Co., which now has about 400 men employed, and between 50 and 75 families. A new chapel has been built and the district has voted a one-half mill tax, which will be between \$1300 and \$1500, for a new school house. The new brick yard at Summit, and the coal mine here, when they are in full blast, will make this one of the liveliest spots in Coos County.

 Wm. Cribbins has moved up beyond Myrtle Point.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You—Drink Lots of Water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.  
 The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.  
 Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the urinary organs clean, thus avoiding serious kidney disease.

VALUATION IS LOWERED

Board of Equalization Reduces Assessments About a Million.  
 The State Board of Equalization will convene within a few days, when the assessed valuation of railroad, telegraph and telephone properties in Coos County will be made known. The local Board of Equalization in reducing timberlands in ranges 9, 10, 11 and 12 20, 15, 10 and 5 per cent, respectively, cut the assessors figures from \$22,641,000 to approximately \$21,000,000, or about \$4,000,000 less than the estimated valuation of the County when Assessor Thrift announced, prior to inaugurating the work, that there would be an increase of about 25 per cent. The State Tax Commission will probably assess the corporations mentioned between \$300,000 and \$400,000, bringing the total up to in the neighborhood of \$21,400,000.—Coquille Sentinel.

TO CHANGE ROAD.

Plan for New Highway from Daniels Creek to Coquille.  
 It is now proposed to relocate the road from Daniels Creek to the poor farm and to make a passable thoroughfare thereof. This road really consists of two stretches—from Sumner over one divide to Daniels Creek, and from the same town over another divide to the poor farm, where it connects with the road from this city to Fairview. Both roads were built over thirty years ago, when road funds were scarce, and were laid out on grades of which the word "steep" conveys little idea. That part from Sumner to the poor farm has of late years fallen into disuse and is now hardly passable on horseback. An easy grade could undoubtedly be found over this divide, but it would require an entire relocation of from five to six miles of road. The same may be said of that part from Sumner to Daniels Creek, and probably ten miles of new road would furnish a direct outlet from Coos River to this part of the county.—Coquille Herald.

COQUILLE LEAGUE.

Following are the officers elected at the season's first meeting of the Educational League: Mrs. Laura Brandon, president; Mrs. C. T. Skeels, first vice-president; Mrs. C. A. Howard, second vice-president; Rev. F. H. Adams, member at large. The committee appointments are: Special Program, Rena Anderson, Earl Leslie, Naoma Knowlton; Press, Mrs. J. S. Lawrence, Mrs. Wm. Candlin; Membership, Mrs. L. P. Maury, B. H. Burns; Lecturers, R. S. Knowlton and C. A. Howard.—Coquille Herald.

FOOTBALL AT COQUILLE.

The high school boys propose to be in the game, so far as football is concerned, this winter, and for the past three weeks have been practicing at every opportunity. No regular coach has yet been chosen, but Art Walker is putting the men in shape with a little preliminary work. The lineup, so far, is as follows: Lawrence, center; Shelton, left guard; Hobson, left tackle; Watson, left end; Shelly, right guard; Avery, right tackle; "Brick" Leslie, right end; Miller (captain) quarter; "Spike" Leslie, full; Kern, left half; Mast, right half. Five or six more are making an effort to stick and it is not improbable that some changes may be made.—Coquille Herald.

NEW MEAT MARKET.

W. A. Darling has opened a meat market at the corner of B and Second streets, and the town is again blessed with two shops.—Coquille Herald.

WATSON TELLS OF ELECTION

Coos County Clerk Cites Court Decision That It is Not Special Election.

Editor of Coos Bay Times: Some days ago I read in the columns of your paper a criticism of my action in closing the registration period for registering electors by Hon. I. S. Smith.  
 I enclose copy of a letter received from Jno. Speed Smith, Chief Naturalization Examiner, as my authority for closing the registration period.  
 Yours truly,  
 JAMES WATSON,  
 County Clerk,  
 Clerk of the Circuit Court,  
 Coquille, Oregon.

Section 6 of the naturalization act of Congress of June 29, 1906, provides "that no person shall be naturalized nor shall any certificate of naturalization be issued by any court within thirty days preceding the holding of any general election within its territorial jurisdiction."  
 The United States District Court of Oregon, and the Circuit Court for Multnomah County, at Portland, Oregon, have recently decided that the election to be held throughout the State of Oregon on Tuesday, November 4, 1913, is a general election within the meaning of said section of the law and have directed that the final hearings on petitions for naturalization set during said thirty-day period be continued to some date subsequent to November 4, 1913.

It is requested that if there be any petitions filed in your court set for final hearing between October 5, and November 4, 1913, inclusive, you refer this letter to the judge of your court in order that he may determine whether naturalization during said period would be in contravention of the section of the law as set forth above. If he decides that it would be, you are requested to reset such petitions for hearing on some date subsequent to November 4, 1913, notifying this office of the new date set.

Thanking you for your courtesy in the matter, I am,  
 Very truly yours,  
 JNO. SPEED SMITH,  
 Chief Naturalization Examiner.

The changeable weather of early fall brings on coughs and colds that have a weakening effect on the system, and may become chronic. Use Foley's Honey and Tar Compound. It has a very soothing and healing effect on the irritated and inflamed air passages, and will help very quickly. It is a well known family medicine that gives results.
