Others Follow

You probably have noticed that others follow the GOLDEN RULE. In a vain attempt to achieve something of our success we have been followed from one location to another. We do not object to this, in fact, we rather like it. However the secret of our success lies much deeper, and yet it is no secret. It is simply our success buying and selling force. Ability to make the right price. One of the most difficult things in the world. The Mercantile Highway is strewn with the wrecks of those who have tried and failed. Stais stress show that 95 per cent of all ventures in the mercantile world are failures. Some, after years of struggling, others in a few months meet the inevitable and pass on. Why? They lacked buying and selling force, ability to make the right price; also, perhaps, ability to keep expenses below the danger mark.

The GOLDEN RULE never expands until expansion is absolutely necessary. We never add to our expense until business will positively justify it. Ours is not the growth of a mushroom.

Ask your neighbors why they trade at the GOLDEN RULE. Nine chances out of ten you will get an answer something like this: "I can almost always get what I wish and at a better price." So we grow and so we will grow.

MOTHER KROH'S CROUP REMEDY

Croup is probably one of the most startling ailments peculiar to babyhood. If mothers are certain to keep a bottle of this preparation in their homes they will find

that much of the terror of this ailment is overcome.

MOTHER KROH'S LAXATIVE SYRUP A child's good health requires at least a daily movement of the bowels, but in infancy two, three and some-

times four movements are consistent with normal conditions. Authorities agree that when recourse to medicine be necessary, only the simplest and safest remedy be used. Such a preparation is Mother Kroh's Laxative Syrup, which is natural and gentle in its action, without nausea or griping, and does not produce bad after effects.

Near Accident .- This morning. while a number of passengers were waiting at the depot for the train to pull out, an accident occurred which might easily have resulted seriously. Mrs. J. W. Rooke, who has been visiting here and was leaving on the train, was standing on the platform holding to the hand rail of the coach with one hand. Without warning the train backed up and she lost her balance, but held onto the rail. She was dragged for several feet and had it not been for the presence of several friends who aspower 3-cylinder four cycle gas presence of several friends who as-engine at a big reduction. Cav-sisted her, she would have fallen under the train.

Get Fine Brick.—J. E. Walling has received a number of samples of brick burned for him at Butte, Mont., from six bags of clay that he shipped from here for a test. He is interested in the Butte brick-yards. The clay burned fine, several different kinds being turned out. Some fine soft building brick, glazed brick and vitirified brick were burn-ed, showing that the clay at the Summit, where he is building his plant can be used for making tile. sewer pipe or almost any kind of brick. They are on exhibit here now. Mr. Walling is making good progress with his plant and has re-ceived word that the heavy machinery will be routed via San Francisthe boats between Portland being unable to handle the eleven-ton machine.

IT PAYS TO DO BUSINESS RIGHT

\$29,500 insurance in "AETNA LIFE" has come to us unsolicited, except through advertising as to who, and where we are. This means that the "AETNA" with over \$100,000,000 assets is known and appreciated. IT MEANS that many people in this section give some thought to the obligations and responsibilities which they owe to their families and to their business. Such people do not have to be "button-holed" to do their duty. We have just such experiences in every department of our business, because we always treat patrons right.
