Dedicated to the service of the people, that no good cause shall lack a champion, and that evil shall thrive unopposed.

Man may be the noblest work of God, but you can't make some of these Coos Bay married women believe it.

ATTEND THE FAIR.

THE second annual exhibition of the Coos and Curry County Fair Association opened at Myrtle Point yesterday and will continue four days.

This is vacation time for the farmers and an opportunity for everyone to take a day or two off and see the product of farm, dairy, mine and

workshop in this section of Oregon. It comes at the close of the merry harvest season and makes a new season of merriment for the prosperous agriculturist.

It is all to the good—economically, industrially and socially. The exhibits are excellent, the opportunities for friends and fellow citizens to meet and enrich the social life, and the sights seen and the recreation enjoyed have educational value.

Great are the attractions of the county fair and great is the opportunity for the people from the various parts of the country to renew old acquaintances and form new ones.

Take a day off and attend the fair at Myrtle Point. It will be well worth while.

THE WOMAN WAITS.

A changing light behind a half-drawn curtain; Through the blurred pane a woman's anxious face That peers and peers while fingers grope uncertain Along the sill and up the filmy lace.

Now live, now listless, as each foot-step passes— What untold strain that nervous hand relates,

So, in a whirl of hopes and fears and guesses, The woman waits.

D. C. Green says: "Of course Noah made the ark, but it took an electrical engineer to make the ark light."

AMONG THE SICK.

Captain T. J. Macgenn was reported much improved at his rooms at The Chandler today, his fever having left him.

J. V. Hodson, formerly a Coos River rancher and an official of Myrtle Lodge, K. of P., but now a member of the Pacific Grocery at North Bend, was reported critically ill yesterday. His illness is not due to drinking bad water out of a spring as was reported, but is due to an old ailment for which he underwent an operation a few years ago. His many friends are earnestly hoping for his recovery.

Miss Mable Mauzey has been sick with la grippe for the past week, but is some improved today. Geo. Parker who has been suffering from a severe attack of rheumatism is considerably improved.

SCHOFIELD NEWS

(Special to The Times.)

SCHOFIELD, Or., Sept. 11.—L. W. Sandberg and wife were passengers to Portland via Coos Bay and steamer Breakwater last week. Mr. Sandberg has been engineer on one of the Copenhagen dinky engines here for nearly a year and has made many friends during his stay.

M. J. Conlon is the new night engineer at the tunnel compressor and light plant, succeeding C. A. Naylor.

Prof. Gilbert Sprague, superintendent of the Drain schools, left to assume his duties on the 15th of this month. His family is costily housed in a new cottage on the Sprague homestead and expects to remain here during the winter.
