled to Portland to testify before the Federal Grand Jury. Cameron is to be taken to Portland for trial. Cameron is now out on bond pending an appeal to the Oregon Supreme Court on the charge of bootlegging.

PRESIDENT WILSON DETERMINED TO GET ACTION ON CURRENCY

CURRENCY BILL IS DEBATED

Tariff Revision Bill Ready for Wilson's Signature Within Ten Days.

WASHINGTON, D. C., Sept. 10.—The administration currency bill today started on its way to the statute books when Chairman Glass of the House banking committee, one of the fathers of the measure, opened the currency debate in the House. The Democrats hope to conclude the general debate on the bill this week and begin a detailed consideration on Monday.

WASHINGTON, D. C., Sept. 10.—The tariff revision bills went back to the House today and tomorrow will be considered by a joint committee. It was stated in the lobby that the measure would be ready for the President's signature within ten days.

NO REPORT BY GRAND JURORS

COQUILLE, Oregon, Sept. 10.—Contrary to expectation, the Coos County grand jury had not filed any report up to 3 o'clock this afternoon. Whether the finding will be reported this evening is not certain, but it may be. It is understood that one reason for the delay in the report was to give the grand jury more time to go over it as they will probably make an extended statement of their investigations.

Parties who have been keeping in close touch with the situation do not anticipate that any indictments will be found. Some started a report here that indictments might be returned against a few who were alleged to have mistreated one of the I. W. W. deposed with Secretary Edgeworth, and that those who spoke to Dr. Leach or told him to get on the boat at Bandon might be indicted, but it is not believed that they will. If anyone is indicted, it was said by some who are thought to be more or less familiar with the case, it will probably be Dr. Leach. It was reported today that the grand jury had followed up its telegraphic invitation to Dr. Leach to appear before the grand jury and testify by a subpoena for him, but this was denied by Deputy Sheriff Gage who has charge of the issuance of subpoenas. Leach has not replied to the telegraphic invitation. It was also reported that Special Prosecutor Ringo had arrived from Salem, but he had not made his presence known at either the County Clerk's office or the Sheriff's office. Today the grand jury has been investigating a number of other matters and this led to the belief that the I. W. W. probe had closed unless some new evidence was volunteered.

See I. W. W. At Work.

A. H. Powers of Marshfield, was called before the grand jury again yesterday afternoon and had with him spikes and lead slugs that were driven into the logs of the company and which were run into the saws at the mill. Some of the big spikes had been almost cut in two by the saws before the latter broke or were stopped. Mr. Powers charged that the I. W. W. had secretly put these devices in and almost resulted in serious accident to men around the saws. Other evidence of "sabotage" by the I. W. W. is also understood to have been secured by the grand jury.

L. W. Traver, of the Marshfield police force, was called but was not long examined.

Debate on Bill Will be Closed When House Adjourns Saturday Night.

SENATE WANTS TO REST BUT WILSON SAYS "NO"

President Took Up Proposition With Senate Steering Committee Early Today.

WORK DAY AND NIGHT

WASHINGTON, Sept. 10.—House Majority leader Underwood today put through a resolution closing the currency debate when the House adjourns Saturday night. Day and night sessions will be held in the meanwhile.

WORK DAY AND NIGHT

WASHINGTON, Sept. 10.—With the tariff bill virtually out of the way President Wilson took up the Currency Resolution early today with the Senate Steering Committee. Pacon expressed a desire that the Senate should take a few weeks rest before undertaking the passage of the Currency bill, but the President it was said, was determined to continue his insistence that the Currency question be disposed of as soon as possible.

KINNEY CASES TO BE UP SOON

Referee Riddle Will Hear Evidence in Waite Foreclosure Suit September 22.

Ira B. Riddle, Court Reporter of this district who was appointed referee to take testimony in the Waite and Shahan mortgage foreclosure suits against L. D. Kinney and his companies, has set September 22 as the date of beginning the hearing which will be held in the offices of Peck & Peck in Marshfield. There are several different actions by Mr. Waite against Kinney on his different mortgages and one of the J. N. Shahan estate vs. Kinney.

Just how long the hearing will take is uncertain. Major Kinney has admitted the Waite mortgages but claims to have paid all except the \$100,000 one and so this will resolve itself largely to an accounting.

Attorney Bryson will represent Receiver Waters in the hearing. Mr. Bryson has the checking of the abstracts and property pretty well completed and is now working on the various contracts for property.

Mr. Bryson will take action to stop the sale of the Kinney property for taxes as the property while in the Receiver's hands cannot be sold. He is at a loss to understand why the Kinney property was advertised for taxes when the receivership was on.

RAILWAY TO CHANGE TIME

New Train Schedule on Local Railroad After Next Monday—Changes Made.

Plans for a new schedule for the train service between Marshfield and Myrtle Point to become effective next Monday, Sept. 15, have been nearly completed by Supt. W. F. Miller.

Under the new schedule, the morning train will make Beaver Hill Junction Mondays and Thursdays of each week. At present, the afternoon train has been furnishing this service three times a week.

Under the new change, the morning train will continue to leave at 8 o'clock and return at 12:10 o'clock except Mondays and Thursdays when it will return at 12:40.

The afternoon train will leave at 2 o'clock each day and return at 5:45.
